(1) Immediate prior use, if any, of such property;

(2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in section 4(b) of article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution."; and

"163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(1) For districts with an average daily attendance of more than three hundred fifty in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue per weighted average daily attendance received by a district from the state aid calculation under subsections 1 and 4 of **[**this**]** section **163.031 as such section existed on July 1, 2008**, as applicable, and the classroom trust fund under section 163.043 shall not be less than the state

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision, multiplied by the weighted average daily attendance pursuant to section 163.036, less any increase in revenue received from the classroom trust fund under section 163.043;

(2) For districts with an average daily attendance of three hundred fifty or less in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue received by a district from the state aid calculation under subsections 1 and 4 of **[**this**]** section **163.031 as such section existed on July 1, 2008**, as applicable, and the classroom trust fund under section 163.043 shall not be less than the greater of state revenue received by a district in the 2004-05 or 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision;

(3) The department of elementary and secondary education shall make an addition in the payment amount specified in subsection 1 of this section to assure compliance with the provisions contained in this subsection.

3. School districts that meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. (b) An amount equal to at least seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 during the preceding school year; and

(c) Beginning in fiscal year 2008, as much as was spent per the second preceding year's weighted average daily attendance for certificated compensation and tuition expenditures the previous year from revenue produced by local and county tax sources in the teachers' fund, plus the amount of the incidental fund to teachers' fund transfer calculated to be local and county tax sources by dividing local and county tax sources in the incidental fund by total revenue in the incidental fund.

In the event a district fails to comply with this provision, the amount by which the district fails to spend funds as provided herein shall be deducted from the district's state revenue received under the provisions of subsections 1 and 2 of this section for the following year, provided that the state board of education may exempt a school district from this provision if the state board of education determines that circumstances warrant such exemption.

6. **(1)** If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced **price** lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced **price** lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Such amounts may be repaid by the district through the withholding of the amount of state aid.

(2) In the 2017-18 school year and in each subsequent school year, if a district experiences a decrease in its gifted program enrollment of twenty percent or more from the previous school year, an amount equal to the product of the difference between the number of students enrolled in the gifted program in the current school year and the number of students enrolled in the gifted program in the previous school year multiplied by six hundred eighty dollars shall be subtracted from the district's current year payment amount. The provisions of this subdivision shall apply to districts entitled to receive state aid payments under both subsections 1 and 2 of this section but shall not apply to any school district with an average daily attendance of three hundred fifty or less.

7. Notwithstanding any provision of law to the contrary, in any fiscal year during which the total formula appropriation is insufficient to fully fund the entitlement calculation of this section, the department of elementary and secondary education shall adjust the state adequacy target in order to accommodate the appropriation level for the given fiscal year. In no manner shall any payment modification be rendered for any district qualified to receive payments under subsection 2 of this section based on insufficient appropriations."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, WEDNESDAY, MAY 4, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

You will seek Me and find Me; when you seek Me with all your heart. (Jeremiah 29:13)

O Lord of Hosts, Our Loving God, who is calling on us to walk in Your ways, to accept Your truths, and to live Your life, grant that the intentions of our morning prayer this moment may be acceptable to You and our hearts be in harmony with Your Holy Will.

Help us to consider carefully our pilgrimage upon this earth, to measure the deeds of the past by our devotion to the present and our dedication for the future. When we think of what we could have done had we given ourselves wholly to You, we feel humble and are truly sorry for being too lazy or too critical.

In reverence and peace we come to You again and lay our supplications before You. Help us to right the wrongs we have done to others and give us grace to forgive those who wronged us. Enlighten our minds with truth, enlarge our hearts with charity, and enlist us in the struggle for fairness on our farms and peace in our cities.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed Eevie Ray Alonso to act an as Honorary Page for the Day, to serve without compensation.

The Journal of the sixty-third day was approved as printed.

(63) "Truck-trailer boat transporter combination", a boat transporter combination consisting of a straight truck towing a trailer using typically a ball and socket connection with the trailer axle located substantially at the trailer center of gravity rather than the rear of the trailer but so as to maintain a downward force on the trailer tongue;

House Amendment No. 1
to
House Amendment No. 4

AMEND House Amendment No. 4 to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 703, Page 1, Line 2, by deleting all of said line and inserting in lieu thereof the following:

"Page 1, Section A, Line 7, by inserting after all of said section and line the following:

"**60.700. For purposes of sections 60.700 to 60.708, the following terms shall mean:**

(1) "Accretion", the slow and imperceptible building up of riparian land by contiguous waters;

(2) "Avulsion", the sudden, perceptible change of a riverbed location, dividing a tract into two parts;

(3) "Low water mark", the water's edge, that being the only line continuously touched by the water and being the only way the riparian owner will have continuous access to the water;

(4) "Natural watercourse", a stream or body of water flowing in a definite channel with beds, sides, and banks that normally discharges into a larger stream or body of water. A natural watercourse provides more than mere surface drainage. The term does not include hollows, ravines, or sloughs. The existence of a channel is not, of itself, sufficient to establish the existence of a natural watercourse. The term shall not include surface water;

(5) "Navigable watercourse of the state", a natural watercourse that has been deemed navigable by a Missouri court;

(6) "Nonnavigable watercourse of the state", a natural watercourse that has not been deemed navigable by a Missouri court;

(7) "Public navigable watercourse", a natural watercourse that is or may be used for interstate commerce;

(8) "Reliction", the slow and imperceptible withdrawal or recession of waters, exposing as dray land that which was previously covered by water;

(9) "Riparian owner", the owner of land which is bounded or traversed by a natural watercourse, inclusive of the owner of the land on the shores of a lake;

(10) "Thalweg", the line of a watercourse that constitutes the lowest or deepest part of the channel;

(11) "Thread", the midpoint of a watercourse between the low water marks.

60.701. Nothing in sections 60.700 to 60.708 shall be construed to limit or expand any public easement for navigational or recreational purposes if such a right exists on a watercourse.

60.702. 1. A riparian owner has the right to the natural flow of the natural watercourse including its volume and purity, except as affected by the reasonable use by other riparian owners. The factors for determining the reasonableness of a particular use are:

(1) The purpose of the use;

(2) The suitability of the use to the natural watercourse;

(3) The economic value of the use;

(4) The social value of the use;

(5) The extent and amount of harm the use causes;

(6) The practicality of avoiding the harm by adjusting the use or method of use of one riparian owner or the other;

(7) The practicality of adjusting the quantity of water used by each riparian owner;

(8) The protection of existing values or water uses, lands, investments, and enterprises; and

(9) The justice of requiring the user causing the harm to bear the loss.

2. A riparian owner has title in fee to the low water mark of a navigable watercourse of the state or a public navigable watercourse and to the thread of a nonnavigable watercourse.

3. A riparian owner has the right of access to the water from the riparian owner's frontage including the right to wharf out, provided the riparian owner does not interfere with the public's right of navigation and floatage.

4. Riparian rights or regulations shall not attach to artificial watercourses such as farm ponds or dug drains. Riparian rights shall attach to artificially enlarged watercourses such as reservoirs in streams or rivers.

60.704. 1. If a watercourse is navigable, the bed of the watercourse below the low water mark belongs to the state. A riparian owner along a navigable watercourse of the state or a public navigable watercourse shall not own to the middle thereof, but only to the water's edge at its low water mark.

2. If a watercourse is nonnavigable, the bed of the watercourse belongs to the riparian owner of the land if the watercourse is bounded on both sides by the same riparian owner's land. Absent a showing of contrary intent, if a watercourse is nonnavigable and is the dividing line between landowners, the owner of each side owns to the thread of the watercourse. A contrary intent may be found if the deed makes a specific reference other than to the nonnavigable watercourse.

3. No adjoining parts of a watercourse shall be considered navigable unless they are deemed navigable by a Missouri court.

60.706. 1. Accretions along a watercourse or island belong to the riparian owner against whose property the accretions were deposited. The riparian owner becomes the owner of the property formed at the time of the accretion.

2. Accretion caused by dikes, by filling or dumping along the shore, or by other artificial means shall be subject to the same ownership rights as if caused naturally. However, no riparian owner shall claim title to any land added by accretion caused by an artificial condition he or she created.

3. If all or a part of the bank or island is washed away by a navigable watercourse of the state or a public navigable watercourse, the riparian owner's title to the part washing away ceases and vests in the state as successor. If the space washed away afterward becomes dry land and only part was washed away, the riparian owner may reacquire title by accretion. If all was washed away, the riparian owner cannot acquire title by accretion. Washing away obliterates lines in a watercourse, and new accretion shall be measured as though the old lines never existed.

60.708. 1. The line between counties divided by a navigable watercourse of the state or a public navigable watercourse shall be the thread of the watercourse. A slow, imperceptible, and gradual change of the watercourse due to accretion or reliction shall change the county line, but a sudden change by avulsion shall not.

2. If a watercourse forms the boundary between adjoining property owners, a slow, imperceptible, and gradual change of the watercourse due to accretion or reliction shall change the boundary, but a sudden change by avulsion shall not."; and

The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely for the purpose of implementing the commission's plan for primary restoration projects for areas affected by lead mining in southeast Missouri. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund."; and

If there is no purchaser, the property shall revert to the ownership of the county government.**

2. Any agreement, condition, restriction, dedication, covenant, or other encumbrance included in the conveyance of land required in subsection 1 of this section shall be considered null, void, and unenforceable upon the effective date of this section.

3. As a condition of the sale of this property, the purchaser shall agree to the following covenant appurtenant, which shall be included in the conveyance following the property description and shall remain in effect on this property for a specifically limited amount of time as any agency of the state of Missouri exists to permit, restrict, regulate, and otherwise harass Missouri citizens and businesses, for the purported purpose of environmental restoration, preservation, and protection:
"Provided that this property shall never be sold to, leased, or otherwise controlled by a state or federal agency.".

4. After August 28, 2016, the department of natural resources and all other state departments, agencies, or entities shall not purchase any property interest in a county of the third classification without a township form of government and with more than ten thousand but fewer than twelve thousand inhabitants and with a city of the fourth classification with more than eight hundred but fewer than nine hundred inhabitants as the county seat through legal settlement funds administered in whole or in part by the department of natural resources.

5. Any taxpayer of the state shall have standing to enforce the provisions of this section and, in addition to specific performance, shall be entitled to reasonable attorney's fees.

6. The provisions of this section shall be construed to include any leasehold, option contracts, or easement rights acquired by any state department, agency, or entity.

7. The provisions of this section are severable. If any part of this section is declared invalid or unconstitutional, it is the intent of the legislature that the remaining portions of this section shall remain and be in full force and effect.

8. The provisions of this section shall expire on August 28, 2017."; and

640.800. 1. The department of natural resources shall not implement or enforce any portion of a federal proposed rule finalized after January 1, 2015, to revise or provide guidance on the regulatory definition of "waters of the United States" or "navigable waters" under the federal Clean Water Act, as amended, 33 U.S.C. Section 1251 et seq., without the approval of the general assembly.

2. For the purposes of establishing regulations, conditions, or permit requirements, no federal agency shall make a determination or designate any watercourse within the state of Missouri as navigable."; and

THIRD READING OF SENATE BILLS

SCS SB 638, relating to civics education, was taken up by Representative Swan.

Representative Swan offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Committee Substitute for Senate Bill No. 638, Page 1, In the Title, Line 3, by deleting the phrase "civics education" and inserting in lieu thereof the phrase "elementary and secondary education"; and

Further amend said bill and page, Section A, Line 3, by inserting after all of said section and line the following:

"**167.903. 1. Each student prior to his or her ninth grade year at a public school, including a charter school, may develop with help from the school's guidance counselors a personal plan of study, which shall be reviewed regularly, as needed by school personnel and the student's parent or guardian and updated based upon the needs of the student. Each plan shall present a sequence of courses and experiences that conclude with the student reaching his or her postsecondary goals, with implementation of the plan of study transferring to the program of postsecondary education or training upon the student's high school graduation. The plan shall include, but not be limited to:**

(1) Requirements for graduation from the school district or charter school;

(2) Career or postsecondary goals;

(3) Coursework or program of study related to career and postsecondary goals, which shall include, if relevant, opportunities that the district or school may not directly offer;

(4) Grade-appropriate and career-related experiences, as outlined in the grade-level expectations of the Missouri comprehensive guidance program; and

(5) Student assessments, interest inventories, or academic results needed to develop, review, and revise the personal plan of study, which shall include, if relevant, assessments, inventories, or academic results that the school district or charter school may not offer.

2. Each school district shall adopt a policy to permit the waiver of the requirements of this section for any student with a disability if recommended by the student's IEP committee. For purposes of this subsection, "IEP" means individualized education program.

167.905. 1. By July 1, 2018, each school district shall develop a policy and implement a measurable system for identifying students in their ninth grade year, or students who transfer into the school subsequent to their ninth grade year, who are at risk of not being ready for college-level work or for entry-level career positions. Districts shall include, but are not limited to, the following sources of information:

(1) A student's performance on the Missouri assessment program test in eighth grade in English language arts and mathematics;

(2) A student's comparable statewide assessment performance if such student transferred from another state;

(3) The district's overall reported remediation rate under section 173.750; and

(4) A student's attendance rate.

2. The district policy shall require academic and career counseling to take place prior to graduation so that the school may attempt to provide sufficient opportunities to the student to graduate college-ready or career-ready and on time.

3. Each school district shall adopt a policy to permit the waiver of the requirements of this section for any student with a disability if recommended by the student's IEP committee. For purposes of this subsection, "IEP" means individualized education program.

167.950. 1. (1) By December 31, 2017, the department of elementary and secondary education shall develop guidelines for the appropriate screening of students for dyslexia and related disorders and the necessary classroom support for students with dyslexia and related disorders. Such guidelines shall be consistent with the findings and recommendations of the task force created under section 633.420.

(2) In the 2018-19 school year and subsequent years, each public school, including each charter school, shall conduct dyslexia screenings for students in the appropriate year consistent with the guidelines developed by the Department of Elementary and Secondary Education.

(3) In the 2018-19 school year and subsequent years, the school board of each district and the governing board of each charter school shall provide reasonable classroom support consistent with the guidelines developed by the Department of Elementary and Secondary Education.

2. In the 2018-19 school year and subsequent years, the practicing teacher assistance programs established under section 168.400 shall include two hours of in-service training provided by each local school district for all practicing teachers in such district regarding dyslexia and related disorders. Each charter school shall also offer all of its teachers two hours of training on dyslexia and related disorders. Districts and charter schools may seek assistance from the department of elementary and secondary education in developing and providing such training. Completion of such training shall count as two contact hours of professional development under section 168.021.

3. For purposes of this section, the following terms mean:

(1) "Dyslexia", a disorder that is neurological in origin, characterized by difficulties with accurate and fluent word recognition and poor spelling and decoding abilities that typically result from a deficit in the phonological component of language, often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction, and of which secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge. Nothing in this definition shall require a student with dyslexia to obtain an individualized education program (IEP) unless the student has otherwise met the federal conditions necessary;

(2) "Dyslexia screening", a short test conducted by a teacher or school counselor to determine whether a student likely has dyslexia or a related disorder in which a positive result does not represent a medical diagnosis but indicates that the student could benefit from approved support;

(3) "Related disorders", disorders similar to or related to dyslexia, such as developmental auditory imperception, dysphasia, specific developmental dyslexia, developmental dysgraphia, and developmental spelling disability;

(4) "Support", low-cost and effective best practices, such as oral examinations and extended test-taking periods, used to support students who have dyslexia or any related disorder.

4. The state board of education shall promulgate rules and regulations for each public school to screen students for dyslexia and related disorders. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

5. Nothing in this section shall require the MO HealthNet program to expand the services that it provides."; and

Further amend said bill, Page 3, Section 170.345, Line 14, by deleting the word "**institution**" and inserting in lieu thereof the word "**institutions**"; and

Further amend said bill, Page 4, Section 170.350, Line 14, by inserting immediately after said line the following:

"173.750. 1. By July 1, 1995, the coordinating board for higher education, within existing resources provided to the department of higher education and by rule and regulation, shall have established and implemented a procedure for annually reporting the performance of graduates of public high schools in the state during the student's initial year in the public colleges and universities of the state. The purpose of such reports shall be to assist in determining how high schools are preparing students for successful college and university performance. The report produced pursuant to this subsection shall annually be furnished to the state board of education for reporting pursuant to subsection 4 of section 161.610 and shall not be used for any other purpose **until such time that a standard process and consistent, specific criteria for determining a student's need for remedial coursework is agreed upon by the coordinating board for higher education, higher education institutions, and the state board of education**.

2. The procedures shall be designed so that the reporting is made by the name of each high school in the state, with individual student data to be grouped according to the high school from which the students graduated. The data in the reports shall be disaggregated by race and sex. The procedures shall not be designed so that the reporting contains the name of any student. No grade point average shall be disclosed under subsection 3 of this section in any case where three or fewer students from a particular high school attend a particular college or university.

3. The data reported shall include grade point averages after the initial college year, calculated on, or adjusted to, a four point grade scale; the percentage of students returning to college after the first and second half of the initial college year, or after each trimester of the initial college year; the percentage of students taking noncollege level classes in basic academic courses during the first college year, or remedial courses in basic academic subjects of English, mathematics, or reading; and other such data as determined by rule and regulation of the coordinating board for higher education.

4. The department of elementary and secondary education shall conduct a review of its policies and procedures relating to remedial education in light of the best practices in remediation identified as required by subdivision (6) of subsection 2 of section 173.005 to ensure that school districts are informed about best practices to reduce the need for remediation. The department shall present its results to the joint committee on education by October 31, 2017."; and

Further amend said bill, Pages 4-7, Section 633.420, Lines 1-110, by deleting all of said section and lines and inserting in lieu thereof the following:

Nothing in this section shall prohibit a district from assessing students for dyslexia and offering students specialized reading instruction if a determination is made that a student suffers from dyslexia. Unless required by federal law, nothing in this definition shall require a student with dyslexia to be automatically determined eligible as a student with a disability.**

14. No sponsor shall grant a charter under sections 160.400 to 160.425 and 167.349 without ensuring that a criminal background check and family care safety registry check are conducted for all members of the governing board of the charter schools or the incorporators of the charter school if initial directors are not named in the articles of incorporation, nor shall a sponsor renew a charter without ensuring a criminal background check and family care **safety** registry check are conducted for each member of the governing board of the charter school.

(4) The sponsor's intervention, renewal, and revocation policies, including the conditions under which the charter sponsor may intervene in the operation of the charter school, along with actions and consequences that may ensue, and the conditions for renewal of the charter at the end of the term, consistent with subsections 8 and 9 of section 160.405;

(5) Additional criteria that the sponsor will use for ongoing oversight of the charter; and

(6) Procedures to be implemented if a charter school should close, consistent with the provisions of subdivision (15) of subsection 1 of section 160.405.

The department shall provide guidance to sponsors in developing such policies and procedures.

The state board shall evaluate sponsors to determine compliance with these standards every three years. The evaluation shall include a sponsor's policies and procedures in the areas of charter application approval; required charter agreement terms and content; sponsor performance evaluation and compliance monitoring; and charter renewal, intervention, and revocation decisions. Nothing shall preclude the department from undertaking an evaluation at any time for cause.

(2) If the department determines that a sponsor is in material noncompliance with its sponsorship duties, the sponsor shall be notified and given reasonable time for remediation. If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and

thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

(4) If the state board removes the authority to sponsor a currently operating charter school under any provision of law, the Missouri charter public school commission shall become the sponsor of the school.

18. If a sponsor notifies a charter school of closure under subsection 8 of section 160.405, the department of elementary and secondary education shall exercise its financial withholding authority under subsection 12 of section 160.415 to assure all obligations of the charter school shall be met. The state, charter sponsor, or resident district shall not be liable for any outstanding liability or obligations of the charter school.

160.403. 1. The department of elementary and secondary education shall establish an annual application and approval process for all entities eligible to sponsor charters as set forth in section 160.400 which are not sponsoring a charter school as of August 28, 2012**, except that the Missouri charter public school commission shall not be required to undergo the application and approval process**. No later than November 1, 2012, the department shall make available information and guidelines for all eligible sponsors concerning the opportunity to apply for sponsoring authority under this section.

2. The application process for sponsorship shall require each interested eligible sponsor**, except for the Missouri charter public school commission,** to submit an application by February first that includes the following:

(1) Written notification of intent to serve as a charter school sponsor in accordance with sections 160.400 to 160.425 and section 167.349;

(2) Evidence of the applicant sponsor's budget and personnel capacity;

(3) An outline of the request for proposal that the applicant sponsor would, if approved as a charter sponsor, issue to solicit charter school applicants consistent with sections 160.400 to 160.425 **and section 167.349**;

(5) The applicant sponsor's renewal, revocation, and nonrenewal processes consistent with section 160.405.

3. By April first of each year, the department shall decide whether to grant or deny a sponsoring authority to a sponsor applicant. This decision shall be made based on the applicant **[**charter's**] sponsor's** compliance with sections 160.400 to 160.425 **and section 167.349** and properly promulgated rules of the department.

4. Within thirty days of the department's decision, the department shall execute a renewable sponsoring contract with each entity it has approved as a sponsor. The term of each authorizing contract shall be six years and renewable. **[**No eligible sponsor which is not currently sponsoring a charter school as of August 28, 2012, shall commence charter sponsorship without approval from the state board of education and a sponsor contract with the state board of education in effect.**]**

160.405. 1. A person, group or organization seeking to establish a charter school shall submit the proposed charter, as provided in this section, to a sponsor. If the sponsor is not a school board, the applicant shall give a copy of its application to the school board of the district in which the charter school is to be located and to the state board of education, within five business days of the date the application is filed with the proposed sponsor. The school board may file objections with the proposed sponsor, and, if a charter is granted, the school board may file objections with the state board of education. The charter shall **[**be**] include** a legally binding performance contract that describes the obligations and responsibilities of the school and the sponsor as outlined in sections 160.400 to 160.425 and section 167.349 and shall **[**also include**] address the following**:

(7) A description of the charter school's pupil performance standards and academic program performance standards, which shall meet the requirements of subdivision (6) of subsection 4 of this section. The charter school program shall be designed to enable each pupil to achieve such standards and shall contain a complete set of indicators, measures, metrics, and targets for academic program performance, including specific goals on graduation rates and standardized test performance and academic growth;

(8) A description of the charter school's educational program and curriculum;

(9) The term of the charter, which shall be five years and **[**shall**] may** be **[**renewable**] renewed**;

(10) Procedures, consistent with the Missouri financial accounting manual, for monitoring the financial accountability of the charter, which shall meet the requirements of subdivision (4) of subsection 4 of this section;

(11) Preopening requirements for applications that require that charter schools meet all health, safety, and other legal requirements prior to opening;

(12) A description of the charter school's policies on student discipline and student admission, which shall include a statement, where applicable, of the validity of attendance of students who do not reside in the district but who may be eligible to attend under the terms of judicial settlements and procedures that ensure admission of students with disabilities in a nondiscriminatory manner;

(13) A description of the charter school's grievance procedure for parents or guardians;

(14) A description of the agreement **and time frame for implementation** between the charter school and the sponsor as to when a sponsor shall intervene in a charter school, when a sponsor shall revoke a charter for failure to comply with subsection 8 of this section, and when a sponsor will not renew a charter under subsection 9 of this section;

(15) Procedures to be implemented if the charter school should close, as provided in subdivision (6) of subsection 16 of section 160.400 including:

(16) A description of the special education and related services that shall be available to meet the needs of students with disabilities; and

(17) For all new or revised charters, procedures to be used upon closure of the charter school requiring that unobligated assets of the charter school be returned to the department of elementary and secondary education for their disposition, which upon receipt of such assets shall return them to the local school district in which the school was located, the state, or any other entity to which they would belong.

Charter schools operating on August 27, 2012, shall have until August 28, 2015, to meet the requirements of this subsection.

2. Proposed charters shall be subject to the following requirements:

(1) A charter shall be submitted to the sponsor, and follow the sponsor's policies and procedures for review and granting of a charter approval, and be approved by the state board of education by **[**December first of the year**] January thirty-first** prior to **the school year of** the proposed opening date of the charter school;

(2) A charter may be approved when the sponsor determines that the requirements of this section are met, determines that the applicant is sufficiently qualified to operate a charter school, and that the proposed charter is consistent with the sponsor's charter sponsorship goals and capacity. The sponsor's decision of approval or denial shall be made within ninety days of the filing of the proposed charter;

(3) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial and forward a copy to the state board of education within five business days following the denial;

(4) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section, that the applicant is sufficiently qualified to operate the charter school, and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter, provided that any charter to be considered by the state board of education under this subdivision shall be submitted no later than March first prior to the school year in which the charter school intends to begin operations. The state board of education shall notify the applicant in writing as the reasons for its denial, if applicable; and

(5) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining high school credits for graduation, has dropped out of school, is at risk of dropping out of school, needs drug and alcohol treatment, has severe behavioral problems, has been suspended from school three or more times, has a history of severe truancy, is a pregnant or parenting teen, has been referred for enrollment by the judicial system, is exiting incarceration, is a refugee, is homeless or has been homeless sometime within the preceding six months, has been referred by an area school district for enrollment in an alternative program, or qualifies as high risk under department of elementary and secondary education guidelines. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, the charter application shall be submitted to the state board of education, along with a statement of finding **by the sponsor** that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the charter sponsor shall evaluate the academic performance**, including annual performance reports,** of students enrolled in the charter school. The state board of education **[**may, within sixty days, disapprove the granting of the charter**] shall approve or deny a charter application within sixty days of receipt of the application**. The state board of education may **[**disapprove**] deny** a charter on grounds that the application fails to meet the requirements of sections 160.400 to 160.425 and section 167.349 or that a charter sponsor previously failed to meet the statutory responsibilities of a charter sponsor. **Any denial of a charter application made by the state board of education shall be in writing and shall identify the specific failures of the application to meet the requirements of sections 160.400 to 160.425 and section 167.349, and the written denial shall be provided within ten business days to the sponsor.**

4. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state, county, or city relating to health, safety, and state minimum educational standards, as specified by the state board of education, including the requirements relating to student discipline under sections 160.261, 167.161, 167.164, and 167.171, notification of criminal conduct to law enforcement authorities under sections 167.115 to 167.117, academic assessment under section 160.518, transmittal of school records under section 167.020, the minimum **[**number of school days and hours**] amount of school time** required under section **[**160.041**] 171.031**, and the employee criminal history background check and the family care safety registry check under section 168.133;

(3) Except as provided in sections 160.400 to 160.425 **and as specifically provided in other sections**, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, publish audit reports and annual financial reports as provided in chapter 165, provided that the annual financial report may be published on the department of elementary and secondary education's internet website in addition to other publishing requirements, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies and comply with all federal audit requirements for charters with local **[**education**] educational** agency status. For purposes of an audit by petition under section

29.230, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700. A charter school that incurs debt shall include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from **[**kindergarten**]** **early childhood** through grade twelve, **[**which may include early childhood education if funding for such programs is established by statute,**]** as specified in its charter;

(6) (a) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, establish baseline student performance in accordance with the performance contract during the first year of operation, collect student performance data as defined by the annual performance report throughout the duration of the charter to annually monitor student academic performance, and to the extent applicable based upon grade levels offered by the charter school, participate in the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, which shall also include a statement that background checks have been completed on the charter school's board members, **and** report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof**[**, and provide data required for the study of charter schools pursuant to subsection 4 of section 160.410**]**. No charter school shall be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program.

(b) For proposed **[**high risk**] high-risk** or alternative charter schools, sponsors shall approve performance measures based on mission, curriculum, teaching methods, and services. Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a **[**high risk**] high-risk** or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.

(c) Nothing in this subdivision shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter. The performance standards for alternative and special purpose charter schools that target high-risk students as defined in subdivision (5) of subsection 2 of this section shall be based on measures defined in the school's performance contract with its sponsors;

(7) Comply with all applicable federal and state laws and regulations regarding students with disabilities, including sections 162.670 to 162.710, the Individuals with Disabilities Education Act (20 U.S.C. Section 1400) and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794) or successor legislation;

(8) Provide along with any request for review by the state board of education the following:

(a) Documentation that the applicant has provided a copy of the application to the school board of the district in which the charter school is to be located, except in those circumstances where the school district is the sponsor of the charter school; and

(b) A statement outlining the reasons for approval or **[**disapproval**] denial** by the sponsor, specifically addressing the requirements of sections 160.400 to 160.425 and 167.349.

5. (1) Proposed or existing high-risk or alternative charter schools may include alternative arrangements for students to obtain credit for satisfying graduation requirements in the school's charter application and charter. Alternative arrangements may include, but not be limited to, credit for off-campus instruction, embedded credit, work experience through an internship arranged through the school, and independent studies. When the state board of education approves the charter, any such alternative arrangements shall be approved at such time.

(2) The department of elementary and secondary education shall conduct a study of any charter school granted alternative arrangements for students to obtain credit under this subsection after three years of operation to assess student performance, graduation rates, educational outcomes, and entry into the workforce or higher education.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations during the first year of operation and then

every other year after the most recent review or at any point where the operation or management of the charter school is changed or transferred to another entity, either public or private. The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. Sponsors shall annually review the charter school's compliance with statutory standards including:

(1) Participation in the statewide system of assessments, as designated by the state board of education under section 160.518;

(2) Assurances for the completion and distribution of an annual report card as prescribed in section 160.522;

(3) The collection of baseline data during the first three years of operation to determine the longitudinal success of the charter school;

(4) A method to measure pupil progress toward the pupil academic standards adopted by the state board of education under section 160.514; and

(5) Publication of each charter school's annual performance report.

8. (1) (a) A sponsor's **[**intervention**]** policies shall give schools clear, adequate, evidence-based, and timely notice of contract violations or performance deficiencies and mandate intervention based upon findings of the state board of education of the following:

a. The charter school provides a high school program which fails to maintain a graduation rate of at least seventy percent in three of the last four school years unless the school has dropout recovery as its mission;

b. The charter school's annual performance report results are below the district's annual performance report results based on the performance standards that are applicable to the grade level configuration of both the charter school and the district in which the charter school is located in three of the last four school years; and

c. The charter school is identified as a persistently lowest achieving school by the department of elementary and secondary education.

(b) A sponsor shall have a policy to revoke a charter during the charter term if there is:

a. Clear evidence of underperformance as demonstrated in the charter school's annual performance report in three of the last four school years; or

b. A violation of the law or the public trust that imperils students or public funds.

(c) A sponsor shall revoke a charter or take other appropriate remedial action, which may include placing the charter school on probationary status for no more than **[**twelve**] twenty-four** months, provided that no more than one designation of probationary status shall be allowed for the duration of the charter contract, at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet the performance contract as set forth in its charter, failure to meet generally accepted standards of fiscal management, failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.425 and 167.349 within forty-five days following receipt of written notice requesting such information, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, which may require a change of methodology, a change in leadership, or both, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the governing board of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's governing board may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to an appeal to the state board of education, which shall determine whether the charter shall be revoked.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

9. (1) A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.425 and 167.349. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.425 and 167.349 in a timely manner to its sponsor.

(2) The sponsor's renewal process of the charter school shall be based on the thorough analysis of a comprehensive body of objective evidence and consider if:

(a) The charter school has maintained results on its annual performance report that meet or exceed the district in which the charter school is located based on the performance standards that are applicable to the grade-level configuration of both the charter school and the district in which the charter school is located in three of the last four school years;

(b) The charter school is organizationally and fiscally viable determining at a minimum that the school does not have:

a. A negative balance in its operating funds;

b. A combined balance of less than three percent of the amount expended for such funds during the previous fiscal year; or

c. Expenditures that exceed receipts for the most recently completed fiscal year;

(c) The charter is in compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349**; and**

(d) The charter school has an annual performance report consistent with a classification of accredited for three of the last four years and is fiscally viable as described in paragraph (b) of this subdivision. If such is the case, the charter school may have an expedited renewal process as defined by rule of the department of elementary and secondary education.

(3) (a) Beginning August first during the year in which a charter is considered for renewal, a charter school sponsor shall demonstrate to the state board of education that the charter school is in compliance with federal and state law as provided in sections 160.400 to 160.425 and section 167.349 and the school's performance contract including but not limited to those requirements specific to academic performance.

(b) Along with data reflecting the academic performance standards indicated in paragraph (a) of this subdivision, the sponsor shall submit a revised charter application to the state board of education for review.

(c) Using the data requested and the revised charter application under paragraphs (a) and (b) of this subdivision, the state board of education shall determine if compliance with all standards enumerated in this subdivision has been achieved. The state board of education at its next regularly scheduled meeting shall vote on the revised charter application.

(d) If a charter school sponsor demonstrates the objectives identified in this subdivision, the state board of education shall renew the school's charter.

10. A school district may enter into a lease with a charter school for physical facilities.

11. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

12. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756.

13. Any entity, either public or private, operating, administering, or otherwise managing a charter school shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035.

14. The chief financial officer of a charter school shall maintain:

(1) A surety bond in an amount determined by the sponsor to be adequate based on the cash flow of the school; or

(2) An insurance policy issued by an insurance company licensed to do business in Missouri on all employees in the amount of five hundred thousand dollars or more that provides coverage in the event of employee theft.

15. The department of elementary and secondary education shall calculate an annual performance report for each charter school and shall publish it in the same manner as annual performance reports are calculated and published for districts and attendance centers.

16. The joint committee on education shall create a committee to investigate facility access and affordability for charter schools. The committee shall be comprised of equal numbers of the charter school sector and the public school sector and shall report its findings to the general assembly by December 31, 2016.

160.408. 1. For purposes of this section, "high-quality charter school" means a charter school operating in the state of Missouri that meets the following requirements:

(1) Receives eighty-five percent or more of the total points on the annual performance report for three out of the last four school years by comparing points earned to the points possible on the annual performance report for three of the last four school years;

(2) Maintains a graduation rate of at least eighty percent for three of the last four school years, if the charter school provides a high school program;

(3) Is in material compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349; and

(4) Is organizationally and fiscally viable as described in paragraph (b) of subdivision (2) of subsection 9 of section 160.405.

2. Notwithstanding any other provision of law, high-quality charter schools shall be provided expedited opportunities to replicate and expand into unaccredited districts, a metropolitan district, or an urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Such replication and expansion shall be subject to the following:

(1) The school seeking to replicate or expand shall submit its proposed charter to a proposed sponsor. The charter shall include a legally binding performance contract that meets the requirements of sections 160.400 to 160.425 and section 167.349;

(2) The sponsor's decision to approve or deny shall be made within sixty days of the filing of the proposed charter with the proposed sponsor;

(3) If a charter is approved by a sponsor, the charter application shall be filed with the state board of education with a statement of finding from the sponsor that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the sponsor shall evaluate the academic performance of students enrolled in the charter school. Such filing shall be made by January thirty-first prior to the school year in which the charter school intends to begin operations.

3. The term of the charter for schools operating under this section shall be five years, and the charter may be renewed for terms of up to ten years. Renewal shall be subject to the provisions of paragraphs (a) to (d) of subdivision (3) of subsection 9 of section 160.405.

160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates;

(2) Nonresident pupils eligible to attend a district's school under an urban voluntary transfer program;

(3) **Nonresident pupils who transfer from an unaccredited district under section 167.131, provided that the charter school is an approved charter school, as defined in section 167.131, and subject to all other provisions of section 167.131;**

(4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who resides in a residential care facility, a transitional living group home, or an independent living program whose last school of enrollment is in the school district where the charter school is established, who submits a timely application; and

[(4)**] (5)** In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission **and does not discriminate based on parents' ability to pay fees or tuition** except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; and

(3) Charter alternative and special purpose schools may also give a preference for admission to high-risk students, as defined in subdivision (5) of subsection 2 of section 160.405, when the school targets these students through its proposed mission, curriculum, teaching methods, and services.

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. Charter schools may limit admission based on gender only when the school is a single-gender school. Students of a charter school **[**that are present for the January membership count as defined in section 163.011**] who have been enrolled for a full academic year** shall be counted in the performance of the charter school on the statewide assessments in that calendar year, unless otherwise exempted as English language learners. **For purposes of this subsection, "full academic year" means the last Wednesday in September through the administration of the Missouri assessment program test without transferring out of the school and re-enrolling.**

[4. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with an equivalent group of district students representing an equivalent demographic and geographic population and a study of the impact of charter schools upon the constituents they serve in the districts in which they are located, to be conducted by the joint committee on education. The charter school study shall include analysis of the administrative and instructional practices of each charter school and shall include findings on innovative programs that illustrate best practices and lend themselves to replication or incorporation in other schools. The joint committee on education shall coordinate with individuals representing charter schools and the districts in which charter schools are located in conducting the study. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and an equivalent group of district students representing an equivalent demographic and geographic population. The student performance assessment and comparison shall include, but may not be limited to:

(1) Missouri assessment program test performance and aggregate growth over several years;

(2) Student reenrollment rates;

(3) Educator, parent, and student satisfaction data;

(4) Graduation rates in secondary programs; and

(5) Performance of students enrolled in the same public school for three or more consecutive years. If a charter school declares itself as a local **[**education**]** **educational** agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by

the school district or the department of elementary and secondary education, as appropriate. 13. Charter schools shall not have the power to acquire property by eminent domain.

14. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

Districts shall determine a child is gifted only if the child meets the definition of "gifted children" as provided in section 162.675.

163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(2) For districts with an average daily attendance of three hundred fifty or less in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue received by a district from the state aid calculation under subsections 1 and 4 of **[**this**]** section **163.031 as such section existed on July 1, 2008**, as applicable, and the classroom trust fund under section 163.043 shall not be less than the greater of state revenue received by a district in the 2004-05 or 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier;

3. School districts that meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. The categorical add-on for the district shall be the sum of: seventy-five percent of the district allowable transportation costs under section 163.161; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699. The categorical add-on revenue amounts may be adjusted to accommodate available appropriations.

4. For any school district meeting the eligibility criteria for state aid as established in section 163.021, but which is considered an option district under section 163.042 and therefore receives no state aid, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services as provided in section 163.042.

No less than seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 shall be placed in the teachers' fund. One hundred percent of revenue received under the provisions of section 163.161 shall be placed in the incidental fund. One hundred percent of revenue received under the provisions of sections 168.500 to 168.515 shall be placed in the teachers' fund.

(c) Beginning in fiscal year 2008, as much as was spent per the second preceding year's weighted average daily attendance for certificated compensation and tuition expenditures the previous year from revenue produced by local and county tax sources in the teachers' fund, plus the amount of the incidental fund to teachers' fund transfer calculated to be local and county tax sources by dividing local and county tax sources in the incidental fund by total revenue in the incidental fund.

In the event a district fails to comply with this provision, the amount by which the district fails to spend funds as provided herein shall be deducted from the district's state revenue received under the provisions of subsections 1 and 2 of this section for the following year, provided that the state board of education may exempt a school district from this provision if the state board of education determines that circumstances warrant such exemption.

6. **(1)** If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced **price** lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced **price** lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Such amounts may be repaid by the district through the withholding of the amount of state aid.

The provisions of this subdivision shall apply to districts entitled to receive state aid payments under both subsections 1 and 2 of this section but shall not apply to any school district with an average daily attendance of three hundred fifty or less.

7. Notwithstanding any provision of law to the contrary, in any fiscal year during which the total formula appropriation is insufficient to fully fund the entitlement calculation of this section, the department of elementary and secondary education shall adjust the state adequacy target in order to accommodate the appropriation level for the given fiscal year. In no manner shall any payment modification be rendered for any district qualified to receive payments under subsection 2 of this section based on insufficient appropriations."; and

"160.545. 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and

(3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they meet the other requirements of such subsection. For purposes of subdivision (5) of subsection 2 of this section, the nonpublic school shall be included in the partnership plan developed by the public school district in which the nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the nonpublic school shall establish measurable performance standards for the goals of the program for every school and grade level over which the nonpublic school maintains control.**

4. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

[4.**] 5.** By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

[5.**] 6.** For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

[6.**] 7.** For any school year, grants authorized by subsections 1, 2, and **[**4**] 5** of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection **[**7**] 8** of this section.

[7.**] 8.** The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the

limits established in subsection **[**9**]** **10** of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a **[**public**]** high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section; except that, students who are active duty military dependents, and students who are dependants of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the department of higher education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of the department; and

(4) Who is a citizen or permanent resident of the United States.

[8.**] 9.** The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

[9.**] 10.** For a two-year private vocational or technical school to obtain reimbursements under subsection **[**7**] 8** of this section, the following requirements shall be satisfied:

(1) Such two-year private vocational or technical school shall be a member of the North Central Association and be accredited by the Higher Learning Commission as of July 1, 2008, and maintain such accreditation;

(3) No two-year private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such college; and

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of Article IX, Section 8, or Article I, Section 7, of the Missouri Constitution or the first amendment of the United States Constitution."; and

When such deadline is violated, a special election may be held at the request of a political subdivision or district; however, when a special election is called to fill a vacancy, or present a ballot measure of any type, that could have been submitted at a regular election day, but for a violation of the ten week notice requirement of subsection 1 of this section, then all costs of such special election called by a political subdivision or special district shall be paid in full by such political subdivision or special district.** No court shall have the authority to order an individual or issue be placed on the ballot less than six weeks before the date of the election, except as provided in sections 115.361 and 115.379."; and

(2) Any employing unit which for some portion of a day in each of twenty different calendar weeks, whether or not such weeks were consecutive, in either the current or the preceding calendar year, had in employment at least one individual (irrespective of whether the same individual was in employment in each such day); except that for the purposes of this definition, services performed in "agricultural labor" as defined in paragraph (a) of subdivision (1) of subsection 12 of section 288.034 and in "domestic services" as defined in subdivisions (2) and (13) of subsection 12 of section 288.034 shall not be considered;

(3) Any governmental entity for which service in employment as defined in subsection 7 of section 288.034 is performed;

(4) Any employing unit for which service in employment as defined in subsection 8 of section 288.034 is performed during the current or preceding calendar year;

(5) Any employing unit for which service in employment as defined in paragraph (b) of subdivision (1) of subsection 12 of section 288.034 is performed during the current or preceding calendar year;

(6) Any employing unit for which service in employment as defined in subsection 13 of section 288.034 is performed during the current or preceding calendar year;

(9) Any individual, type of organization or employing unit which, having become an employer, has not pursuant to section 288.080 ceased to be an employer;

(10) Any employing unit subject to the Federal Unemployment Tax Act or which, as a condition for approval of this law for full tax credit against the tax imposed by the Federal Unemployment Tax Act, is required, pursuant to such act, to be an employer pursuant to this law.

2. (1) Notwithstanding any other provisions of this law, any employer, individual, organization, partnership, corporation, other legal entity or employing unit that meets the definition of "lessor employing unit", as defined in subdivision (5) of this subsection, shall be liable for contributions on wages paid by the lessor employing unit to individuals performing services for client lessees of the lessor employing unit. Unless the lessor employing unit has timely complied with the provisions of subdivision (3) of this subsection, any employer, individual, organization, partnership, corporation, other legal entity or employing unit which is leasing individuals from any lessor employing unit shall be jointly and severally liable for any unpaid contributions, interest and penalties due pursuant to this law from any lessor employing unit attributable to wages for services performed for the client lessee entity by individuals leased to the client lessee entity, and the lessor employing unit shall keep separate records and submit separate quarterly contribution and wage reports for each of its client lessee entities. The certificate of deposit shall be pledged to the director until release by the director. As used in this subdivision, the term "certificate of deposit" means a certificate representing any deposit of funds in a state or federally chartered financial institution for a specified period of time which earns interest at a fixed or variable rate, where such funds cannot be withdrawn prior to a specified time without forfeiture of some or all of the earned interest.

(4) Any lessor employing unit which is currently engaged in the business of leasing individuals to client lessees shall comply with the provisions of subdivision (3) of this subsection by September 28, 1992. Lessor employing units not currently engaged in the business of leasing individuals to client lessees shall comply with subdivision (3) of this subsection before entering into a written lease agreement with client lessees.

5. Representative Hinson offered **House Amendment No. 2**.

House Amendment No. 2

AMEND Senate Bill No. 702, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"288.040. 1. A claimant who is unemployed and has been determined to be an insured worker shall be eligible for benefits for any week only if the deputy finds that:

(1) The claimant has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the division may prescribe;

(2) The claimant is able to work and is available for work. No person shall be deemed available for work unless such person has been and is actively and earnestly seeking work. Upon the filing of an initial or renewed claim, and prior to the filing of each weekly claim thereafter, the deputy shall notify each claimant of the number of work search contacts required to constitute an active search for work. No person shall be considered not available for work, pursuant to this subdivision, solely because he or she is a substitute teacher or is on jury duty. A claimant shall not be determined to be ineligible pursuant to this subdivision because of not actively and earnestly seeking work if:

(a) The claimant is participating in training approved pursuant to Section 236 of the Trade Act of 1974, as amended, (19 U.S.C.A. Sec. 2296, as amended);

(b) The claimant is temporarily unemployed through no fault of his or her own and has a definite recall date within eight weeks of his or her first day of unemployment; however, upon application of the employer responsible for the claimant's unemployment, such eight-week period may be extended not to exceed a total of sixteen weeks at the discretion of the director;

(3) The claimant has reported to an office of the division as directed by the deputy, but at least once every four weeks, except that a claimant shall be exempted from the reporting requirement of this subdivision if:

(a) The claimant is claiming benefits in accordance with division regulations dealing with partial or temporary total unemployment; or

(b) The claimant is temporarily unemployed through no fault of his or her own and has a definite recall date within eight weeks of his or her first day of unemployment; or

(c) The director of the division of employment security has determined that the claimant belongs to a group or class of workers whose opportunities for reemployment will not be enhanced by reporting, or is prevented from reporting due to emergency conditions that limit access by the general public to an office that serves the area where the claimant resides, but only during the time such circumstances exist.

Ineligibility pursuant to this subdivision shall begin on the first day of the week which the claimant was scheduled to claim and shall end on the last day of the week preceding the week during which the claimant does report to the division's office;

(4) Prior to the first week of a period of total or partial unemployment for which the claimant claims benefits he or she has been totally or partially unemployed for a waiting period of one week. No more than one waiting week will be required in any benefit year. During calendar year 2008 and each calendar year thereafter, the one-week waiting period shall become compensable once his or her remaining balance on the claim is equal to or less than the compensable amount for the waiting period. No week shall be counted as a week of total or partial unemployment for the purposes of this subsection unless it occurs within the benefit year which includes the week with respect to which the claimant claims benefits;

(5) The claimant has made a claim for benefits within fourteen days from the last day of the week being claimed. The fourteen-day period may, for good cause, be extended to twenty-eight days;

(6) The claimant has reported to an employment office to participate in a reemployment assessment and reemployment services as directed by the deputy or designated staff of an employment office, unless the deputy determines that good cause exists for the claimant's failure to participate in such reemployment assessment and reemployment services. For purposes of this section, "reemployment services" may include, but not be limited to, the following:

(a) Providing an orientation to employment office services;

(b) Providing job search assistance; and

(c) Providing labor market statistics or analysis;

Ineligibility under this subdivision shall begin on the first day of the week which the claimant was scheduled to report for the reemployment assessment or reemployment services and shall end on the last day of the week preceding the week during which the claimant does report in person to the employment office for such reemployment assessment or reemployment services;

(7) The claimant is participating in reemployment services, such as job search assistance services, as directed by the deputy if the claimant has been determined to be likely to exhaust regular benefits and to need reemployment services pursuant to a profiling system established by the division, unless the deputy determines that:

(a) The individual has completed such reemployment services; or

(b) There is justifiable cause for the claimant's failure to participate in such reemployment services.

2. A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds he or she is or has been suspended by his or her most recent employer for misconduct connected with his or her work. Suspensions of four weeks or more shall be treated as discharges.

3. (1) Benefits based on "service in employment", described in subsections 7 and 8 of section 288.034, shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this law; except that:

(a) With respect to service performed in an instructional, research, or principal administrative capacity for an educational institution, benefits shall not be paid based on such services for any week of unemployment commencing during the period between two successive academic years or terms, or during a similar period between two regular but not successive terms, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(b) With respect to services performed in any capacity (other than instructional, research, or principal administrative capacity) for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two successive academic years or terms if such individual performs such services in the first of such academic years or terms and there is a contract or a reasonable assurance that such individual will perform such services in the second of such academic years or terms;

(c) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits shall not be paid on the basis of such services to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performed such services in the period immediately before such vacation period or holiday recess, and there is reasonable assurance that such individual will perform such services immediately following such vacation period or holiday recess;

(d) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits payable on the basis of services in any such capacity shall be denied as specified in paragraphs (a), (b), and (c) of this subdivision to any individual who performed such services at an educational institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(2) If compensation is denied for any week pursuant to paragraph (b) or (d) of subdivision (1) of this subsection to any individual performing services at an educational institution in any capacity (other than instructional, research or principal administrative capacity), and such individual was not offered an opportunity to perform such services for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of paragraph (b) or (d) of subdivision (1) of this subsection.

4. (1) A claimant shall be ineligible for waiting week credit, benefits or shared work benefits for any week for which he or she is receiving or has received remuneration exceeding his or her weekly benefit amount or shared work benefit amount in the form of:

(a) Compensation for temporary partial disability pursuant to the workers' compensation law of any state or pursuant to a similar law of the United States;

(b) A governmental or other pension, retirement or retired pay, annuity, or other similar periodic payment which is based on the previous work of such claimant to the extent that such payment is provided from funds provided by a base period or chargeable employer pursuant to a plan maintained or contributed to by such employer; but, except for such payments made pursuant to the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law), the provisions of this paragraph shall not apply if the services performed for such employer by the claimant after the beginning of the base period (or remuneration for such services) do not affect eligibility for or increase the amount of such pension, retirement or retired pay, annuity or similar payment.

(2) If the remuneration referred to in this subsection is less than the benefits which would otherwise be due, the claimant shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration, and, if such benefit is not a multiple of one dollar, such amount shall be lowered to the next multiple of one dollar.

(3) Notwithstanding the provisions of subdivisions (1) and (2) of this subsection, if a claimant has contributed in any way to the Social Security Act or the Railroad Retirement Act of 1974, or the corresponding provisions of prior law, no part of the payments received pursuant to such federal law shall be deductible from the amount of benefits received pursuant to this chapter.

5. A claimant shall be ineligible for waiting week credit or benefits for any week for which or a part of which he or she has received or is seeking unemployment benefits pursuant to an unemployment insurance law of another state or the United States; provided, that if it be finally determined that the claimant is not entitled to such unemployment benefits, such ineligibility shall not apply.

6. (1) A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds that such claimant's total or partial unemployment is due to a stoppage of work which exists because of a labor dispute in the factory, establishment or other premises in which such claimant is or was last employed. In the event the claimant secures other employment from which he or she is separated during the existence of the labor dispute, the claimant must have obtained bona fide employment as a permanent employee for at least the major part of each of two weeks in such subsequent employment to terminate his or her ineligibility. If, in any case, separate branches of work which are commonly conducted as separate businesses at separate premises are conducted in separate

departments of the same premises, each such department shall for the purposes of this subsection be deemed to be a separate factory, establishment or other premises. This subsection shall not apply if it is shown to the satisfaction of the deputy that:

(a) The claimant is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(b) The claimant does not belong to a grade or class of workers of which, immediately preceding the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute.

(2) "Stoppage of work" as used in this subsection means a substantial diminution of the activities, production or services at the establishment, plant, factory or premises of the employing unit. This definition shall not apply to a strike where the employees in the bargaining unit who initiated the strike are participating in the strike. Such employees shall not be eligible for waiting week credit or benefits during the period when the strike is in effect, regardless of diminution, unless the employer has been found guilty of an unfair labor practice by the National Labor Relations Board or a federal court of law for an act or actions preceding or during the strike.

7. On or after January 1, 1978, benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

8. Benefits shall not be payable on the basis of services performed by an alien, unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 212(d)(5) of the Immigration and Nationality Act).

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of such individual's alien status shall be made except upon a preponderance of the evidence.

9. A claimant shall be ineligible for waiting week credit or benefits for any week such claimant has an outstanding penalty which was assessed based upon an overpayment of benefits, as provided for in subsection 9 of section 288.380.

10. The directors of the division of employment security and the division of workforce development shall submit to the governor, the speaker of the house of representatives, and the president pro tem of the senate no later than October 15, 2006, a report outlining their recommendations for how to improve work search verification and claimant reemployment activities. The recommendations shall include, but not limited to how to best utilize "greathires.org", and how to reduce the average duration of unemployment insurance claims. Each calendar year thereafter, the directors shall submit a report containing their recommendations on these issues by December thirty-first of each year.

11. For purposes of this section, a claimant may satisfy reporting requirements provided under this section by reporting by internet communication or any other means deemed acceptable by the division of employment security.

House Amendment No. 2

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 973, Page 1, In the Title, Line 3, by deleting the word "maintenance"; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said section and line the following:

"338.010. 1. The "practice of pharmacy" means the interpretation, implementation, and evaluation of medical prescription orders, including any legend drugs under 21 U.S.C. Section 353; receipt, transmission, or handling of such orders or facilitating the dispensing of such orders; the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by the prescription order so long as the prescription order is specific to each patient for care by a pharmacist; the compounding, dispensing, labeling, and administration of drugs and devices pursuant to medical prescription orders and administration of viral influenza, pneumonia, shingles, hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, and meningitis vaccines by written protocol authorized by a physician for persons twelve years of age or older as authorized by rule or the administration of pneumonia, shingles, hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, and meningitis vaccines by written protocol authorized by a physician for a specific patient as authorized by rule; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of drugs and devices and the maintenance of proper records thereof; consultation with patients and other health care practitioners, and veterinarians and their clients about legend drugs, about the safe and effective use of drugs and devices; **the prescribing and dispensing of self-administered oral hormonal contraceptives under section 338.660;** and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a pharmacy. No person shall engage in

the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

11. "Veterinarian", "doctor of veterinary medicine", "practitioner of veterinary medicine", "DVM", "VMD", "BVSe", "BVMS", "BSe (Vet Science)", "VMB", "MRCVS", or an equivalent title means a person who has received a doctor's degree in veterinary medicine from an accredited school of veterinary medicine or holds an Educational Commission for Foreign Veterinary Graduates (EDFVG) certificate issued by the American Veterinary Medical Association (AVMA).

12. In addition to other requirements established by the joint promulgation of rules by the board of pharmacy and the state board of registration for the healing arts:

(1) A pharmacist shall administer vaccines in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

(3) In addition to other requirements by the board, a pharmacist shall receive additional training as required by the board and evidenced by receiving a certificate from the board upon completion, and shall display the certification in his or her pharmacy where vaccines are delivered.

13. A pharmacist shall provide a written report within fourteen days of administration of a vaccine to the patient's primary health care provider, if provided by the patient, containing:

(1) The identity of the patient;

(2) The identity of the vaccine or vaccines administered;

(3) The route of administration;

(4) The anatomic site of the administration;

(5) The dose administered; and

(6) The date of administration."; and

Further amend said bill and page, Section 338.202, Line 13, by inserting after all of said section and line the following:

"**338.660. 1. For purposes of this chapter, "self-administered oral hormonal contraceptive" shall mean a drug composed of a combination of hormones that is approved by the Food and Drug Administration to prevent pregnancy and that the patient to whom the drug is prescribed may take orally.**

2. A pharmacist may prescribe and dispense self-administered oral hormonal contraceptives to a person who is:

(1) Eighteen years of age or older, regardless of whether the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a self-administered oral hormonal contraceptive; or

(2) Under eighteen years of age, if the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a self-administered oral hormonal contraceptive.

3. The board of pharmacy shall adopt rules, in consultation with the board of registration for the healing arts, board of nursing, and department of health and senior services, and in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, to establish standard procedures for the prescribing of self-administered oral hormonal contraceptives by pharmacists. The board of pharmacy shall adopt rules and regulations to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

4. The rules adopted under this section shall require a pharmacist to:

(1) Complete a training program approved by the board of pharmacy that is related to prescribing self-administered oral hormonal contraceptives;

(2) Provide a self-screening risk assessment tool that the patient shall use prior to the pharmacist's prescribing the self-administered oral hormonal contraceptive;

(3) Refer the patient to the patient's primary care practitioner or women's health care practitioner upon prescribing and dispensing the self-administered oral hormonal contraceptive;

(4) Provide the patient with a written record of the self-administered oral hormonal contraceptive prescribed and dispensed and advise the patient to consult with a primary care practitioner or women's health care practitioner; and

(5) Dispense the self-administered oral hormonal contraceptive to the patient as soon as practicable after the pharmacist issues the prescription.

5. The rules adopted under this section shall prohibit a pharmacist from:

(1) Requiring a patient to schedule an appointment with the pharmacist for the prescribing or dispensing of a self-administered oral hormonal contraceptive; and

(2) Prescribing and dispensing a self-administered oral hormonal contraceptive to a patient who does not have evidence of a clinical visit for women's health within the three years immediately following the initial prescription and dispensation of a self-administered oral hormonal contraceptive by a pharmacist to the patient.

6. All state and federal laws governing insurance coverage of contraceptive drugs, devices, products, and services shall apply to self-administered oral hormonal contraceptives prescribed by a pharmacist under this section.

376.1240. 1. For purposes of this section, the terms "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350. The term "prescription contraceptive" shall mean a drug or device that requires a prescription and is approved by the Food and Drug Administration to prevent pregnancy.

2. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2017, and that provides coverage for prescription contraceptives shall provide coverage to reimburse a health care provider or dispensing entity for a dispensation of a ninety-day supply of prescription contraceptives to an insured.

3. The coverage required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months' or less duration, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Solon moved that **House Amendment No. 2** be adopted.

Which motion was defeated.

Representative McGaugh offered **House Amendment No. 3**.

404.1101. As used in sections 404.1100 to 404.1110, the following terms mean:

(3) "Designated health care decision-maker", the person designated to make health care decisions for a patient under section 404.1104, not including a person acting as a guardian or an agent under a durable power of attorney for health care or any other person legally authorized to consent for the patient under any other law to make health care decisions for an incapacitated patient;

(4) "Disability" or "disabled" shall have the same meaning as defined in 42 U.S.C. Section 12102, the Americans with Disabilities Act of 1990, as amended; provided that the term "this chapter" in that definition shall be deemed to refer to the Missouri health care decision-maker act;

(5) "Health care", a procedure to diagnose or treat a human disease, ailment, defect, abnormality, or complaint, whether of physical or mental origin and includes:

(11) "Reasonable medical judgment", a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the health care possibilities with respect to the medical conditions involved.

404.1102. The determination that a patient is incapacitated shall be made as set forth in section 404.825. A health care provider or health care facility may rely in the exercise of good faith and in accordance with reasonable medical judgment upon the health care decisions made for a patient by a designated health care decision-maker selected in accordance with section 404.1104, provided two licensed physicians determine, after reasonable inquiry and in accordance with reasonable medical judgment, that such patient is incapacitated and has neither a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, is not a child under the jurisdiction of the juvenile court under section 211.031, nor any other known person who has the legal authority to make health care decisions.

404.1103. Upon a determination that a patient is incapacitated, the physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth in section 404.1104 of whom the physician or physician's designee is aware, of the need to appoint a designated health care decision-maker. Reasonable efforts include, without limitation, identifying potential designated health care decision makers as set forth in subsection 1 of section 404.1104, a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, the juvenile court under section 211.031, or any other known person who has the legal authority to make health care decisions, by examining the patient's personal effects and medical records. If a family member, attorney in fact for health care or guardian with health care decision-making authority is identified, a documented attempt to contact that person by telephone, with all known telephone numbers and other contact information used, shall be made within twenty-four hours after a determination of incapacity is made as provided in section 404.1102.

404.1104. 1. If a patient is incapacitated under the circumstances described in section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, is not under the jurisdiction of the juvenile court, or does not have any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority, with the exception of persons excluded under subsection 4 of section 404.1104:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(5) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services;

(6) An adult who can demonstrate that he or she has a close personal relationship with the patient and is familiar with the patient's personal values; or

(7) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagrees on whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 8 of this section to act in the best interest of the patient.

3. A person who is a member of the classes listed in subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-makers, a healthcare provider, or healthcare facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under subsection 8 of this section to act in the best interests of the patient.

4. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under section 192.2475, 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the health care provider knows of such a report of abuse or neglect, then unless the report has been determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or neglect shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 8 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

5. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under subsection 8 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and health care preferences are known, in accordance with those beliefs and preferences.

6. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

7. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

8. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient including expedited adjudication under chapter 475.

9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether or not such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding should be the preferred method.

3. The provisions of this section shall not apply to subsection 3 of section 459.010.

404.1106. If any of the individuals specified in section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. No health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for any act or omission related to his or her or its effort to identify, locate, and communicate with or act upon any decision by or for such actual or potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth in section 459.025.

404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(2) Be construed as permitting any affirmative or deliberate act to end a person's life, except to permit natural death as provided by sections 404.1100 to 404.1110."; and

House Amendment No. 4

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 973, Page 1, Section 338.202, Line 13, by inserting immediately after all of said lines the following:

"**376.2029. The legislature declares it a matter of public interest:**

(1) That patients be exempt from step therapy protocols if inappropriate or otherwise not in the best interest of the patient;

(2) That patients, through their health care providers, have access to a fair, transparent, and independent process for requesting an exception to a step therapy protocol if the patient's health care provider deems such exception appropriate; and

(3) That patients and health care providers receive a timely determination from health carriers and health benefit plans on requests for an exception to a step therapy protocol.

376.2030. As used in sections 376.2030 to 376.2036, the following terms mean:

(1) "Emergency medical condition", the same meaning as such term is defined in section 376.1350;

(2) "Health benefit plan", the same meaning as such term is defined in section 376.1350;

(3) "Health care provider", the same meaning as such term is defined in section 376.1350;

(4) "Health carrier", the same meaning as such term is defined in section 376.1350;

(5) "Step therapy override exception determination", a determination as to whether a step therapy protocol should apply in a particular situation, or whether the step therapy protocol should be overridden in favor of immediate coverage of the health care provider's preferred prescription drug. Such determination shall be based on a review of the patient's or health care provider's request for an override, along with supporting rationale and documentation;

(6) "Step therapy override exception request", a written or electronic request from a patient's health care provider for the step therapy protocol to be overridden in favor of immediate coverage of the health care provider's preferred prescription drug. The manner and form of the request shall be disclosed to the patient and health care provider as provided under section 376.2034;

(7) "Step therapy protocol", a protocol or program that establishes a specific sequence in which prescription drugs for a specified medical condition and medically appropriate for a particular patient are to be prescribed and covered by a health carrier or health benefit plan;

(8) "Utilization review organization", an entity that conducts utilization review other than an insurer or health carrier performing utilization review for its own health benefit plans.

376.2034. 1. If coverage of a prescription drug for the treatment of any medical condition is restricted for use by a health carrier, health benefit plan, or utilization review organization via a step therapy protocol, a patient and his or her health care provider shall have access to a readily accessible process to request a step therapy override exception determination. A health carrier, health benefit plan, or utilization review organization may use its existing medical exceptions process to satisfy this requirement. The process shall be disclosed to the patient and health care provider, which shall include the necessary documentation needed to process such request and be made available on the health carrier plan or health benefit plan website.

2. A step therapy override exception request shall be expeditiously granted if:

(1) The required prescription drug is contraindicated or will likely cause an adverse reaction by or physical or mental harm to the patient;

(2) The required prescription drug is expected to be ineffective based on the known clinical characteristics of the patient and the known characteristics of the prescription drug regimen;

(3) The patient has tried the step therapy required prescription drug while under his or her current or previous health insurance or health benefit plan, and the use of such prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event;

(4) The patient has tried a prescription drug in the same therapeutic class as the step therapy required prescription drug or with a similar mechanism of action that would generally possess a comparable potency. Pharmacy drug samples shall not be considered trial and failure of a preferred prescription drug in lieu of trying the step therapy required prescription drug; or

(5) The step therapy required prescription drug is not in the best interest of the patient based on medical necessity.

3. The health carrier, health benefit plan, or utilization review organization may request relevant documentation from the health care provider to support the override exception request, including the results of any clinical evaluation or evidence that the patient has tried the step therapy required prescription drug and the use of such prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.

4. Upon granting a step therapy override exception request, the health carrier, health benefit plan, or utilization review organization shall authorize dispensation of and coverage for the prescription drug prescribed by the patient's treating health care provider, provided such drug is a covered drug under such policy or plan.

5. (1) The health carrier, health benefit plan, or utilization review organization shall:

(a) Acknowledge receipt of a step therapy override exception request and indicate if relevant supporting documentation is needed within one business day of receipt of the request;

(b) If supporting documentation is not needed, grant or deny the step therapy override exception request within three business days of receipt of the request; and

(c) If supporting documentation is needed, grant or deny the step therapy override exception request within three business days of receipt of the supporting documentation.

(2) If an emergency medical condition exists, a health carrier, health benefit plan, or utilization review organization shall:

(a) Acknowledge receipt of a step therapy override exception request and indicate if relevant supporting documentation is needed within one business day of receipt of the request;

(b) If supporting documentation is not needed, grant or deny the step therapy override exception request within one business day of receipt of the request; and

(c) If supporting documentation is needed, grant or deny the step therapy override exception request within one business day of receipt of the supporting documentation.

(3) If an insurer, health plan, or utilization review organization does not grant or deny the step therapy override exception request within the time allotted under this subsection, the step therapy override exception request shall be deemed granted.

(4) If an insurer, health plan, or utilization review organization denies a step therapy override exception request, the insurer, health benefit plan, or utilization review organization shall provide notification of the denial and a detailed explanation of the reason for the denial to the patient and health care provider. Such detailed explanation shall include the clinical rationale that supports the denial of the step therapy override exception request, if applicable. Upon denial of a step therapy override exception request, the requesting health care provider, on behalf of the patient, shall be given an opportunity to request a reconsideration of the denial as provided under section 376.1365.

6. This section shall not be construed to prevent:

(1) A health carrier, health benefit plan, or utilization review organization from requiring a patient to try an A/B rated generic equivalent or other branded prescription drug prior to providing coverage for the requested branded prescription drug; or

(2) A health care provider from prescribing a prescription drug he or she determines is medically appropriate.

376.2036. 1. The director of the department of insurance, financial institutions and professional registration shall grant a health carrier, health benefit plan, or utilization review organization a waiver from the provisions of sections 376.2030 to 376.2036 if the health carrier, health benefit plan, or utilization review organization demonstrates to the director by actual experience, which is certified by an independent member of the American Academy of Actuaries, over any consecutive twenty-four-month period that compliance with sections 376.2030 to 376.2036 has independently increased the cost of its health insurance policies or health benefit plans by an amount that results in an increase in premium costs to the health carrier, health benefit plan, or utilization review organization greater than the medical inflation rate for such twenty-four-month period. The data provided in support of the waiver and certified by the independent actuary shall demonstrate that the increased costs are attributable to the provisions of sections 376.2030 to 376.2036.

2. The provisions of sections 376.2030 to 376.2036 shall apply only to health insurance policies and health benefit plans delivered, issued for delivery, or renewed on or after January 1, 2018.

3.Notwithstanding any law to the contrary, the department of insurance, financial institutions and professional registration shall promulgate any regulations necessary to enforce sections 376.2030 to 376.2036. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

2. The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

334.1224. RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons;

2. A state or federal governmental subdivision or agency; or

3. An association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of commission or member state funds;

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1227. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1230. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1233. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters."; and

No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring

physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

11. "Veterinarian", "doctor of veterinary medicine", "practitioner of veterinary medicine", "DVM", "VMD", "BVSe", "BVMS", "BSe (Vet Science)", "VMB", "MRCVS", or an equivalent title means a person who has received a doctor's degree in veterinary medicine from an accredited school of veterinary medicine or holds an Educational Commission for Foreign Veterinary Graduates (EDFVG) certificate issued by the American Veterinary Medical Association (AVMA).

12. In addition to other requirements established by the joint promulgation of rules by the board of pharmacy and the state board of registration for the healing arts:

(1) A pharmacist shall administer vaccines in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

(3) In addition to other requirements by the board, a pharmacist shall receive additional training as required by the board and evidenced by receiving a certificate from the board upon completion, and shall display the certification in his or her pharmacy where vaccines are delivered.

13. A pharmacist shall provide a written report within fourteen days of administration of a vaccine to the patient's primary health care provider, if provided by the patient, containing:

2. A pharmacist may prescribe and dispense self-administered oral hormonal contraceptives to a person who is:

(1) Eighteen years of age or older, regardless of whether the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a self-administered oral hormonal contraceptive; or

(2) Under eighteen years of age, if the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a self-administered oral hormonal contraceptive.

3. The board of pharmacy shall adopt rules, in consultation with the board of registration for the healing arts, board of nursing, and department of health and senior services, and in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, to establish standard procedures for the prescribing of self-administered oral hormonal contraceptives by pharmacists. The board of pharmacy shall adopt rules and regulations to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

4. The rules adopted under this section shall require a pharmacist to:

(2) Prescribing and dispensing a self-administered oral hormonal contraceptive to a patient who does not have evidence of a clinical visit for women's health within the three years immediately following the initial prescription and dispensation of a self-administered oral hormonal contraceptive by a pharmacist to the patient.

6. All state and federal laws governing insurance coverage of contraceptive drugs, devices, products, and services shall apply to self-administered oral hormonal contraceptives prescribed by a pharmacist under this section.

376.1240. 1. For purposes of this section, the terms "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350. House Committee Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill No. 801, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"210.565. 1. Whenever a child is placed in a foster home and the court has determined pursuant to subsection 4 of this section that foster home placement with relatives is not contrary to the best interest of the child, the children's division shall give foster home placement to relatives of the child. Notwithstanding any rule of the division to the contrary, the children's division shall make diligent efforts to locate the grandparents of the child and determine whether they wish to be considered for placement of the child. Grandparents who request consideration shall be given preference and first consideration for foster home placement of the child. If more than one grandparent requests consideration, the family support team shall make recommendations to the juvenile or family court about which grandparent should be considered for placement.

2. As used in this section, the **[**term**] following terms shall mean:**

(1) "Kin" or "Kinship", a person who is related to the child by blood or affinity beyond the third degree, or a person who is not so related to the child but has a close relationship with the child or the child's family including, but not limited to, godparents, neighbors, teachers, or close family friends; and

(2) "Relative" **[**means**] ,** a grandparent or any other person related to another by blood or affinity within the third degree. The status of a grandparent shall not be affected by the death or the dissolution of the marriage of a son or daughter.

3. The following shall be the order or preference for placement of a child under this section:

(1) Grandparents and relatives;

(2) **[**A trusted adult that has a preexisting relationship with the child, such as a godparent, teacher, neighbor, or fellow parishioner**] Kin** who voluntarily **[**agrees**] agree** to care for the child; and

(3) Any foster parent who is currently licensed and capable of accepting placement of the child.

4. The preference for placement and first consideration for grandparents or preference for placement with other relatives created by this section shall only apply where the court finds that placement with such grandparents or other relatives is not contrary to the best interest of the child considering all circumstances. If the court finds that it is contrary to the best interest of a child to be placed with grandparents or other relatives, the court shall make specific findings on the record detailing the reasons why the best interests of the child necessitate placement of the child with persons other than grandparents or other relatives.

5. Recognizing the critical nature of sibling bonds for children, the children's division shall make reasonable efforts to place siblings in the same foster care, kinship, guardianship, or adoptive placement, unless doing so would be contrary to the safety or well-being of any of the siblings. If siblings are not placed together, the children's division shall make reasonable efforts to provide frequent visitation or other ongoing interaction between the siblings, unless this interaction would be contrary to a sibling's safety or well-being.

6. The age of the child's grandparent or other relative shall not be the only factor that the children's division takes into consideration when it makes placement decisions and recommendations to the court about placing the child with such grandparent or other relative.

7. For any Native American child placed in protective custody, the children's division shall comply with the placement requirements set forth in 25 U.S.C. Section 1915.

8. A grandparent **[**or**] ,** other relative**, or kin** may, on a case-by-case basis, have standards for licensure not related to safety waived for specific children in care that would otherwise impede licensing of the **[**grandparent's or relative's**]** home **of the grandparent, relative, or kin**. In addition, any person receiving a preference may be licensed in an expedited manner if a child is placed under such person's care.

9. The guardian ad litem shall ascertain the child's wishes and feelings about his or her placement by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered as a factor in placement decisions and recommendations, but shall not supersede the preference for relative placement created by this section or be contrary to the child's best interests."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The owners or operators of such motor vehicles**, except plug-in electric hybrids,** shall, in lieu of the tax imposed by section 142.803, pay an annual alternative fuel decal fee as follows: **[**seventy-five**] one hundred** dollars on each passenger motor vehicle, school bus as defined in section 301.010, and commercial motor vehicle with a licensed gross vehicle weight of eighteen thousand pounds or less; one hundred **twenty-five** dollars on each motor vehicle with a licensed gross weight in excess of eighteen thousand pounds but not more than thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter "F"; one hundred **[**fifty**] seventy-five** dollars on each motor vehicle with a licensed gross vehicle weight in excess of eighteen thousand pounds but less than or equal to thirty-six thousand pounds, and each passenger-carrying motor vehicle subject to the registration fee provided in sections 301.059, 301.061 and 301.063; two hundred **[**fifty**] seventy-five** dollars on each motor vehicle with a licensed gross weight in excess of thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter "F"; and one thousand **twenty-five** dollars on each motor vehicle with a licensed gross vehicle weight in excess of thirty-six thousand pounds. **Owners or operators of plug-in electric hybrids shall pay one-half of the stated annual alternative fuel decal fee.** Notwithstanding provisions of this section to the contrary, motor vehicles licensed as historic under section 301.131 which are powered by alternative fuel shall be exempt from both the tax imposed by this chapter and the alternative fuel decal requirements of this section. **For the purposes of this section, a plug-in electric hybrid shall be any hybrid vehicle made by a manufacturer with a model year of 2017 or newer, that has not been modified from the original manufacturer specifications, with an internal combustion engine and batteries that can be recharged by connecting a plug to an electric power source.**

2. Except interstate fuel users and vehicles licensed under a reciprocity agreement as defined in section 142.617, the tax imposed by section 142.803 shall not apply to motor vehicles registered outside this state which are powered by alternative fuel other than compressed natural gas and liquefied natural gas, and for which a valid temporary alternative fuel decal has been acquired as provided in this section. The owners or operators of such motor vehicles shall, in lieu of the tax imposed by section 142.803, pay a temporary alternative fuel decal fee of eight dollars on each such vehicle. Such decals shall be valid for a period of fifteen days from the date of issuance and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued. Such decal and fee shall not be transferable. All proceeds from such decal fees shall be deposited as specified in section 142.345. Alternative fuel dealers selling such decals in accordance with rules and regulations prescribed by the director shall be allowed to retain fifty cents for each decal fee timely remitted to the director.

3. Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by compressed natural gas or liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural gas fueling station used solely to fuel the

motor vehicles they own or operate as of December 31, 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear an alternative fuel decal shall be prohibited from selling or providing compressed natural gas or liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor vehicles shall no longer be eligible to apply for and use alternative fuel decals under this subsection. Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

4. The director shall annually, on or before January thirty-first of each year, collect or cause to be collected from owners or operators of the motor vehicles specified in subsection 1 of this section the annual decal fee. Applications for such decals shall be supplied by the department of revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year, a decal may be purchased for a fractional period of such year, and the amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of such year.

5. Upon the payment of the fee required by subsection 1 of this section, the director shall issue a decal, which shall be valid for the current calendar year and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

6. The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance with rules and regulations promulgated by the director.

7. It shall be unlawful for any person to operate a motor vehicle required to have an alternative fuel decal upon the highways of this state without a valid decal.

8. No person shall cause to be put, or put, LP gas into the fuel supply receptacle of a motor vehicle required to have an alternative fuel decal unless the motor vehicle has a valid decal attached to it. Sales of fuel placed in the supply receptacle of a motor vehicle displaying such decal shall be recorded upon an invoice, which invoice shall include the decal number, the motor vehicle license number and the number of gallons placed in such supply receptacle.

9. Any person violating any provision of this section is guilty of an infraction and shall, upon conviction thereof, be fined five hundred dollars.

10. Motor vehicles displaying a valid alternative fuel decal are exempt from the licensing and reporting requirements of this chapter."; and

House Committee Amendment No. 1

AMEND Senate Substitute for Senate Bill No. 659, Page 1, In the Title, Line 3, by deleting the word "autocycles" and inserting in lieu thereof the phrase "motor vehicles"; and

Further amend said bill and page, Section 304.005, Line 15, by inserting immediately after said line the following:

"304.170 1. No vehicle operated upon the highways of this state shall have a width, including load, in excess of one hundred two inches, except clearance lights, rearview mirrors or other accessories required by federal, state or city law or regulation. Provided however, a recreational vehicle as defined in section 700.010 may exceed the foregoing width limits if the appurtenances on such recreational vehicle extend no further than the rearview mirrors. Such mirrors may only extend the distance necessary to provide the required field of view before the appurtenances were attached.

2. No vehicle operated upon the interstate highway system or upon any route designated by the chief engineer of the state transportation department shall have a height, including load, in excess of fourteen feet. On all other highways, no vehicle shall have a height, including load, in excess of thirteen and one-half feet, except that any vehicle or combination of vehicles transporting automobiles or other motor vehicles may have a height, including load, of not more than fourteen feet.

3. No single motor vehicle operated upon the highways of this state shall have a length, including load, in excess of forty-five feet, except as otherwise provided in this section.

4. No bus, recreational motor vehicle or trackless trolley coach operated upon the highways of this state shall have a length in excess of forty-five feet, except that such vehicles may exceed the forty-five feet length when such excess length is caused by the projection of a front safety bumper or a rear safety bumper or both**, and such buses may exceed the forty-five feet length, but not have a length in excess of sixty feet, when such buses are articulated buses, having two or more sections connected by a flexible joint or other mechanism**. Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five feet length limit by more than one foot in the front and one foot in the rear. **Notwithstanding the foregoing or anything otherwise provided in section 304.170, an articulated bus comprised of two sections may be up to sixty feet in length, not including safety bumpers which may extend one foot in the front and one foot in the rear.** The term "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

5. No combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the highways of this state shall have a length, including load, in excess of sixty feet; except that in order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer or truck-tractor equipped with dromedary and semitrailer. The length of such semitrailer shall not exceed fifty-three feet.

6. In order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor, semitrailer and trailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer and trailer, neither of which semitrailer or trailer shall exceed twenty-eight feet in length, except that any existing semitrailer or trailer up to twenty-eight and one-half feet in length actually and lawfully operated on December 1, 1982, within a sixty-five foot overall length limit in any state, may continue to be operated upon the interstate highways of this state. On those primary highways not designated by the state highways and transportation commission as provided in subsection 10 of this section, no combination of truck-tractor, semitrailer and trailer shall have an overall length, including load, in excess of sixty-five feet; provided, however, the state highways and transportation commission may designate additional routes for such sixty-five foot combinations.

7. Automobile transporters, boat transporters, truck-trailer boat transporter combinations, stinger-steered combination automobile transporters and stinger-steered combination boat transporters having a length not in excess of seventy-five feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. All length provisions regarding automobile or boat transporters, truck-trailer boat transporter combinations and stinger-steered combinations shall include a semitrailer length not to exceed fifty-three feet and are exclusive of front and rear overhang, which shall be no greater than a three-foot front overhang and no greater than a four-foot rear overhang.

8. Driveaway saddlemount combinations having a length not in excess of ninety-seven feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. Saddlemount combinations must comply with the safety requirements of section 393.71 of Title 49 of the Code of Federal Regulations and may contain no more than three saddlemounted vehicles and one fullmount.

9. No truck-tractor semitrailer-semitrailer combination vehicles operated upon the interstate and designated primary highway system of this state shall have a semitrailer length in excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and lawful operation in any state on December 1, 1982, operating in a truck-tractor semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. The highways and transportation commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8 and 9 of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

11. Any vehicle or combination of vehicles transporting automobiles, boats or other motor vehicles may carry a load which extends no more than three feet beyond the front and four feet beyond the rear of the transporting vehicle or combination of vehicles.

12. (1) Except as hereinafter provided, these restrictions shall not apply to agricultural implements operating occasionally on the highways for short distances including tractor parades for fund-raising activities or special events, provided the tractors are driven by licensed drivers during daylight hours only and with the approval of the superintendent of the Missouri state highway patrol; or to self-propelled hay-hauling equipment or to implements of husbandry, or to the movement of farm products as defined in section 400.9-102 or to vehicles temporarily transporting agricultural implements or implements of husbandry or road-making machinery, or road materials or towing for repair purposes vehicles that have become disabled upon the highways; or to implement dealers delivering or moving farm machinery for repairs on any state highway other than the interstate system.

(2) Implements of husbandry and vehicles transporting such machinery or equipment and the movement of farm products as defined in section 400.9-102 may be operated occasionally for short distances on state highways when operated between the hours of sunrise and sunset by a driver licensed as an operator or chauffeur.

13. As used in this chapter the term "implements of husbandry" means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for transportation of such chemicals and materials.

14. Sludge disposal units may be operated on all state highways other than the interstate system. Mr. Speaker: Your Committee on Transportation, to which was referred **SB 899**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Amendment No. 1** and **House Committee Amendment No. 2**, and pursuant to Rule 27(13) be referred to the Select Committee on State and Local Governments.

House Committee Amendment No. 1

AMEND Senate Bill No. 899, Page 1, In the Title, Lines 2-3, by deleting the phrase "the designation of certain memorial"; and

Further amend said bill and page, Section A, Line 3, by inserting immediately after all of said line the following:

"226.540. Notwithstanding any other provisions of sections 226.500 to 226.600, outdoor advertising shall be permitted within six hundred and sixty feet of the nearest edge of the right-of-way of highways located on the interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended in areas zoned industrial, commercial or the like and in unzoned commercial and industrial areas as defined in this section, subject to the following regulations which are consistent with customary use in this state:

(1) Lighting:

(a) No revolving or rotating beam or beacon of light that simulates any emergency light or device shall be permitted as part of any sign. No flashing, intermittent, or moving light or lights will be permitted except scoreboards and other illuminated signs designating public service information, such as time, date, or temperature, or similar information, will be allowed; tri-vision, projection, and other changeable message signs shall be allowed subject to Missouri highways and transportation commission regulations;

(b) External lighting, such as floodlights, thin line and gooseneck reflectors are permitted, provided the light source is directed upon the face of the sign and is effectively shielded so as to prevent beams or rays of light from being directed into any portion of the main traveled way of the federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System and the lights are not of such intensity so as to cause glare, impair the vision of the driver of a motor vehicle, or otherwise interfere with a driver's operation of a motor vehicle;

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures, an official traffic sign, device, or signal;

(2) Size of signs:

(a) The maximum area for any one sign shall be eight hundred square feet with a maximum height of thirty feet and a maximum length of seventy-two feet, inclusive of border and trim but excluding the base or apron, supports, and other structural members. The area shall be measured as established herein and in rules promulgated by the commission. In determining the size of a conforming or nonconforming sign structure, temporary cutouts and extensions installed for the length of a specific display contract shall not be considered a substantial increase to the size of the permanent display; provided the actual square footage of such temporary cutouts or extensions may not exceed thirty-three percent of the permanent display area. Signs erected in accordance with the provisions of sections 226.500 to 226.600 prior to August 28, 2002, which fail to meet the requirements of this provision shall be deemed legally nonconforming as defined herein;

(b) The maximum size limitations shall apply to each side of a sign structure, and signs may be placed back to back, double faced, or in V-type construction with not more than two displays to each facing, but such sign structure shall be considered as one sign;

(c) After August 28, 1999, no new sign structure shall be erected in which two or more displays are stacked one above the other. Stacked structures existing on or before August 28, 1999, in accordance with sections 226.500 to 226.600 shall be deemed legally nonconforming and may be maintained in accordance with the provisions of sections 226.500 to 226.600. Structures displaying more than one display on a horizontal basis shall be allowed, provided that total display areas do not exceed the maximum allowed square footage for a sign structure pursuant to the provisions of paragraph (a) of this subdivision;

(3) Spacing of signs:

(a) On all interstate highways, freeways, and nonfreeway federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System:

a. No sign structure shall be erected within one thousand four hundred feet of an existing sign on the same side of the highway;

b. Outside of incorporated municipalities, no structure may be located adjacent to or within five hundred feet of an interchange, intersection at grade, or safety rest area. Such five hundred feet shall be measured from the

beginning or ending of the pavement widening at the exit from or entrance to the main traveled way. For purpose of this subparagraph, the term "incorporated municipalities" shall include "urban areas", except that such "urban areas" shall not be considered "incorporated municipalities" if it is finally determined that such would have the effect of making Missouri be in noncompliance with the requirements of Title 23, United States Code, Section 131;

(b) The spacing between structure provisions of this subdivision do not apply to signs which are separated by buildings, natural surroundings, or other obstructions in such manner that only one sign facing located within such distance is visible at any one time. Directional or other official signs or those advertising the sale or lease of the property on which they are located, or those which advertise activities on the property on which they are located, including products sold, shall not be counted, nor shall measurements be made from them for the purpose of compliance with spacing provisions;

(c) No sign shall be located in such manner as to obstruct or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device or obstruct or physically interfere with a motor vehicle operator's view of approaching, merging, or intersecting traffic;

(d) The measurements in this section shall be the minimum distances between outdoor advertising sign structures measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply only to outdoor advertising sign structures located on the same side of the highway involved;

(4) As used in this section, the words "unzoned commercial and industrial land" shall be defined as follows: that area not zoned by state or local law or ordinance and on which there is located one or more permanent structures used for a commercial business or industrial activity or on which a commercial or industrial activity is actually conducted together with the area along the highway extending outwardly seven hundred fifty feet from and beyond the edge of such activity. All measurements shall be from the outer edges of the regularly used improvements, buildings, parking lots, landscaped, storage or processing areas of the commercial or industrial activity and along and parallel to the edge of the pavement of the highway. **On nonfreeway primary highways where there is an unzoned commercial or industrial area on one side of the road in accordance with this section, the unzoned commercial or industrial area shall also include those lands opposite on the other side of the highway to the extent of the same dimensions.** Unzoned land shall not include:

(a) Land on the opposite side of the highway from an unzoned commercial or industrial area as defined in this section and located adjacent to highways located on the interstate **or primary freeway highways [**federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended, unless the opposite side of the highway qualifies as a separate unzoned commercial or industrial area**]**; or

(b) Land zoned by a state or local law, regulation, or ordinance;

(5) "Commercial or industrial activities" as used in this section means those which are generally recognized as commercial or industrial by zoning authorities in this state, except that none of the following shall be considered commercial or industrial:

(a) Outdoor advertising structures;

(b) Agricultural, forestry, ranching, grazing, farming, and related activities, including seasonal roadside fresh produce stands;

(c) Transient or temporary activities;

(d) Activities more than six hundred sixty feet from the nearest edge of the right-of-way or not visible from the main traveled way;

(e) Activities conducted in a building principally used as a residence;

(f) Railroad tracks and minor sidings;

(6) The words "unzoned commercial or industrial land" shall also include all areas not specified in this section which constitute an "unzoned commercial or industrial area" within the meaning of the present Section 131 of Title 23 of the United States Code, or as such statute may be amended. As used in this section, the words "zoned commercial or industrial area" shall refer to those areas zoned commercial or industrial by the duly constituted zoning authority of a municipality, county, or other lawfully established political subdivision of the state, or by the state and which is within seven hundred fifty feet of one or more permanent commercial or industrial activities. Commercial or industrial activities as used in this section are limited to those activities:

(a) In which the primary use of the property is commercial or industrial in nature;

(b) Which are clearly visible from the highway and recognizable as a commercial business;

(c) Which are permanent as opposed to temporary or transitory and of a nature that would customarily be restricted to commercial or industrial zoning in areas comprehensively zoned; and

(d) In determining whether the primary use of the property is commercial or industrial pursuant to paragraph (a) of this subdivision, the state highways and transportation commission shall consider the following factors:

a. The presence of a permanent and substantial building;

b. The existence of utilities and local business licenses, if any, for the commercial activity;

c. On-premise signs or other identification;

d. The presence of an owner or employee on the premises for at least twenty hours per week;

(7) In zoned commercial and industrial areas, whenever a state, county or municipal zoning authority has adopted laws or ordinances which include regulations with respect to the size, lighting and spacing of signs, which regulations are consistent with the intent of sections 226.500 to 226.600 and with customary use, then from and after the effective date of such regulations, and so long as they shall continue in effect, the provisions of this section shall not apply to the erection of signs in such areas. Notwithstanding any other provisions of this section, after August 28, 1992, with respect to any outdoor advertising which is regulated by the provisions of subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527:

(a) No county or municipality shall issue a permit to allow a regulated sign to be newly erected without a permit issued by the state highways and transportation commission;

(b) A county or municipality may charge a reasonable one-time permit or inspection fee to assure compliance with local wind load and electrical requirements when the sign is first erected, but a county or municipality may not charge a permit or inspection fee for such sign after such initial fee. Changing the display face or performing routine maintenance shall not be considered as erecting a new sign;

(8) The state highways and transportation commission on behalf of the state of Missouri, may seek agreement with the Secretary of Transportation of the United States under Section 131 of Title 23, United States Code, as amended, that sections 226.500 to 226.600 are in conformance with that Section 131 and provides effective control of outdoor advertising signs as set forth therein. If such agreement cannot be reached and the penalties under subsection (b) of Section 131 are invoked, the attorney general of this state shall institute proceedings described in subsection (1) of that Section 131.

226.550. 1. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 shall be erected or maintained on or after August 28, 1992, without a one-time permanent permit issued by the state highways and transportation commission. Application for permits shall be made to the state highways and transportation commission on forms furnished by the commission and shall be accompanied by a permit fee of two hundred dollars for all signs; except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, service organizations as defined in subdivision (12) of section 313.005, veterans' organizations as defined in subdivision (14) of section 313.005, and fraternal organizations as defined in subdivision (8) of section 313.005 shall be granted a permit for signs less than seventy-six square feet without payment of the fee. **The permit fee of two hundred dollars shall be waived for land owners provided they own both the land upon which the outdoor advertising is placed and the business being advertised on the sign, so long as the business being advertised is within seven hundred fifty feet of the sign location.** In the event a permit holder fails to erect a sign structure within twenty-four months of issuance, said permit shall expire and a new permit must be obtained prior to any construction.

2. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 which was erected prior to August 28, 1992, shall be maintained without a one-time permanent permit for outdoor advertising issued by the state highways and transportation commission. If a one-time permanent permit was issued by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, it is not necessary for a new permit to be issued. If a one-time permanent permit was not issued for a lawfully erected and lawfully existing sign by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, a one-time permanent permit shall be issued by the commission for each sign which is lawfully in existence on the day prior to August 28, 1992, upon application and payment of a permit fee of two hundred dollars. All applications and fees due pursuant to this subsection shall be submitted before December 31, 1992. **The permit fee of two hundred dollars shall be waived for land owners provided they own both the land upon which the outdoor advertising is placed and the business being advertised on the sign, so long as the business being advertised is within seven hundred fifty feet of the sign location.**

3. For purposes of sections 226.500 to 226.600, the terminology "structure lawfully in existence" or "lawfully existing" sign or outdoor advertising shall, nevertheless, include the following signs unless the signs violate the provisions of subdivisions (3) to (7) of subsection 1 of section 226.580:

(1) All signs erected prior to January 1, 1968;

(2) All signs erected before March 30, 1972, but on or after January 1, 1968, which would otherwise be lawful but for the failure to have a permit for such signs prior to March 30, 1972, except that any sign or structure which was not in compliance with sizing, spacing, lighting, or location requirements of sections 226.500 to 226.600 as the sections appeared in the revised statutes of Missouri 1969, wheresoever located, shall not be considered a lawfully existing sign or structure;

(3) All signs erected after March 30, 1972, which are in conformity with sections 226.500 to 226.600;

(4) All signs erected in compliance with sections 226.500 to 226.600 prior to August 28, 2002.

4. On or after August 28, 1992, the state highways and transportation commission may, in addition to the fees authorized by subsections 1 and 2 of this section, collect a biennial inspection fee every two years after a state permit has been issued. Biennial inspection fees due after August 28, 2002, and prior to August 28, 2003, shall be fifty dollars. Biennial inspection fees due on or after August 28, 2003, shall be seventy-five dollars. Biennial inspection fees due on or after August 28, 2004, shall be one hundred dollars; except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, service organizations as defined in subdivision (12) of section 313.005, veterans' organizations as defined in subdivision (14) of section 313.005, and fraternal organizations as defined in subdivision (8) of section 313.005 shall not be required to pay such fee. **The biennial inspection fee shall be waived for land owners provided they own both the land upon which the outdoor advertising is placed and the business being advertised on the sign, so long as the business being advertised is within seven hundred fifty feet of the sign location.**

5. In order to effect the more efficient collection of biennial inspection fees, the state highways and transportation commission is encouraged to adopt a renewal system in which all permits in a particular county are renewed in the same month. In conjunction with the conversion to this renewal system, the state highways and transportation commission is specifically authorized to prorate renewal fees based on changes in renewal dates.

6. Sign owners or owners of the land on which signs are located must apply to the state highways and transportation commission for biennial inspection and submit any fees as required by this section on or before December 31, 1992. 7. House Committee Amendment No. 2

AMEND Senate Bill No. 899, Page 1, In the Title, Lines 2-3, by deleting the phrase "the designation of certain memorial"; and

Further amend said bill, Page 2, Section 227.445, Line 7, by inserting immediately after all of said line the following:

"**301.125. There is hereby established an advisory committee for the department of revenue, which shall exist solely to develop uniform designs and common colors for license plates issued under this chapter and to determine appropriate license plate parameters for all license plates issued under this chapter. The advisory committee shall adopt a type of design and color scheme for license plates issued under this chapter that commemorates the bicentennial of Missouri. The advisory committee may adopt more than one type of design and color scheme; however, each license plate of a distinct type shall be uniform in design and color scheme with all other license plates of that distinct type. The specifications for the fully reflective material used for the plates, as required by section 301.130, shall be determined by the committee. Such plates shall meet any specific requirements prescribed in this chapter, except that, such plates shall be exempt from the requirements of subsection 1 of section 301.130. The advisory committee shall consist of the director of revenue or his or her designee, the superintendent of the highway patrol, the correctional enterprises administrator, the director of the department of transportation, the executive director of the State Historical Society of Missouri, and the respective chairpersons of both the senate and house of representatives transportation committees. The**

committee shall meet, select a chairperson from among its members, and develop uniform design and license plate parameters for the license plates issued under this chapter not later than January 1, 2017. Prior to determining the final design of the plates, the committee shall hold at least three public meetings in different areas of the state to invite public input on the final design. Members of the committee shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties under this section. The director of revenue shall have the final design of the uniform license plates, along with any specific parameters for all license plates developed by the committee, available for issuance in all license fee offices in this state not later than January 1, 2019. The committee shall be dissolved upon completion of its duties under this section.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of **[**eighteen**]** **twenty-four** thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for **[**eighteen**]** **twenty-four** thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030. **On and after August 28, 2016, owners of motor vehicles, other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight, may apply for any preexisting or hereafter statutorily created special personalized license plates.**

9. No later than January 1, **[**2009**]** **2019**, the director of revenue shall commence the reissuance of new license plates of such design as **[**directed by the director**]** **approved by the advisory committee under section 301.125** consistent with the terms, conditions, and provisions of **[**this**]** section **301.125** and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, MAY 5, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Let us draw near with a true heart in full assurance of faith. (Hebrews 10:22)

O Generous God, who sends Your spirit into the hearts of all seeking to bring justice and peace to our State, may we with open minds and receptive hearts receive Your spirit and with You strive to make justice and peace a reality as we debate and vote today.

Give us grace to take to heart the pain involved in our unhappy divisions and our unreasonable differences. Remove from us all that hurts our unity and all that hinders our walking together in peace. Kindle in us the fire of Your endless love, strengthen us by Your almighty power, and draw us closer to one another.

To You and to our good people of this great State, we dedicate the work of this National Day of Prayer.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Dylan Taylor, Olivia Taylor, and Davis Taylor.

The Journal of the sixty-fourth day was approved as printed by the following vote:

THIRD READING OF SENATE BILLS

HCS SB 640, relating to vehicles, was taken up by Representative Brattin.

Representative Brattin offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 640, Page 11, Section 304.154, Line 7, by deleting the word, "**twelve**" and inserting in lieu thereof the word, "**eight**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Brattin, **House Amendment No. 1** was adopted.

Representative Kolkmeyer offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 640, Page 2, Section 301.125, Line 26, by inserting immediately after all of said line the following:

"301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this

state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant

to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. "**379.1700. As used in sections 379.1700 to 379.1708, the following terms shall mean:**

(1) "Digital network", any online-enabled application, software, website, or system offered or utilized by a transportation network company that enables the prearrangement of rides with transportation network company drivers;

(2) "Personal vehicle", a vehicle that is used by a transportation network company driver and is:

(a) Owned, leased, or otherwise authorized for use by the transportation network company driver; and

(b) Not a taxicab, limousine, or for-hire vehicle under chapter 390;

(3) "Prearranged ride", the provision of transportation by a driver to a rider, beginning when a driver accepts a ride requested by a rider through a digital network controlled by a transportation network company, continuing while the driver transports a requesting rider, and ending when the last requesting rider departs from the personal vehicle. A prearranged ride shall not include shared expense carpool or vanpool arrangements or transportation provided using a taxi, limousine, or other for-hire vehicle under chapter 390;

(4) "Transportation network company", a corporation, partnership, sole proprietorship, or other entity that is licensed and operating in Missouri that uses a digital network to connect transportation network company riders to transportation network company drivers who provide prearranged rides. A transportation network company shall not be deemed to control, direct, or manage the personal vehicles or transportation network company drivers that connect to its digital network, except if agreed to by written contract;

(5) "Transportation network company driver" or "driver", an individual who:

(a) Receives connections to potential riders and related services from a transportation network company in exchange for payment of a fee to the transportation network company; and

(b) Uses a personal vehicle to offer or provide a prearranged ride to riders upon connection through a digital network controlled by a transportation network company in return for compensation or payment of a fee;

(6) "Transportation network company rider" or "rider", an individual or persons who use a transportation network company's digital network to connect with a transportation network driver who provides prearranged rides to the rider in the driver's personal vehicle between points chosen by the rider.

379.1702. 1. Beginning April 1, 2017, a transportation network company driver or transportation network company on the driver's behalf shall maintain primary automobile insurance that:

(1) Recognizes that the driver is a transportation network company driver or otherwise uses a vehicle to transport riders for compensation; and

(2) Covers the driver while the driver is logged on to the transportation network company's digital network or while the driver is engaged in a prearranged ride.

2. The following automobile insurance requirements shall apply while a participating transportation network company driver is logged on to the transportation network company's digital network and is available to receive transportation requests but is not engaged in a prearranged ride:

(c) Any combination of paragraphs (a) and (b) of this subdivision.

4. If insurance maintained by a driver in subsection 2 or 3 of this section has lapsed or does not provide the required coverage, insurance maintained by a transportation network company shall provide the coverage required by this section beginning with the first dollar of a claim and shall have the duty to defend such claim. If the insurance maintained by the driver does not otherwise exclude coverage for loss or injury

while the driver is logged on to a transportation network's digital network or while the driver provides a prearranged ride, but does not provide insurance coverage at the minimum limits required by subsection 2 or 3 of this section, the transportation network company shall maintain insurance coverage that provides excess coverage beyond the driver's policy limits up to the limits required by subsection 2 or 3 of this section, as applicable.

5. Coverage under an automobile insurance policy maintained by the transportation network company shall not be dependent on a personal automobile insurer first denying a claim nor shall a personal automobile insurance policy be required to first deny a claim.

6. Insurance required by this section may be placed with an insurer authorized to issue policies of automobile insurance in the state of Missouri or with an eligible surplus lines insurer under chapter 384.

7. Insurance satisfying the requirements of this section shall be deemed to satisfy the motor vehicle financial responsibility requirements for a motor vehicle under chapter 303.

8. A transportation network company driver shall carry proof of coverage satisfying subsections 2 and 3 of this section with him or her at all times during his or her use of a vehicle in connection with a transportation network company's digital network. In the event of an accident, a transportation network company driver shall provide this insurance coverage information to the directly interested parties, automobile insurers, and investigating police officers, upon request under section 303.024. Upon such request, a transportation network company driver shall also disclose to directly interested parties, automobile insurers, and investigating police officers whether the driver was logged on to the transportation network company's digital network or on a prearranged ride at the time of an accident.

379.1704. The transportation network company shall disclose in writing to transportation network company drivers the following before they are allowed to accept a request for a prearranged ride on the transportation network company's digital network:

(1) The insurance coverage, including the types of coverage and the limits for each coverage, that the transportation network company provides while the transportation network company driver uses a personal vehicle in connection with a transportation network company's digital network; and

(2) That the transportation network company driver's own automobile insurance policy might not provide any coverage while the driver is logged on to the transportation network company's digital network and is available to receive transportation requests or is engaged in a prearranged ride depending on the policy's terms.

379.1706. A transportation network company shall make the following disclosure to a prospective driver in the prospective driver's terms of service:

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE TRANSPORTATION NETWORK COMPANY SERVICES HAS A LIEN AGAINST IT, USING THE VEHICLE FOR TRANSPORTATION NETWORK COMPANY SERVICES MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

IF A TRANSPORTATION NETWORK COMPANY'S INSURER MAKES A PAYMENT FOR A CLAIM COVERED UNDER COMPREHENSIVE COVERAGE OR COLLISION COVERAGE, THE TRANSPORTATION NETWORK COMPANY SHALL CAUSE ITS INSURER TO ISSUE THE PAYMENT DIRECTLY TO THE BUSINESS REPAIRING THE VEHICLE OR JOINTLY TO THE OWNER OF THE VEHICLE AND THE PRIMARY LIENHOLDER ON THE COVERED VEHICLE.

The disclosure set forth in this subsection shall be placed prominently in the prospective driver's written terms of service, and the prospective driver shall acknowledge the terms of service electronically or by signature.

379.1708. 1. Insurers that write automobile insurance in Missouri may exclude or limit any and all coverage afforded under an automobile insurance policy, including a motor vehicle liability policy, issued to an owner or operator of a vehicle for any loss or injury that occurs while:

(1) A driver is logged on to a transportation network company's digital network;

(2) A driver provides a prearranged ride; or

(3) A motor vehicle is being used to transport or carry persons or property for any compensation or suggested donation;

2. The right to exclude all coverage under subsection 1 of this section may apply to any coverage included in an automobile insurance policy including, but not limited to:

(1) Liability coverage for bodily injury and property damage;

(2) Uninsured and underinsured motorist coverage;

(3) Medical payments coverage;

(4) Comprehensive physical damage coverage; and

(5) Collision physical damage coverage.

Such exclusions shall apply notwithstanding any financial responsibility requirement or uninsured motorist coverage requirement under the motor vehicle financial responsibility law, chapter 303, or section 379.203, respectively. Nothing in this section implies or requires that a personal automobile insurance policy provide coverage while the driver is logged on to the transportation network company's digital network, while the driver is engaged in a prearranged ride, or while the driver otherwise uses a vehicle to transport passengers or property for compensation.

3. Nothing shall be deemed to preclude an insurer from providing coverage for the transportation network company driver's vehicle, if it chooses to do so by contract or endorsement.

4. Automobile insurers that exclude the coverage described under section 379.1702 shall have no duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this section shall be deemed to invalidate or limit an exclusion contained in a policy, including any policy in use or approved for use in Missouri prior to the enactment of this section that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

5. An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of section 379.1702 at the time of loss.

6. In a claims coverage investigation, transportation network companies and any insurer providing coverage under section 379.1702 shall cooperate to facilitate the exchange of relevant information with each other and any insurer of the transportation network company driver if applicable, including the precise times that a transportation network company driver logged on and off of the transportation network company's digital network in the twelve-hour period immediately preceding and in the twelve-hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions, and limits provided under any automobile insurance maintained under section 379.1702.

387.600. As used in sections 387.600 to 387.630, the following terms shall mean:

(1) "Digital network", any online-enabled application, website, or system offered or utilized by a transportation network company that enables the prearrangement of rides with transportation network company drivers;

(2) "Personal vehicle", a vehicle that is used by a transportation network company driver and is:

(a) Owned, leased, or otherwise authorized for use by the transportation network company driver; and

(b) Not a taxicab, limousine, or for-hire vehicle under chapter 390;

(3) "Prearranged ride", the provision of transportation by a driver to a rider, beginning when a driver accepts a ride requested by a rider through a digital network controlled by a transportation network company, continuing while the driver transports a requesting rider, and ending when the last requesting rider departs from the personal vehicle. A prearranged ride shall not include shared expense carpool or vanpool arrangements or transportation provided using a taxi, limousine, or other for-hire vehicle under chapter 390;

(4) "Transportation network company", a corporation, partnership, sole proprietorship, or other entity that is licensed and operating in Missouri that uses a digital network to connect transportation network company riders to transportation network company drivers who provide prearranged rides. A transportation network company shall not be deemed to control, direct, or manage the personal vehicles or transportation network company drivers that connect to its digital network, except if agreed to by written contract;

(5) "Transportation network company driver" or "driver", an individual who:

(a) Receives connections to potential riders and related services from a transportation network company in exchange for payment of a fee to the transportation network company; and

(b) Uses a personal vehicle to offer or provide a prearranged ride to riders upon connection through a digital network controlled by a transportation network company in return for compensation or payment of a fee;

(6) "Transportation network company rider" or "rider", an individual or persons who use a transportation network company's digital network to connect with a transportation network driver who provides prearranged rides to the rider in the driver's personal vehicle between points chosen by the rider.

387.602. Notwithstanding any other provision of law, transportation network companies shall not be considered common carriers, contract carriers, or motor carriers, as defined under section 390.020, or for-hire vehicle service. A transportation network company driver shall not be required to register any vehicle the driver uses to provide prearranged rides as a commercial vehicle or as a for-hire vehicle.

387.604. Beginning August 28, 2016, any person operating a transportation network company in the state shall be required to obtain a permit from the department of revenue. The department shall issue permits to applicants who meet the requirements for a transportation network company as provided under sections 387.600 to 387.630 and who pay an annual, nonrefundable permit fee of five thousand dollars to the department. While operating as a transportation network company, such company shall maintain an agent for service of process within the state of Missouri.

387.608. On behalf of a transportation network company driver, a transportation network company may charge a fare for the services provided to riders; provided that, if a fare is collected from a rider, the transportation network company shall disclose to the rider the fare calculation method in the vehicle on its website or within the software application service. The transportation network company shall also provide riders with the applicable rates being charged and the option to receive an estimated fare before the rider enters the transportation network company driver's vehicle.

387.610. The transportation network company shall meet the requirements of either subsection of this section at its option:

(1) Display in its software application or website a picture of the transportation network driver and the license plate number of the motor vehicle utilized for providing the prearranged ride before the passenger enters the transportation network company driver's vehicle; or

(2) Have clearly visible external markings on the front and back or both sides of the transportation network motor vehicles to easily identify the vehicle as a transportation network vehicle. Vehicle markings shall be no less than six inches tall and six inches wide. The transportation network driver shall display photo identification within the vehicle at all times.

387.612. After the completion of a prearranged ride secured on a digital network, within a reasonable period of time following the completion of a trip, a transportation network company shall transmit an electronic receipt to the transportation network company rider on behalf of the transportation network company driver that lists:

(1) The origin and destination of the trip;

(2) The total time and distance of the trip; and

(3) An itemization of the total fare paid, if any.

387.620. Drivers shall be independent contractors and not employees of the transportation network company if all of the following conditions are met:

The zero tolerance policy shall address the use of drugs or alcohol while a transportation network company driver is providing prearranged rides or is logged into the transportation network company's digital network but is not providing prearranged rides, and the transportation network company shall provide notice of this policy on its website, as well as procedures to report a complaint about a driver with whom a rider was matched and whom the rider reasonably suspects was under the influence of drugs or alcohol during the course of the trip.

2. Upon receipt of a rider complaint alleging a violation of the zero tolerance policy, the transportation network company shall immediately suspend such transportation network company driver's access to the transportation network company's digital network, and shall conduct an investigation into the reported incident. The suspension shall last the duration of the investigation.

3. The transportation network company shall maintain records relevant to the enforcement of this requirement for a period of at least two years from the date that a rider complaint is received by the transportation network company.

387.624. 1. Before allowing an individual to accept trip requests through a transportation network company's digital network:

(1) The individual shall submit an application to the transportation network company, which includes information regarding his or her address, age, driver's license, driving history, motor vehicle registration, automobile liability insurance, and other information required by the transportation network company;

(a) Multi-State/Multi-Jurisdiction Criminal Records Locator or other similar commercial nationwide database with validation; and

(b) National Sex Offender Registry database;

(3) The transportation network company shall obtain and review a driving history research report for such individual.

2. The transportation network company shall not permit an individual to act as a transportation network company driver on its digital network who:

(7) Is not at least nineteen years of age.

3. A transportation network company driver who is qualified to accept trip requests through a transportation network company's digital network under this section shall not be required to obtain any other state or local license or permit to provide prearranged rides.

387.626. The transportation network company shall not allow a transportation network company driver to accept trip requests through the transportation network company's digital network unless any motor vehicle or vehicles that a transportation network company driver will use to provide prearranged rides meets the inspection requirements of section 307.350.

387.627. 1. The transportation network company shall adopt a policy of nondiscrimination with respect to riders and potential riders and notify transportation network company drivers of such policy.

2. Transportation network company drivers shall comply with all applicable laws regarding nondiscrimination against riders or potential riders.

3. Transportation network company drivers shall comply with all applicable laws relating to accommodation of service animals.

4. A transportation network company shall not impose additional charges for providing services to persons with physical disabilities because of those disabilities.

387.628. A transportation network company shall maintain the following customer records:

(2) Individual records of transportation network company driver customers at least until the one year anniversary of the date on which a transportation network company driver's customer relationship with the transportation network company has ended.

387.630. 1. Notwithstanding any other provision of law, transportation network companies and transportation network company drivers are governed exclusively by sections 387.600 to 387.630 and any rules promulgated by the State of Missouri consistent with such sections. No municipality or other local or state entity may impose a tax on or require a license for a transportation network company, a transportation network company driver, or a vehicle used by a transportation network company driver where such tax or licenses relates to providing prearranged rides, or subject a transportation network company to the municipality or other local or state entity's rate, entry, operational requirements, or other requirements. Nothing in this section shall apply to an earnings tax.

2. The department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

387.632. 1. Beginning August 28, 2016, and annually thereafter, a taxicab, a taxicab driver, a taxicab company as those terms are defined in section 67.1800, shall make an election filed with the department of revenue to comply with either:

House Committee Amendment No. 3

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill No. 663, Page 31, Section 301.559, Line 66, by inserting after all of said section and line the following:

*"302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) A business, occupation, or employment;

(b) Seeking medical treatment for such operator;

(c) Attending school or other institution of higher education;

(d) Attending alcohol- or drug-treatment programs;

(e) Seeking the required services of a certified ignition interlock device provider; or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator,

the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of subdivision (6) of this subsection if such person has a license denial under paragraph (a) or (b) of subdivision (8) of this subsection or on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license revocation under subdivision (2) of subsection 2 of section 302.525, or section 302.574 or 577.041, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving

privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have a photo identification technology feature, and a court may require a global positioning system feature for such device.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons:

(a) A conviction of any felony in the commission of which a motor vehicle was used and such conviction occurred within the five-year period prior to the date of application. However, any felony conviction for leaving the scene of an accident under section 577.060 shall not render the applicant ineligible for a limited driving privilege under this section;

(b) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), or (10) of subsection 1 of section 302.060; or

(c) Due to a suspension pursuant to subdivision (8) or (10) of subsection 1 of section 302.302 or subsection 2 of section 302.525.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of acting with criminal negligence while driving while intoxicated to cause the death of another person, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified

ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(9) A DWI docket or court established under section 478.007**, or a veterans treatment court established under section 478.008,** may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law.

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) A business, occupation, or employment;

(b) Seeking medical treatment for such operator;

(c) Attending school or other institution of higher education;

(d) Attending alcohol or drug treatment programs;

(e) Seeking the required services of a certified ignition interlock device provider; or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator,

the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of paragraph (a) of subdivision (6) of this subsection on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license denial under paragraph (a) or (b) of subdivision (8)

of this subsection, or a license revocation under paragraph (g) of subdivision (6) of this subsection, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have photo identification technology and global positioning system features.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of subsection 1 of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for failure to submit to a chemical test pursuant to section 577.041 or due to a refusal to submit to a chemical test in any other state, unless such person has completed the first ninety days of such revocation and files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, provided the person is not otherwise ineligible for a limited driving privilege;

(f) Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or

(g) Due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed the first forty-five days of such revocation, provided the person is not otherwise ineligible for a limited driving privilege.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of involuntary manslaughter while operating a motor vehicle in an intoxicated condition, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(9) A DWI docket or court established under section 478.007**, or a veterans treatment court established under section 478.008,** may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. The DWI docket or court**, or veterans treatment court,** shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void."; and

House Committee Amendment No. 4

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill No. 663, Page 135, Section 610.100, Line 173, by inserting after all of said section and line the following:

"**610.205. 1. Crime scene photographs and video recordings, including photographs and video recordings created or produced by a state or local agency or by a perpetrator or suspect at a crime scene that depict or describe a deceased person in a state of dismemberment, decapitation, or similar mutilation including, without limitation, where the deceased person's genitalia are exposed, may be designated closed by a law enforcement agency, provided, however, that this section shall not prohibit disclosure of such material to the deceased's next of kin or to an individual who has secured a written release from the next of kin. It shall be the responsibility of the next of kin to show proof of the familial relationship. For purposes of such access, the deceased's next of kin shall be:**

(1) The spouse of the deceased if living;

(2) If there is no living spouse of the deceased, an adult child of the deceased; or

(3) If there is no living spouse or adult child, a parent of the deceased.

2. Subject to the provisions of subsection 3 of this section, a circuit court judge may order the disclosure of such photographs or video recordings upon findings in writing that disclosure is in the public interest and outweighs any privacy interest that may be asserted by the deceased person's next of kin. In making such determination, the court shall consider whether such disclosure is necessary for public evaluation

of governmental performance, the seriousness of the intrusion into the family's right to privacy, and whether such disclosure is the least intrusive means available considering the availability of similar information in other public records. In any such action, the court shall review the photographs or video recordings in question in camera with the custodian of the crime scene materials present and may condition any disclosure on such condition as the court may deem necessary to accommodate the interests of the parties.

3. Prior to releasing any crime scene material described in subsection 1 of this section, the custodian of such material shall give the deceased person's next of kin at least two weeks' notice. No court shall order a disclosure under subsection 2 of this section which would disregard or shorten the duration of such notice requirement.

4. The provisions of this section shall apply to all undisclosed material, as described in subsection 1 of this section, which is in the custody of a state or local agency on the effective date of this section and to any such material which comes into the custody of a state or local agency after such date.

5. The provisions of this section shall not apply to disclosure of crime scene material to counsel representing a convicted defendant in a habeas corpus action, on a motion for new trial, or in a federal habeas corpus action under 28 U.S.C. Section 2254 or 2255 for the purpose of preparing to file or litigating such proceedings. Counsel may disclose such materials to his or her client and any expert or investigator assisting counsel but shall not otherwise disseminate such materials, except to the extent they may be necessary exhibits in court proceedings. A request under this subsection shall clearly state that such request is being made for the purpose of preparing to file and litigate proceedings enumerated in this subsection.

6. The director of the department of public safety shall promulgate rules and regulations governing the viewing of materials described in subsection 1 of this section."; and

"**217.151. 1. This section shall be known and may be cited as the Pregnant Offender Transportation, Evaluation, and Correctional Treatment Act, or the ProTECT Act.**

2. For purposes of this section, "extraordinary circumstances" exist when a chief administrative officer or their designee makes a determination that restraints are necessary to prevent a pregnant or postpartum offender from escaping or seriously injuring herself, her unborn or newborn child, medical or correctional personnel, or others. For purposes of this section, "postpartum" is the period of recovery immediately following childbirth, which is six weeks for a vaginal birth or eight weeks for a cesarean birth, or longer if so determined by a physician or nurse.

3. The department shall establish by rule under section 217.040, policies and procedures for the transportation, evaluation, and treatment of pregnant and postpartum offenders consistent with the statutes of this state. The department shall consult with physicians, nursing, correctional, and other professional organizations in establishing such rules. Such rules shall include, but need not be limited to:

(1) Any time restraints are used on a pregnant offender during the second or third trimester or on a postpartum offender for forty-eight hours post-delivery, the restraints shall be the least restrictive available and the most reasonable under the circumstances. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

SIXTY-SEVENTH DAY, MONDAY, MAY 9, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Representative Kenneth Wilson.

Almighty God, Creator of all things, Giver of every good and perfect gift, hear our prayer, as we humbly bow before You and seek Your blessing upon our day, upon each member of this honorable body, and upon each person within the walls of this beautiful building.

Father, as we begin the work of this last week of session, with all the activity and demands that wait before us, may we not forget why we serve and whom we serve. Let us not forget the members of this body and their loved ones who need healing, who are hurting, and to those who sorrow.

Father, in your loving kindness, be near to those whose names we whisper in our hearts and minister to them according to their needs.

Father, may You grant mercy upon each of us, give us peace of mind, and supply our needs of tired bodies, jaded spirits, and frayed nerves.

Father, we pray for courage, for strength and guidance as we serve in this position of great responsibility. May we also remember that while our service here is important, we all return to our respective homes and continue our daily lives and responsibilities just like everyone else. That just like everyone else, we return home and cut the grass and take out the trash. May we always remember that our service to this great state is a gift. It is a stewardship. It is temporary, and we are always, always accountable.

Father, I pray that each of us who serve in this seat of power can be true to ourselves, true to the citizens of this great state, and true to our service to You. Father, keep us humble...keep us humble...keep us humble...I pray.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jackson Hill, Maxwell Reed Jones, and Rebekah Bommel.

The Journal of the sixty-fifth day was approved as printed by the following vote:

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 932, Page 2, Section 370.230, Line 23, by inserting after all of said section and line the following:

"**375.971. 1. As used in this section, the following terms mean:**

(1) "Federal home loan bank", a federal home loan bank established under the federal Home Loan Bank Act, 12 U.S.C. Section 1421, et seq.;

(2) "Insurer-member", an insurer who is a member of a federal home loan bank.

2. Notwithstanding any other provision to the contrary, no federal home loan bank shall be stayed or prohibited from exercising its rights regarding collateral pledged by an insurer-member.

3. If a federal home loan bank exercises its rights regarding collateral pledged by an insurer-member who is subject to a delinquency proceeding, the federal home loan bank shall repurchase any outstanding capital stock that is in excess of that amount of federal home loan bank stock that the insurer-member is required to hold as a minimum investment, to the extent the federal home loan bank in good faith determines the repurchase to be permissible under applicable laws, regulations, regulatory obligations, and the federal home loan bank's capital plan, and consistent with the federal home loan bank's current capital stock practices applicable to its entire membership.

4. Following the appointment of a receiver for an insurer-member, the federal home loan bank shall, within ten business days after a request from the receiver, provide a process and establish a timeline for the following:

(4) The possible redemption or repurchase of federal home loan bank stock or excess stock of any class that an insurer-member is required to own.

5. Upon request from a receiver, the federal home loan bank shall provide any available options for an insurer-member subject to a delinquency proceeding to renew or restructure a loan to defer associated prepayment fees, subject to market conditions, the terms of any loans outstanding to the insurer-member, the applicable policies of the federal home loan bank, and the federal home loan bank's compliance with federal laws and regulations.

6. Notwithstanding any other provision of law to the contrary, the receiver for an insurer-member shall not void any transfer of, or any obligation to transfer, money or any other property arising under or in connection with any federal home loan bank security agreement, or any pledge, security, collateral, or guarantee agreement, or any other similar arrangement or credit enhancement relating to a federal home loan bank security agreement made in the ordinary course of business and in compliance with the applicable federal home loan bank agreement. However, a transfer may be avoided under this subsection if the transfer was made with intent to hinder, delay, or defraud the insurer-member, the receiver for the insurer-member, or existing or future creditors. This subsection shall not affect a receiver's rights regarding advances to an insurer-member in delinquency proceedings under 12 CFR Part 1266.4."; and

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the county shall have no power to impose the sales tax as herein authorized unless and until the governing body of the county submits another proposal to authorize the governing body of the county to impose the sales tax under the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

3. The sales tax may be imposed at a rate of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, or one-half of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525.

4. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

5. In any first class county having a charter form of government and having a population of nine hundred thousand or more, the proceeds of the sales tax authorized by this section shall be distributed so that an amount equal to three-eighths of the proceeds of the tax shall be distributed to the county and the remaining five-eighths shall be distributed to the cities, towns and villages and the unincorporated area of the county on the ratio that the population of each bears to the total population of the county. The population of each city, town or village and the unincorporated area of the county and the total population of the county shall be determined on the basis of the most recent federal decennial census.

6. In any county of the second classification with more than nineteen thousand seven hundred but fewer than nineteen thousand eight hundred inhabitants, the proceeds of the sales tax authorized by this section shall be

distributed so that an amount equal to three-fourths of the proceeds of the tax shall be distributed to the county and the remaining one-fourth shall be distributed equally among the incorporated cities, towns, and villages of the county. Upon request from any city, town, or village within the county, the county shall make available for inspection the distribution report provided to the county by the department of revenue. Any expenses incurred by the county in supplying such report to a city, town, or village shall be paid by such city, town, or village.

7. In any first class county having a charter form of government and having a population of nine hundred thousand or more, no tax shall be imposed pursuant to this section for the purpose of funding in whole or in part the construction, operation or maintenance of a sports stadium, field house, indoor or outdoor recreational facility, center, playing field, parking facility or anything incidental or necessary to a complex suitable for any type of professional sport or recreation, either upon, above or below the ground.

8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county."; and

House Amendment No. 7

AMEND Part II of House Committee Substitute for Senate Substitute for Senate Bill No. 799, Page 1, Section A, Line 6, by inserting immediately after said line the following:

"92.096. 1. Sections 92.096 to 92.102 shall be known and may be cited as the "Prepaid Wireless Telecommunications Business License Tax Act".

2. As used in sections 92.096 to 92.102, unless the context clearly requires otherwise, the following terms mean:

(1) "Business license tax", any tax, including any fee, charge, or assessment in the nature of a tax, assessed by a municipality on a telecommunications company for the privilege of doing business within the borders of such municipality, and specifically includes any tax assessed on a telecommunications company by a municipality under sections 66.300 and 80.090; under section 92.045, 92.073, 94.110, 94.270, or 94.360; or under authority granted in its charter, as well as an occupation license tax, gross receipts tax, franchise tax, or similar tax, but shall not include:

(a) Any state or municipal sales or use tax imposed under sections 32.085 and 32.087 or under sections 144.010 to 144.525;

(b) Any municipal right-of-way usage fee imposed under the authority of a municipality's police powers under section 253(c) of the federal Telecommunications Act of 1996 (47 U.S.C. Section 253(c)), as amended, or under sections 67.1830 to 67.1846;

(c) Any tax or fee levied for emergency services under section 190.292, 190.305, 190.325, 190.335, or 190.430, or any tax authorized by the general assembly on or after the effective date of this section for emergency services; or

(d) Any flat tax duly imposed;

(2) "Gross receipts", receipts from the sale of prepaid wireless telecommunications service;

(3) "Municipal", of or relating to a municipality;

(4) "Municipality", any city, county, town, or village in Missouri entitled by authority of section 66.300, 80.090, 92.045, 92.073, 94.110, 94.270, or 94.360, or under authority granted in its charter to assess a business license tax on telecommunications companies;

(5) "Prepaid wireless telecommunications service", a wireless telecommunications service that is paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount or expiration of time;

(6) "Retail sale", the sale of wireless telecommunications service by a telecommunications company for use or consumption and not for resale;

(7) "Telecommunications company", any company doing business in this state that provides wireless telecommunications service, whether a facilities-based carrier or reseller. For purposes only of sections 92.096 to 92.102, the term "telecommunications company" shall include a third-party retailer of a provider's wireless telecommunications service. To the extent a company that would otherwise qualify as a telecommunications company makes a sale of prepaid wireless telecommunications services that is for resale, the company is not considered a telecommunications company for purposes of sections 92.096 to 92.102 and is not responsible for the business license tax on those sales for resale;

(8) "Telecommunications service", the same meaning as such term is defined under subdivision (14) of subsection 1 of section 144.010;

(9) "Wireless telecommunications service", telecommunications service that is commercial mobile radio service, as such term is defined in 47 CFR 20.3, as amended. The term "exchange telephone service", as used in section 66.300, shall include wireless telecommunications service. The terms "telecommunications service", "telephone service", or "exchange telephone service", or similar terms, in any section or ordinance relating to a business license tax shall include wireless telecommunications service.

92.098. Notwithstanding any provisions of this chapter or chapter 66, 80, or 94, or the provisions of any municipal charter, after the effective date of this section, no municipality shall impose any business license tax on the gross receipts of a telecommunications company derived from the business of providing prepaid wireless telecommunications service, except as specified under sections 92.096 to 92.102. Sections 92.096 to 92.102 shall not apply to business license taxes on gross receipts other than gross receipts derived from prepaid wireless telecommunications service.

92.099. 1. As used in this section, the term "authorized depository" means an entity which is a wholly owned instrumentality of member municipalities, such as the Missouri Municipal League.

2. Notwithstanding any other provision of the law, a payment in lieu of any business license tax described under sections 92.096 to 92.102 may, at the option of the telecommunications company remitting the business license tax, be remitted directly to the requisite municipality, or to the authorized depository. Such payment in lieu of a tax shall consist of ten percent of gross receipts derived from the business of providing prepaid wireless telecommunications service as determined under section 92.102 during each calendar year commencing with the effective date of sections 92.096 to 92.102. A sworn statement showing such gross receipts shall be filed within thirty days after the close of the preceding calendar year, and such payment in lieu of a tax shall be remitted at the time of filing. If a telecommunications company elects to remit such payment in lieu of a tax directly to less than all requisite municipalities, it shall list in such sworn statement the municipalities it remitted such payment in lieu of a tax to directly.

3. All such payments in lieu of a tax collected by the authorized depository, less one percent for the cost of collection, shall be deposited in a special trust fund in a banking institution acting as a legal depository of public funds under the statutes of Missouri and shall be secured by the deposit of securities of the character prescribed by section 30.270 for the security of funds deposited by the state treasurer. The moneys in the special trust fund shall not be deemed funds of the authorized depository and shall not be commingled with any funds of the authorized depository. The authorized depository shall not be responsible for any loss of the funds through the negligence or failure of any banking institution acting as a legal depository of public funds.

4. The authorized depository shall keep accurate records of the amount of money in the special trust fund, and the records shall be open to the inspection of officers of municipalities and the public. Not later than the tenth day of each month the authorized depository shall distribute all moneys deposited in the special trust fund during the preceding month, to the municipal treasurer, or such other officer as may be designated by municipal ordinance, of each municipality imposing such business license tax, with such

distribution based upon the sum due the municipality. All interest, if any, on the moneys deposited in the special trust fund shall go to the authorized depository for the cost of collection.

5. The authorized depository may make refunds from the amounts in the special trust fund and credited to any municipality for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such municipalities. If any municipality abolishes such business license tax, the municipality shall notify the authorized depository of the action as soon as practicable but not more than thirty days after the effective date of the repeal.

6. The executive director of the authorized depository and any assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into their hands under the provisions of sections 92.096 to 92.102 shall enter into a surety bond or bonds with a surety company in the aggregate amount of not less than five hundred thousand dollars payable to any and all taxing municipalities in whose behalf the funds have been collected, conditioned on the faithful performance of their duties under this section and the satisfactory accounting of all moneys received by them. The authorized depository may enter into a blanket bond in such amount covering the executive director and all such assistants and employees. The cost of any premium for such bonds shall be paid by the authorized depository from the share of the collections under sections 92.096 to 92.102 retained by the authorized depository for its collection cost.

7. If the authorized depository is unable or unwilling to perform its duties or responsibilities under this section, it shall notify the director of revenue at least ninety days prior to ceasing to serve as the authorized depository and the director of revenue shall collect and distribute in the same manner such payment in lieu of any business license tax that is not remitted directly to the requisite municipality.

92.100. 1. Nothing in this section shall have the effect of repealing any existing ordinance imposing a business license tax on a telecommunications company; provided that, a city with an ordinance in effect prior to the effective date of this section complies with the provisions of sections 92.096 to 92.102.

2. Any business license tax imposed on the gross receipts of a telecommunications company derived from the business of providing prepaid wireless telecommunications service after the effective date of this section shall be imposed only on the gross receipts from retail sales.

92.102. 1. The gross receipts of a telecommunications company derived from the business of providing prepaid wireless telecommunications service shall be deemed derived from engaging in business in a municipality and subject to the municipality's business license tax as follows:

(1) If the retail sale is effected in person by the customer at the business location of the telecommunications company, by the municipality within whose limits the business location lies; or

(2) If the retail sale is not effected in person at the telecommunications company's business location, by the municipality within whose limits the customer's residence or, for nonresidential customers, the principal place of operations lies, as obtained during the consummation of the sale, and as may be indicated by the address of the customer's payment instrument; or

(3) If the retail sale is not effected in person by the customer at the business location of the telecommunications company and an address cannot be obtained during the consummation of the sale or is otherwise not available, then the sale shall be subject to such tax by attributing the sale to a location determined in a reasonable manner that is supported by the telecommunications company's books and records. A method that attributes the total of all such sales with respect to each area code to municipalities in proportion to the telecommunications company's total sales of prepaid wireless telecommunications service within the area code shall be deemed reasonable. If a telecommunications company attributes the sale as described under this subdivision, it shall provide a description of such attribution to impacted municipalities at the time that such taxes are paid.

2. A telecommunications company deriving gross receipts from selling prepaid wireless telecommunications service to a retail customer shall be responsible for obtaining and maintaining information to determine the taxing municipality and remitting the business license tax thereon to the municipality.

3. If the telecommunications company's reliance on the information provided is in good faith, a municipality shall not hold the telecommunications company liable for any additional taxes, charges, or fees based on a different determination.

4. Any telecommunications company may recover from its customers through a line item charge, or otherwise, all or part of the business license tax, including an additional convenience fee of up to three percent of the business license tax applicable to the transaction."; and

Further amend said bill, Page 23, Section 417.220, Line 19, by inserting immediately after said line the following:

The operator of a motorboat shall not allow any person to ride or sit on the gunwales, decking over the bow, railing, top of seat back or decking over the back of the motorboat while under way, unless such person is inboard of adequate guards or railing provided on the motorboat to prevent a passenger from being lost overboard. As used in this section, the term "adequate guards or railing" means guards or railings having a height parameter of at least six inches but not more than eighteen inches. Nothing in this section shall be construed to mean that passengers or other persons aboard a motorboat cannot occupy the decking over the bow of the boat to moor it to a mooring buoy or to cast off from such a buoy, or for any other necessary purpose. The provisions of this section shall not apply to vessels propelled by sail**, outboard jet motors, or vessels not originally manufactured with adequate guards or railing**.

House Amendment No. 9

AMEND Part II of House Committee Substitute for Senate Substitute for Senate Bill No. 799, Page 1, Section 136.005, Line 8, by inserting after all of said section and line the following:

"144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under sections 144.010 to 144.510 or sections 143.191 to 143.261 shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business where goods are sold at retail. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or

any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.

6. Beginning January 1, 2017, a statement from the department of revenue stating no tax is due as required in this section shall be submitted by any person or entity that submits any bid to perform any work on any project upon which public funds are expended. All bids submitted shall also include a copy of the bidder's city and county business licenses, if applicable. No bid shall be awarded to any person or entity that submits any bid but fails to submit the statement that no tax is due and a copy of all the bidder's applicable business licenses as required in this subsection."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The surcharge authorized under this section shall be equal to five percent of the costs of such rentals. The surcharge authorized under this section shall be in addition to all other sales taxes and charges imposed by law and shall be stated separately from all other charges and taxes.**

2. No such order or ordinance adopted under this section shall become effective unless the governing body of the county submits to the voters residing within the county at a state general, primary, or special election a proposal to authorize the governing body to impose a surcharge under this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the surcharge shall become effective on the first day of the second calendar quarter after the adoption of the surcharge. If a majority of the votes cast on the proposal by the qualified voters voting thereon are opposed to the proposal, then the surcharge shall not become effective unless and until the question is again submitted to the voters and the voters approve such proposal. No proposal under this subsection shall be submitted to voters within one year of a previous proposal submitted to voters under this subsection.

3. All revenue collected under this section shall be deposited in a special trust fund, which is hereby created and shall be known as the "County Emergency and Public Safety Services Surcharge Fund", and shall be used solely to offset the costs of providing emergency medical and public safety services within the county, including the costs associated with the construction and maintenance of a county jail. The collection of the surcharges imposed by this section shall be computed in accordance with schedules or systems approved by the governing body of the county. No surcharge shall be charged on any sale of one dollar or less.

The governing body of any county that has adopted the surcharge authorized under this section may submit the question of repeal of the surcharge to the voters on any date available for elections for the county. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the surcharge authorized in this section shall remain effective until the question is again submitted to the qualified voters under this subsection, and the repeal is approved by a majority of the qualified voters voting on the question.

6. Whenever the governing body of any county that has adopted the surcharge authorized in this section receives a petition, signed by a number of registered voters of the county equal to at least ten percent of the number of registered voters of the county voting in the last gubernatorial election, calling for an election to repeal the surcharge imposed under this section, the governing body shall submit to the voters a proposal to repeal the surcharge. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the surcharge authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. If the surcharge is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the surcharge and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the surcharge, the county treasurer or equivalent official shall remit the balance in the account to the general fund of the county and close the special trust fund."; and

A road district located in two counties shall not be disincorporated until it is disincorporated in each county in which it is located.

9. The county commission or similar authority shall have the power to combine two or more road districts organized under sections 233.170 to 233.315 upon request by a petition signed by a majority of the commissioners in each of the road districts seeking to be combined.

10. The petition presented to the county commission or similar authority shall set forth the request that the road districts desire to be consolidated and shall set forth the proposed name of the new road district. If a petition is submitted as authorized in this section, then the county commission or similar authority shall hold a public hearing at a place and time it designates after it has published notice of the hearing for four consecutive weeks in a newspaper of general circulation in the county.

11. After such hearing, if it is the opinion of the county commission that the public good will be advanced by the consolidation of the districts, then the county commission or similar authority shall issue its order consolidating the districts and in its order set the effective date of the consolidation.

12. Upon consolidation, the county commission or similar authority shall appoint the three initial commissioners of the consolidated district, one for a term of one year, one for a term of two years, and one for a term of three years.

13. Upon consolidation, all assets and liabilities of the combined districts shall vest in the new consolidated district. In the event the tax levies of the combined districts are different, then the initial tax levy for the consolidated district shall be the lower of the districts which were combined until changed as provided by statute.

14. The county commission or similar authority shall have the power to make deeds, bills of sale, or other instruments transferring the assets of the districts combined to the new consolidated district and shall have all other powers necessary to effectuate the consolidation and transfer of all assets and liabilities to the consolidated road district.

HCS SB 735, relating to judicial proceedings, was taken up by Representative Cornejo.

Representative McCaherty offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 735, Page 1, Section A, Line 5, by inserting after all of said section and line the following:

"452.375. 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) "Custody" means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) **"In vitro human embryo", any human embryo at any stage of development which is not conceived within a female;**

(3) "Joint legal custody" means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

[(3)**] (4)** "Joint physical custody" means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

[(4)**] (5) "Surrogate", a woman who is not an ovum donor, but in whose womb an in vitro human embryo is implanted;**

(6) "Third-party custody" means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

2. The court shall determine custody in accordance with the best interests of the child. The court shall consider all relevant factors including:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

(5) The child's adjustment to the child's home, school, and community;

(6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;

(7) The intention of either parent to relocate the principal residence of the child; and

(8) The wishes of a child as to the child's custodian.

The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

(a) A felony violation of section 566.030, 566.032, 566.040, 566.060, 566.062, 566.064, 566.067, 566.068, 566.070, 566.083, 566.090, 566.100, 566.111, 566.151, 566.203, 566.206, 566.209, 566.212, or 566.215;

(b) A violation of section 568.020;

(c) A violation of subdivision (2) of subsection 1 of section 568.060;

(d) A violation of section 568.065;

(e) A violation of section 568.080;

(f) A violation of section 568.090; or

(g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection **[**7**]** **8** of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by

the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child, including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

11. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

12. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

13. If the court finds that domestic violence or abuse, as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.

14. If a dispute is brought before a court of this state involving the custody of in vitro human embryos, the court shall render a decision according to the following standards:

(1) The court shall determine custody in accordance with the best interest of the in vitro human embryo. It is presumed that it is in the best interest of the in vitro human embryo to place him or her in the custody of the ovum donor or spermatozoon donor who intends to develop the in vitro human embryo to birth, subject to rebuttal evidence;

(2) The court shall resolve the dispute between the parties in the manner that provides the best chance for the in vitro human embryo to develop and grow. The court shall not approve either the termination of the in vitro human embryo or an outcome that leaves the in vitro human embryo indefinitely in an environment in which it does not develop and grow;

(3) The following persons have standing to petition the court or to intervene in a case: the ovum donor, spermatozoon donor, the surrogate in which the in vitro human embryo at issue has been placed, or any other party involved in the negotiations for the creation of the in vitro human embryo at issue;

(4) The court may uphold an agreement between the parties to an action establishing or terminating parental rights as not against public policy. Notwithstanding the provisions of chapters 211 and 435, the noncustodial party may terminate his or her parental rights by filing an affidavit with the court. Upon receipt of such an affidavit, the court shall enter an order terminating such noncustodial party's parental rights. If parental rights have been terminated under this subdivision, then a claim for child support by the custodial party shall not be maintained against the noncustodial party; and

(5) All agreements brought before the court concerning the disposition of in vitro human embryos shall be subject to the provisions of this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

"144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. A person is "engaging in business" in this state for purposes of sections 144.010 to 144.525 if such person "engages in business in this state" or "maintains a place of business in this state" under section 144.605. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) "Captive wildlife", includes but is not limited to exotic partridges, gray partridge, northern bobwhite quail, ring-necked pheasant, captive waterfowl, captive white-tailed deer, captive elk, and captive furbearers held under permit issued by the Missouri department of conservation for hunting purposes. The provisions of this subdivision shall not apply to sales tax on a harvested animal;

(4) "Gross receipts", except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term "gross receipts" shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid;

(5) "Livestock", cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as **[**defined**]** **described** in section 277.024, llamas, alpaca, buffalo, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, or rabbits raised in confinement for human consumption;

(6) "Motor vehicle leasing company" shall be a company obtaining a permit from the director of revenue to operate as a motor vehicle leasing company. Not all persons renting or leasing trailers or motor vehicles need to obtain such a permit; however, no person failing to obtain such a permit may avail itself of the optional tax provisions of subsection 5 of section 144.070, as hereinafter provided;

(7) "Person" includes any individual, firm, copartnership, joint adventure, association, corporation, municipal or private, and whether organized for profit or not, state, county, political subdivision, state department, commission, board, bureau or agency, except the state transportation department, estate, trust, business trust, receiver or trustee appointed by the state or federal court, syndicate, or any other group or combination acting as a unit, and the plural as well as the singular number;

(8) "Purchaser" means a person who purchases tangible personal property or to whom are rendered services, receipts from which are taxable under sections 144.010 to 144.525;

(9) "Research or experimentation activities" are the development of an experimental or pilot model, plant process, formula, invention or similar property, and the improvement of existing property of such type. Research or experimentation activities do not include activities such as ordinary testing or inspection of materials or products for

quality control, efficiency surveys, advertising promotions or research in connection with literary, historical or similar projects;

(10) "Sale" or "sales" includes installment and credit sales, and the exchange of properties as well as the sale thereof for money, every closed transaction constituting a sale, and means any transfer, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property for valuable consideration and the rendering, furnishing or selling for a valuable consideration any of the substances, things and services herein designated and defined as taxable under the terms of sections 144.010 to 144.525;

(11) "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes of sections 144.010 to 144.525 and the tax imposed thereby: (i) purchases of tangible personal property made by duly licensed physicians, dentists, optometrists and veterinarians and used in the practice of their professions shall be deemed to be purchases for use or consumption and not for resale; and (ii) the selling of computer printouts, computer output or microfilm or microfiche and computer-assisted photo compositions to a purchaser to enable the purchaser to obtain for his or her own use the desired information contained in such computer printouts, computer output on microfilm or microfiche and computer-assisted photo compositions shall be considered as the sale of a service and not as the sale of tangible personal property. Where necessary to conform to the context of sections 144.010 to 144.525 and the tax imposed thereby, the term "sale at retail" shall be construed to embrace:

(a) Sales of admission tickets**[**, cash admissions,**]** **and** charges and fees **for admission** to **[**or in places of amusement, entertainment and recreation, games and athletic events**]** **spectate or for the purpose of reselling to spectate sporting events, dance performances, theater performances, orchestra, concerts, and other performing arts productions and amounts paid for admission to racetracks, arcades, theme and amusement parks, water parks, circuses, carnivals, festivals, air shows, museums, marinas, motion picture theaters, go-karts, miniature golf, zip lines, individual stand-alone amusement rides, and other tourist excursions. Such sales shall not include the amount paid or fees paid to or in any place having an exemption under subdivision (20), (21), or (22) of subsection 2 of section 144.030**;

(b) Sales of electricity, electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers;

(c) Sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations, and the sale, rental or leasing of all equipment or services pertaining or incidental thereto;

(d) Sales of service for transmission of messages by telegraph companies;

(e) Sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist camp, tourist cabin, or other place in which rooms, meals or drinks are regularly served to the public;

(f) Sales of tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane, and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(12) "Seller" means a person selling or furnishing tangible personal property or rendering services, on the receipts from which a tax is imposed pursuant to section 144.020;

(13) The noun "tax" means either the tax payable by the purchaser of a commodity or service subject to tax, or the aggregate amount of taxes due from the vendor of such commodities or services during the period for which he or she is required to report his or her collections, as the context may require;

(14) "Telecommunications service", for the purpose of this chapter, the transmission of information by wire, radio, optical cable, coaxial cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include the following if such services are separately stated on the customer's bill or on records of the seller maintained in the ordinary course of business:

(a) Access to the internet, access to interactive computer services or electronic publishing services, except the amount paid for the telecommunications service used to provide such access;

(b) Answering services and one-way paging services;

(c) Private mobile radio services which are not two-way commercial mobile radio services such as wireless telephone, personal communications services or enhanced specialized mobile radio services as defined pursuant to federal law; or

(15) "Product which is intended to be sold ultimately for final use or consumption" means tangible personal property, or any service that is subject to state or local sales or use taxes, or any tax that is substantially equivalent thereto, in this state or any other state.

2. For purposes of the taxes imposed under sections 144.010 to 144.525, and any other provisions of law pertaining to sales or use taxes which incorporate the provisions of sections 144.010 to 144.525 by reference, the term "manufactured homes" shall have the same meaning given it in section 700.010.

3. Sections 144.010 to 144.525 may be known and quoted as the "Sales Tax Law".

144.018. 1. Notwithstanding any other provision of law to the contrary, except as provided under subsection 2 or 3 of this section, when a purchase of tangible personal property or service subject to tax is made for the purpose of resale, such purchase shall be either exempt or excluded under this chapter if the subsequent sale is:

(1) Subject to a tax in this or any other state;

(2) For resale;

(3) Excluded from tax under this chapter;

(4) Subject to tax but exempt under this chapter; or

(5) Exempt from the sales tax laws of another state, if the subsequent sale is in such other state. The purchase of tangible personal property by a taxpayer shall not be deemed to be for resale if such property is used or consumed by the taxpayer in providing a service on which tax is not imposed by subsection 1 of section 144.020, except purchases made in fulfillment of any obligation under a defense contract with the United States government.

2. For purposes of subdivision (2) of subsection 1 of section 144.020, a place of amusement, entertainment or recreation, including games or athletic events, shall remit tax on the amount paid for admissions or seating accommodations**[**, or fees paid**]** to**[**, or in**]** such place of amusement, entertainment or recreation. Any subsequent sale of such admissions or seating accommodations shall not be subject to tax if the initial sale was an arms length transaction for fair market value with an unaffiliated entity. If the sale of such admissions or seating accommodations is exempt or excluded from payment of sales and use taxes, the provisions of this subsection shall not require the place of amusement, entertainment, or recreation to remit tax on that sale. **Such sales under subdivision (2) of subsection 1 of section 144.020 shall include sales of admission tickets and charges and fees for admission to spectate or for the purpose of reselling to spectate sporting events, dance performances, theater performances, orchestra, concerts and other performing arts productions and amounts paid for admission to racetracks, arcades, theme and amusement parks, water parks, circuses, carnivals, festivals, air shows, museums, marinas, motion picture theaters, go-karts, miniature golf, zip lines, individual stand-alone amusement rides, and other tourist excursions. Such sales shall not include the amount paid or fees paid to or in any place having an exemption under subdivision (20), (21), or (22) of subsection 2 of section 144.030.**

3. For purposes of subdivision (6) of subsection 1 of section 144.020, a hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public shall remit tax on the amount of sales or charges for all rooms, meals, and drinks furnished at such hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public. Any subsequent sale of such rooms, meals, or drinks shall not be subject to tax if the initial sale was an arms length transaction for fair market value with an unaffiliated entity. If the sale of such rooms, meals, or drinks is exempt or excluded from payment of sales and use taxes, the provisions of this subsection shall not require the hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public to remit tax on that sale.

4. The provisions of this section are intended to reject and abrogate earlier case law interpretations of the state's sales and use tax law with regard to sales for resale as extended in Music City Centre Management, LLC v. Director of Revenue, 295 S.W.3d 465, (Mo. 2009) and ICC Management, Inc. v. Director of Revenue, 290 S.W.3d 699, (Mo. 2009). The provisions of this section are intended to clarify the exemption or exclusion of purchases for resale from sales and use taxes as originally enacted in this chapter.

144.020. 1. A tax is hereby levied and imposed for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be titled under the laws of the state of Missouri and, except as provided in subdivision (9) of this subsection, upon all sellers for the privilege of engaging in the business of selling tangible personal property or rendering taxable service at retail in this state. The rate of tax shall be as follows:

(1) Upon every retail sale in this state of tangible personal property, excluding motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats and outboard motors required to be titled under the laws of the state of Missouri and subject to tax under subdivision (9) of this subsection, a tax equivalent to four percent of the purchase price paid or charged, or in case such sale involves the exchange of property, a tax equivalent to four percent of the consideration paid or charged, including the fair market value of the property exchanged at the time and place of the exchange, except as otherwise provided in section 144.025;

(2) A tax equivalent to four percent of the amount paid for admission **tickets** and **[**seating accommodations, or**]** **charges and** fees **[**paid**]** to**[**, or in any place of amusement, entertainment or recreation, games and athletic events**]** **spectate or for the purpose of reselling to spectate sporting events, dance performances, theater performances, orchestra, concerts and other performing arts productions and amounts paid for admission to racetracks, arcades, theme and amusement parks, water parks, circuses, carnivals, festivals, air shows, museums, marinas, motion picture theaters, go-karts, miniature golf, zip lines, individual stand-alone amusement rides, and other tourist excursions. Such sales shall not include the amount paid or fees paid to or in any place having an exemption under subdivision (20), (21), or (22) of subsection 2 of section 144.030;**

(3) A tax equivalent to four percent of the basic rate paid or charged on all sales of electricity or electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers;

(4) A tax equivalent to four percent on the basic rate paid or charged on all sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations and upon the sale, rental or leasing of all equipment or services pertaining or incidental thereto; except that, the payment made by telecommunications subscribers or others, pursuant to section 144.060, and any amounts paid for access to the internet or interactive computer services shall not be considered as amounts paid for telecommunications services;

(5) A tax equivalent to four percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(6) A tax equivalent to four percent on the amount of sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp or other place in which rooms, meals or drinks are regularly served to the public. The tax imposed under this subdivision shall not apply to any automatic mandatory gratuity for a large group imposed by a restaurant when such gratuity is reported as employee tip income and the restaurant withholds income tax under section 143.191 on such gratuity;

(7) A tax equivalent to four percent of the amount paid or charged for intrastate tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(8) A tax equivalent to four percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property had previously purchased the property under the conditions of sale at retail or leased or rented the property and the tax was paid at the time of purchase, lease or rental, the lessor, sublessor, renter or subrenter shall not apply or collect the tax on the subsequent lease, sublease, rental or subrental receipts from that property. The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. In no event shall the rental or lease of boats and outboard motors be considered

a sale, charge, or fee to, for**,** or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. Rental and leased boats or outboard motors shall be taxed under the provisions of the sales tax laws as provided under such laws for motor vehicles and trailers. Tangible personal property which is exempt from the sales or use tax under section 144.030 upon a sale thereof is likewise exempt from the sales or use tax upon the lease or rental thereof;

(9) A tax equivalent to four percent of the purchase price, as defined in section 144.070, of new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. This tax is imposed on the person titling such property, and shall be paid according to the procedures in section 144.440.

2. All tickets sold which are sold under the provisions of sections 144.010 to 144.525 which are subject to the sales tax shall have printed, stamped or otherwise endorsed thereon, the words "This ticket is subject to a sales tax.."; and

2. Each law enforcement agency of this state, of any county, and of any municipality shall maintain records of all incidents reported to the agency, investigations and arrests made by such law enforcement agency. All incident reports and arrest reports shall be open records. Notwithstanding any other provision of law other than the provisions of subsections **[**4, 5 and 6**] 5, 6, and 7** of this section or section 320.083, investigative reports of all law enforcement agencies are closed records until the investigation becomes inactive. If any person is arrested and not charged with an offense against the law within thirty days of the person's arrest, the arrest report shall thereafter be a closed record except that the disposition portion of the record may be accessed and except as provided in section 610.120.

3. Except as provided in subsections **[**4, 5, 6 and 7**] 5, 6, 7, and 8** of this section, if any portion of a record or document of a law enforcement officer or agency, other than an arrest report, which would otherwise be open, contains information that is reasonably likely to pose a clear and present danger to the safety of any victim, witness, undercover officer, or other person; or jeopardize a criminal investigation, including records which would disclose the identity of a source wishing to remain confidential or a suspect not in custody; or which would disclose techniques, procedures or guidelines for law enforcement investigations or prosecutions, that portion of the record shall be closed and shall be redacted from any record made available pursuant to this chapter.

4. **(1) Notwithstanding any other provision of this section or law to the contrary, any portion of a record or document of a law enforcement officer or agency, or public institution of higher education, involving a suicide or attempted suicide shall be a closed record for thirty days after the suicide or attempted suicide.**

(2) Notwithstanding the provisions of subsection 1 of this section, if a suicide occurred, such records shall be released prior to thirty days to any relative of the individual within the second degree of consanguinity or affinity upon request.

(3) Notwithstanding the provisions of subsection 1 of this section, in the case of an attempted suicide, such records shall be released to the individual who attempted to commit suicide at the individual's request or upon the request of the individual's parent or guardian if the individual is a minor, or the individual's spouse or relative within the second degree of consanguinity or affinity if the individual is incapacitated.

(4) Notwithstanding the provisions of subsection 1 of this section, in the case of suicide or attempted suicide, such records may be released for the following purposes:

(a) Criminal, civil, administrative, or other legal proceedings;

(b) Law enforcement investigative or other purposes;

(c) To any covered entity, as defined in the Health Insurance Portability and Accountability Act of 1996, as amended, that is providing or may provide services to any individual or his or her relative within the second degree of consanguinity or affinity; or

(d) If the release of such information is immediately necessary for the preservation of the health and safety of any individual or for public health and welfare.

5. Any person, including a family member of such person within the first degree of consanguinity if such person is deceased or incompetent, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section or section 610.150 for purposes of investigation of any civil claim or defense, as provided by this subsection. Any individual, his or her family member within the first degree of consanguinity if such individual is deceased or incompetent, his or her attorney or insurer, involved in an incident or whose property is involved in an incident, upon written request, may obtain a complete unaltered and unedited incident report concerning the incident, and may obtain access to other records closed by a law enforcement agency pursuant to this section. Within thirty days of such request, the agency

shall provide the requested material or file a motion pursuant to this subsection with the circuit court having jurisdiction over the law enforcement agency stating that the safety of the victim, witness or other individual cannot be reasonably ensured, or that a criminal investigation is likely to be jeopardized. If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

[5.**] 6.** Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of the information contained in an investigative report be released to the person bringing the action. In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity. The investigative report in question may be examined by the court in camera. The court may find that the party seeking disclosure of the investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

[6.**] 7.** Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to five thousand dollars and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 610.027. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.

[7.**] 8.** The victim of an offense as provided in chapter 566 may request that his or her identity be kept confidential until a charge relating to such incident is filed.

610.200. **1. Except as provided in subsection 2 of this section,** all law enforcement agencies that maintain a daily log or record that lists suspected crimes, accidents, or complaints shall make available the following information for inspection and copying by the public:

(1) The time, substance, and location of all complaints or requests for assistance received by the agency;

(2) The time and nature of the agency's response to all complaints or requests for assistance; and

(3) If the incident involves an alleged crime or infraction:

(a) The time, date, and location of occurrence;

(b) The name and age of any victim, unless the victim is a victim of a crime under chapter 566;

(c) The factual circumstances surrounding the incident; and

(d) A general description of any injuries, property or weapons involved.

2. Notwithstanding any other provision of law to the contrary, no law enforcement agency or public institution of higher education shall release any portion of a record or document of a law enforcement officer or agency involving a suicide or attempted suicide unless such release complies with the requirements of subsection 4 of section 610.100.

Section B. Because immediate action is necessary to ensure the well-being of medical students in this state, the enactment of sections 9.154, 191.594, and 191.596 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of sections 9.154, 191.594, and 191.596 of section A of this act shall be in full force and effect upon its passage and approval."; and

(3) In any school district classified as unaccredited or provisionally accredited where a charter school is operating and is sponsored by an entity other than the local school board, when the school district becomes classified as accredited without provisions, a charter school may continue to be sponsored by the entity sponsoring it prior to the classification of accredited without provisions and shall not be limited to the local school board as a sponsor.

A charter school operating in a school district identified in subdivision (1) or (2) of subsection 2 of this section may be sponsored by any of the entities identified in subsection 3 of this section, irrespective of the accreditation classification of the district in which it is located. A charter school in a district described in this subsection whose charter provides for the addition of grade levels in subsequent years may continue to add levels until the planned expansion is complete to the extent of grade levels in comparable schools of the district in which the charter school is operated.

5. 9. A sponsor of a charter school, its agents and employees are not liable for any acts or omissions of a charter school that it sponsors, including acts or omissions relating to the charter submitted by the charter school, the operation of the charter school and the performance of the charter school.

10. A charter school may affiliate with a four-year college or university, including a private college or university, or a community college as otherwise specified in subsection 3 of this section when its charter is granted by a sponsor other than such college, university or community college. Affiliation status recognizes a relationship between the charter school and the college or university for purposes of teacher training and staff development, curriculum and assessment development, use of physical facilities owned by or rented on behalf of the college or university, and other similar purposes. A university, college or community college may not charge or accept a fee for affiliation status.

11. The expenses associated with sponsorship of charter schools shall be defrayed by the department of elementary and secondary education retaining one and five-tenths percent of the amount of state and local funding allocated to the charter school under section 160.415, not to exceed one hundred twenty-five thousand dollars, adjusted for inflation. The department of elementary and secondary education shall remit the retained funds for each charter school to the school's sponsor, provided the sponsor remains in good standing by fulfilling its sponsorship obligations under sections 160.400 to 160.425 and 167.349 with regard to each charter school it sponsors, including appropriate demonstration of the following:

(4) Conducts contract oversight that evaluates performance, monitors compliance, informs intervention and renewal decisions, and ensures autonomy provided under applicable law; and

(5) Designs and implements a transparent and rigorous process that uses comprehensive data to make merit-based renewal decisions.

12. Sponsors receiving funds under subsection 11 of this section shall be required to submit annual reports to the joint committee on education demonstrating they are in compliance with subsection 17 of this section.

13. No university, college or community college shall grant a charter to a nonprofit corporation if an employee of the university, college or community college is a member of the corporation's board of directors.

14. No sponsor shall grant a charter under sections 160.400 to 160.425 and 167.349 without ensuring that a criminal background check and family care safety registry check are conducted for all members of the governing board of the charter schools or the incorporators of the charter school if initial directors are not named in the articles of incorporation, nor shall a sponsor renew a charter without ensuring a criminal background check and family care **safety** registry check are conducted for each member of the governing board of the charter school.

15. No member of the governing board of a charter school shall hold any office or employment from the board or the charter school while serving as a member, nor shall the member have any substantial interest, as defined in section 105.450, in any entity employed by or contracting with the board. No board member shall be an employee of a company that provides substantial services to the charter school. All members of the governing board of the charter school shall be considered decision-making public servants as defined in section 105.450 for the purposes of the financial disclosure requirements contained in sections 105.483, 105.485, 105.487, and 105.489.

16. A sponsor shall develop the policies and procedures for:

(1) The review of a charter school proposal including an application that provides sufficient information for rigorous evaluation of the proposed charter and provides clear documentation that the education program and academic program are aligned with the state standards and grade-level expectations, and provides clear documentation of effective governance and management structures, and a sustainable operational plan;

(2) The granting of a charter;

(3) The performance **[**framework**]** **contract** that the sponsor will use to evaluate the performance of charter schools**. Charter schools shall meet current state academic performance standards as well as other standards agreed upon by the sponsor and the charter school in the performance contract**;

(4) The sponsor's intervention, renewal, and revocation policies, including the conditions under which the charter sponsor may intervene in the operation of the charter school, along with actions and consequences that may ensue, and the conditions for renewal of the charter at the end of the term, consistent with subsections 8 and 9 of section 160.405;

(5) Additional criteria that the sponsor will use for ongoing oversight of the charter; and

(6) Procedures to be implemented if a charter school should close, consistent with the provisions of subdivision (15) of subsection 1 of section 160.405.

The department shall provide guidance to sponsors in developing such policies and procedures.

17. (1) A sponsor shall provide timely submission to the state board of education of all data necessary to demonstrate that the sponsor is in material compliance with all requirements of sections 160.400 to 160.425 and section 167.349. The state board of education shall ensure each sponsor is in compliance with all requirements under sections 160.400 to 160.425 and 167.349 for each charter school sponsored by any sponsor. The state board shall notify each sponsor of the standards for sponsorship of charter schools, delineating both what is mandated by statute and what best practices dictate. The state board shall evaluate sponsors to determine compliance with these standards every three years. The evaluation shall include a sponsor's policies and procedures in the areas of charter application approval; required charter agreement terms and content; sponsor performance evaluation and compliance monitoring; and charter renewal, intervention, and revocation decisions. Nothing shall preclude the department from undertaking an evaluation at any time for cause.

(2) If the department determines that a sponsor is in material noncompliance with its sponsorship duties, the sponsor shall be notified and given reasonable time for remediation. If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

(4) If the state board removes the authority to sponsor a currently operating charter school under any provision of law, the Missouri charter public school commission shall become the sponsor of the school.

18. If a sponsor notifies a charter school of closure under subsection 8 of section 160.405, the department of elementary and secondary education shall exercise its financial withholding authority under subsection 12 of section 160.415 to assure all obligations of the charter school shall be met. The state, charter sponsor, or resident district shall not be liable for any outstanding liability or obligations of the charter school.

160.403. 1. The department of elementary and secondary education shall establish an annual application and approval process for all entities eligible to sponsor charters as set forth in section 160.400 which are not sponsoring a charter school as of August 28, 2012**, except that the Missouri charter public school commission shall not be required to undergo the application and approval process**. No later than November 1, 2012, the department shall make available information and guidelines for all eligible sponsors concerning the opportunity to apply for sponsoring authority under this section.

2. The application process for sponsorship shall require each interested eligible sponsor**, except for the Missouri charter public school commission,** to submit an application by February first that includes the following:

(1) Written notification of intent to serve as a charter school sponsor in accordance with sections 160.400 to 160.425 and section 167.349;

(2) Evidence of the applicant sponsor's budget and personnel capacity;

(5) The applicant sponsor's renewal, revocation, and nonrenewal processes consistent with section 160.405.

3. By April first of each year, the department shall decide whether to grant or deny a sponsoring authority to a sponsor applicant. This decision shall be made based on the applicant **[**charter's**]** **sponsor's** compliance with sections 160.400 to 160.425 **and section 167.349** and properly promulgated rules of the department.

4. Within thirty days of the department's decision, the department shall execute a renewable sponsoring contract with each entity it has approved as a sponsor. The term of each authorizing contract shall be six years and renewable. **[**No eligible sponsor which is not currently sponsoring a charter school as of August 28, 2012, shall commence charter sponsorship without approval from the state board of education and a sponsor contract with the state board of education in effect.**]**

160.405. 1. A person, group or organization seeking to establish a charter school shall submit the proposed charter, as provided in this section, to a sponsor. If the sponsor is not a school board, the applicant shall give a copy of its application to the school board of the district in which the charter school is to be located and to the state board of education, within five business days of the date the application is filed with the proposed sponsor. The school board may file objections with the proposed sponsor, and, if a charter is granted, the school board may file objections with the state board of education. The charter shall **[**be**]** **include** a legally binding performance contract that describes the obligations and responsibilities of the school and the sponsor as outlined in sections 160.400 to 160.425 and section 167.349 and shall **[**also include**]** **address the following**:

(17) For all new or revised charters, procedures to be used upon closure of the charter school requiring that unobligated assets of the charter school be returned to the department of elementary and secondary education for their disposition, which upon receipt of such assets shall return them to the local school district in which the school was located, the state, or any other entity to which they would belong.

Charter schools operating on August 27, 2012, shall have until August 28, 2015, to meet the requirements of this subsection.

2. Proposed charters shall be subject to the following requirements:

(1) A charter shall be submitted to the sponsor, and follow the sponsor's policies and procedures for review and granting of a charter approval, and be approved by the state board of education by **[**December first of the year**]** **January thirty-first** prior to **the school year of** the proposed opening date of the charter school;

(2) A charter may be approved when the sponsor determines that the requirements of this section are met, determines that the applicant is sufficiently qualified to operate a charter school, and that the proposed charter is consistent with the sponsor's charter sponsorship goals and capacity. The sponsor's decision of approval or denial shall be made within ninety days of the filing of the proposed charter;

(3) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial and forward a copy to the state board of education within five business days following the denial;

(4) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section, that the applicant is sufficiently qualified to operate the charter school, and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter, provided that any charter to be considered by the state board of education under this subdivision shall be submitted no later than March first prior to the school year in which the charter school intends to begin operations. The state board of education shall notify the applicant in writing as the reasons for its denial, if applicable; and

(5) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining high school credits for graduation, has dropped out of school, is at risk of dropping out of school, needs drug and alcohol treatment, has severe behavioral problems, has been suspended from school three or more times, has a history of severe truancy, is a pregnant or parenting teen, has been referred for enrollment by the judicial system, is exiting incarceration, is a refugee, is homeless or has been homeless sometime within the preceding six months, has been referred by an area school district for enrollment in an alternative program, or qualifies as high risk under department of elementary and secondary education guidelines. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, the charter application shall be submitted to the state board of education, along with a statement of finding **by the sponsor** that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the charter sponsor shall evaluate the academic performance**, including annual performance reports,** of students enrolled in the charter school. The state board of education **[**may, within sixty days, disapprove the granting of the charter**]** **shall approve or deny a charter application within sixty days of receipt of the application**. The state board of education may **[**disapprove**]** **deny** a charter on grounds that the application fails to meet the requirements of sections 160.400 to 160.425 and section 167.349 or that a charter sponsor previously failed to meet the statutory responsibilities of a charter sponsor. **Any denial of a charter application made by the state board of education shall be in writing**

and shall identify the specific failures of the application to meet the requirements of sections 160.400 to 160.425 and section 167.349, and the written denial shall be provided within ten business days to the sponsor.

4. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state, county, or city relating to health, safety, and state minimum educational standards, as specified by the state board of education, including the requirements relating to student discipline under sections 160.261, 167.161, 167.164, and 167.171, notification of criminal conduct to law enforcement authorities under sections 167.115 to 167.117, academic assessment under section 160.518, transmittal of school records under section 167.020, the minimum **[**number of school days and hours**]** **amount of school time** required under section **[**160.041**]** **171.031**, and the employee criminal history background check and the family care safety registry check under section 168.133;

(3) Except as provided in sections 160.400 to 160.425 **and as specifically provided in other sections**, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, publish audit reports and annual financial reports as provided in chapter 165, provided that the annual financial report may be published on the department of elementary and secondary education's internet website in addition to other publishing requirements, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies and comply with all federal audit requirements for charters with local **[**education**]** **educational** agency status. For purposes of an audit by petition under section 29.230, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700. A charter school that incurs debt shall include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from **[**kindergarten**]** **early childhood** through grade twelve, **[**which may include early childhood education if funding for such programs is established by statute,**]** as specified in its charter;

(6) (a) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, establish baseline student performance in accordance with the performance contract during the first year of operation, collect student performance data as defined by the annual performance report throughout the duration of the charter to annually monitor student academic performance, and to the extent applicable based upon grade levels offered by the charter school, participate in the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, which shall also include a statement that background checks have been completed on the charter school's board members, **and** report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof**[**, and provide data required for the study of charter schools pursuant to subsection 4 of section 160.410**]**. No charter school shall be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program.

(b) For proposed **[**high risk**]** **high-risk** or alternative charter schools, sponsors shall approve performance measures based on mission, curriculum, teaching methods, and services. Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a **[**high risk**]** **high-risk** or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.

(c) Nothing in this subdivision shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter. The performance standards for alternative and special purpose charter schools that target high-risk students as defined in subdivision (5) of subsection 2 of this section shall be based on measures defined in the school's performance contract with its sponsors;

(7) Comply with all applicable federal and state laws and regulations regarding students with disabilities, including sections 162.670 to 162.710, the Individuals with Disabilities Education Act (20 U.S.C. Section 1400) and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794) or successor legislation;

(8) Provide along with any request for review by the state board of education the following:

(a) Documentation that the applicant has provided a copy of the application to the school board of the district in which the charter school is to be located, except in those circumstances where the school district is the sponsor of the charter school; and

(b) A statement outlining the reasons for approval or **[**disapproval**]** **denial** by the sponsor, specifically addressing the requirements of sections 160.400 to 160.425 and 167.349.

5. (1) Proposed or existing high-risk or alternative charter schools may include alternative arrangements for students to obtain credit for satisfying graduation requirements in the school's charter application and charter. Alternative arrangements may include, but not be limited to, credit for off-campus instruction, embedded credit, work experience through an internship arranged through the school, and independent studies. When the state board of education approves the charter, any such alternative arrangements shall be approved at such time.

(2) The department of elementary and secondary education shall conduct a study of any charter school granted alternative arrangements for students to obtain credit under this subsection after three years of operation to assess student performance, graduation rates, educational outcomes, and entry into the workforce or higher education.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations during the first year of operation and then every other year after the most recent review or at any point where the operation or management of the charter school is changed or transferred to another entity, either public or private. The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. Sponsors shall annually review the charter school's compliance with statutory standards including:

(1) Participation in the statewide system of assessments, as designated by the state board of education under section 160.518;

(2) Assurances for the completion and distribution of an annual report card as prescribed in section 160.522;

(3) The collection of baseline data during the first three years of operation to determine the longitudinal success of the charter school;

(4) A method to measure pupil progress toward the pupil academic standards adopted by the state board of education under section 160.514; and

(5) Publication of each charter school's annual performance report.

8. (1) (a) A sponsor's **[**intervention**]** policies shall give schools clear, adequate, evidence-based, and timely notice of contract violations or performance deficiencies and mandate intervention based upon findings of the state board of education of the following:

a. The charter school provides a high school program which fails to maintain a graduation rate of at least seventy percent in three of the last four school years unless the school has dropout recovery as its mission;

b. The charter school's annual performance report results are below the district's annual performance report results based on the performance standards that are applicable to the grade level configuration of both the charter school and the district in which the charter school is located in three of the last four school years; and

c. The charter school is identified as a persistently lowest achieving school by the department of elementary and secondary education.

(b) A sponsor shall have a policy to revoke a charter during the charter term if there is:

a. Clear evidence of underperformance as demonstrated in the charter school's annual performance report in three of the last four school years; or

b. A violation of the law or the public trust that imperils students or public funds.

(c) A sponsor shall revoke a charter or take other appropriate remedial action, which may include placing the charter school on probationary status for no more than **[**twelve**]** **twenty-four** months, provided that no more than one designation of probationary status shall be allowed for the duration of the charter contract, at any time if the

charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet the performance contract as set forth in its charter, failure to meet generally accepted standards of fiscal management, failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.425 and 167.349 within forty-five days following receipt of written notice requesting such information, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, which may require a change of methodology, a change in leadership, or both, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the governing board of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's governing board may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to an appeal to the state board of education, which shall determine whether the charter shall be revoked.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

9. (1) A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.425 and 167.349. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.425 and 167.349 in a timely manner to its sponsor.

(2) The sponsor's renewal process of the charter school shall be based on the thorough analysis of a comprehensive body of objective evidence and consider if:

(a) The charter school has maintained results on its annual performance report that meet or exceed the district in which the charter school is located based on the performance standards that are applicable to the grade-level configuration of both the charter school and the district in which the charter school is located in three of the last four school years;

(b) The charter school is organizationally and fiscally viable determining at a minimum that the school does not have:

a. A negative balance in its operating funds;

b. A combined balance of less than three percent of the amount expended for such funds during the previous fiscal year; or

c. Expenditures that exceed receipts for the most recently completed fiscal year;

(c) The charter is in compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349**; and**

(d) The charter school has an annual performance report consistent with a classification of accredited for three of the last four years and is fiscally viable as described in paragraph (b) of this subdivision. If such is the case, the charter school may have an expedited renewal process as defined by rule of the department of elementary and secondary education.

(3) (a) Beginning August first during the year in which a charter is considered for renewal, a charter school sponsor shall demonstrate to the state board of education that the charter school is in compliance with federal and state law as provided in sections 160.400 to 160.425 and section 167.349 and the school's performance contract including but not limited to those requirements specific to academic performance.

(b) Along with data reflecting the academic performance standards indicated in paragraph (a) of this subdivision, the sponsor shall submit a revised charter application to the state board of education for review.

(c) Using the data requested and the revised charter application under paragraphs (a) and (b) of this subdivision, the state board of education shall determine if compliance with all standards enumerated in this subdivision has been achieved. The state board of education at its next regularly scheduled meeting shall vote on the revised charter application.

(d) If a charter school sponsor demonstrates the objectives identified in this subdivision, the state board of education shall renew the school's charter.

10. A school district may enter into a lease with a charter school for physical facilities.

11. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

12. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756.

13. Any entity, either public or private, operating, administering, or otherwise managing a charter school shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035.

14. The chief financial officer of a charter school shall maintain:

(1) A surety bond in an amount determined by the sponsor to be adequate based on the cash flow of the school; or

(2) An insurance policy issued by an insurance company licensed to do business in Missouri on all employees in the amount of five hundred thousand dollars or more that provides coverage in the event of employee theft.

15. The department of elementary and secondary education shall calculate an annual performance report for each charter school and shall publish it in the same manner as annual performance reports are calculated and published for districts and attendance centers.

16. The joint committee on education shall create a committee to investigate facility access and affordability for charter schools. The committee shall be comprised of equal numbers of the charter school sector and the public school sector and shall report its findings to the general assembly by December 31, 2016.

160.408. 1. For purposes of this section, "high-quality charter school" means a charter school operating in the state of Missouri that meets the following requirements:

(1) Receives eighty-five percent or more of the total points on the annual performance report for three out of the last four school years by comparing points earned to the points possible on the annual performance report for three of the last four school years;

(2) Maintains a graduation rate of at least eighty percent for three of the last four school years, if the charter school provides a high school program;

(3) Is in material compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349; and

(4) Is organizationally and fiscally viable as described in paragraph (b) of subdivision (2) of subsection 9 of section 160.405.

2. Notwithstanding any other provision of law, high-quality charter schools shall be provided expedited opportunities to replicate and expand into unaccredited districts, a metropolitan district, or an urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Such replication and expansion shall be subject to the following:

(1) The school seeking to replicate or expand shall submit its proposed charter to a proposed sponsor. The charter shall include a legally binding performance contract that meets the requirements of sections 160.400 to 160.425 and section 167.349;

(2) The sponsor's decision to approve or deny shall be made within sixty days of the filing of the proposed charter with the proposed sponsor;

(3) If a charter is approved by a sponsor, the charter application shall be filed with the state board of education with a statement of finding from the sponsor that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the sponsor shall evaluate the academic performance of students enrolled in the charter school. Such filing shall be made by January thirty-first prior to the school year in which the charter school intends to begin operations.

3. The term of the charter for schools operating under this section shall be five years, and the charter may be renewed for terms of up to ten years. Renewal shall be subject to the provisions of paragraphs (a) to (d) of subdivision (3) of subsection 9 of section 160.405.

160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates;

(2) Nonresident pupils eligible to attend a district's school under an urban voluntary transfer program;

(3) **Nonresident pupils who transfer from an unaccredited district under section 167.131, provided that the charter school is an approved charter school, as defined in section 167.131, and subject to all other provisions of section 167.131;**

(4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who resides in a residential care facility, a transitional living group home, or an independent living program whose last school of enrollment is in the school district where the charter school is established, who submits a timely application; and

[(4)**] (5)** In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission **and does not discriminate based on parents' ability to pay fees or tuition** except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; and

(3) Charter alternative and special purpose schools may also give a preference for admission to high-risk students, as defined in subdivision (5) of subsection 2 of section 160.405, when the school targets these students through its proposed mission, curriculum, teaching methods, and services.

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. Charter schools may limit admission based on gender only when the school is a single-gender school. Students of a charter school **[**that are present for the January membership count as defined in section 163.011**] who have been enrolled for a full academic year** shall be counted in the performance of the charter school on the statewide assessments in that calendar year, unless otherwise exempted as English language learners. **For purposes of this subsection, "full academic year" means the last Wednesday in September through the administration of the Missouri assessment program test without transferring out of the school and re-enrolling.**

[4. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with an equivalent group of district students representing an equivalent demographic and geographic population and a study of the impact of charter schools upon the constituents they serve in the districts in which they are located, to be conducted by the joint committee on education. The charter school study shall include analysis of the administrative and instructional practices of each charter school and shall include findings on innovative programs that illustrate best practices and lend themselves to replication or incorporation in other schools. The joint committee on education shall coordinate with individuals representing charter schools and the districts in which charter schools are located in conducting the study. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and an equivalent group of district students representing an equivalent demographic and geographic population. The student performance assessment and comparison shall include, but may not be limited to:

(1) Missouri assessment program test performance and aggregate growth over several years;

(2) Student reenrollment rates;

(3) Educator, parent, and student satisfaction data;

(4) Graduation rates in secondary programs; and

(5) Performance of students enrolled in the same public school for three or more consecutive years. The impact study shall be undertaken every two years to determine the impact of charter schools on the constituents they serve in the districts where charter schools are operated. The impact study shall include, but is not limited to, determining if changes have been made in district policy or procedures attributable to the charter school and to perceived changes in attitudes and expectations on the part of district personnel, school board members, parents, students, the business community and other education stakeholders. The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter schools, the school board and superintendent of the districts in which the charter schools are operated.**]**

[5.**] 4.** A charter school shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the district in which the school is located the following information:

(1) The school's charter;

(2) The school's most recent annual report card published according to section 160.522;

(3) The results of background checks on the charter school's board members; and

(4) If a charter school is operated by a management company, a copy of the written contract between the governing board of the charter school and the educational management organization or the charter management organization for services. The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026 for furnishing copies of documents under this subsection.

[6.**] 5.** When a student attending a charter school who is a resident of the school district in which the charter school is located moves out of the boundaries of such school district, the student may complete the current semester and shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

[7.**] 6.** If a change in school district boundary lines occurs under section 162.223, 162.431, 162.441, or 162.451, or by action of the state board of education under section 162.081, including attachment of a school district's territory to another district or dissolution, such that a student attending a charter school prior to such change no longer resides in a school district in which the charter school is located, then the student may complete the current academic year at the charter school. The student shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

[8.**] 7.** The provisions of sections 167.018 and 167.019 concerning foster children's educational rights are applicable to charter schools.

160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free and reduced **price** lunch, special education, or limited English proficiency status, as well as eligibility for categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside. The charter school shall report the average daily attendance data, free and reduced **price** lunch count, special education pupil count, and limited English proficiency pupil count to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) If the department overpays or underpays the amount due to the charter school, such overpayment or underpayment shall be repaid by the public charter school or credited to the public charter school in twelve equal payments in the next fiscal year.

(4) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

(5) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following the receipt of any such funds. The department of elementary and secondary education shall pay the amounts due when it acts as the disbursal agent within five days of the required due date.

3. A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060.

4. A charter school that has declared itself as a local educational agency shall receive from the department of elementary and secondary education an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils. If a charter school declares itself as a local **[**education**]** **educational** agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536. During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.

6. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

7. In the case of a proposed charter school that intends to contract with an education service provider for substantial educational services**[**,**]** **or** management services, the request for proposals shall additionally require the charter school applicant to:

(1) Provide evidence of the education service provider's success in serving student populations similar to the targeted population, including demonstrated academic achievement as well as successful management of nonacademic school functions, if applicable;

(2) Provide a term sheet setting forth the proposed duration of the service contract; roles and responsibilities of the governing board, the school staff, and the service provider; scope of services and resources to be provided by the service provider; performance evaluation measures and time lines; compensation structure, including clear identification of all fees to be paid to the service provider; methods of contract oversight and enforcement; investment disclosure; and conditions for renewal and termination of the contract;

(3) Disclose any known conflicts of interest between the school governing board and proposed service provider or any affiliated business entities;

(4) Disclose and explain any termination or nonrenewal of contracts for equivalent services for any other charter school in the United States within the past five years;

(5) Ensure that the legal counsel for the charter school shall report directly to the charter school's governing board; and

(6) Provide a process to ensure that the expenditures that the **[**educational**]** **education** service provider intends to bill to the charter school shall receive prior approval of the governing board or its designee.

8. A charter school may enter into contracts with community partnerships and state agencies acting in collaboration with such partnerships that provide services to children and their families linked to the school.

9. A charter school shall be eligible for transportation state aid pursuant to section 163.161 and shall be free to contract with the local district, or any other entity, for the provision of transportation to the students of the charter school.

10. (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such

enrollment is through a contract for services described in this section. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school shall provide the special services provided pursuant to section 162.705 and may provide the special services pursuant to a contract with a school district or any provider of such services.

11. A charter school may not charge tuition**[**, nor may it**]** **or** impose fees that a school district is prohibited from **charging or** imposing **except that a charter school may receive tuition payments from districts in the same or an adjoining county for nonresident students who transfer to an approved charter school, as defined in section 167.131, from an unaccredited district**.

12. A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. **Except as otherwise specifically provided in sections 160.400 to 160.425,** upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355. **A charter school shall satisfy all its financial obligations within twelve months of notice from the sponsor of the charter school's closure under subsection 8 of section 160.405. After satisfaction of all its financial obligations, a charter school shall return any remaining state and federal funds to the department of elementary and secondary education for disposition as stated in subdivision (17) of subsection 1 of section 160.405.** The department of elementary and secondary education may withhold funding at a level the department determines to be adequate during a school's last year of operation until the department determines that school records, liabilities, and reporting requirements, including a full audit, are satisfied.

13. Charter schools shall not have the power to acquire property by eminent domain.

14. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

160.417. 1. By October 1, 2012, and by each October first thereafter, the sponsor of each charter school shall review the information submitted on the report required by section 162.821 to identify charter schools experiencing financial stress. The department of elementary and secondary education shall be authorized to obtain such additional information from a charter school as may be necessary to determine the financial condition of the charter school. Annually, a listing of charter schools identified as experiencing financial stress according to the provisions of this section shall be provided to the governor, speaker of the house of representatives, and president pro tempore of the senate by the department of elementary and secondary education.

2. For the purposes of this section, a charter school shall be identified as experiencing financial stress if it:

(1) At the end of its most recently completed fiscal year:

(a) Has a negative balance in its operating funds; or

(b) Has a combined balance of less than three percent of the amount expended from such funds during the previous fiscal year; **[**or**]**

(2) For the most recently completed fiscal year expenditures, exceeded receipts for any of its funds because of recurring costs**; or**

(3) Due to insufficient fund balances or reserves, incurred debt after January thirty-first and before July first during the most recently completed fiscal year in order to meet expenditures of the charter school.

3. The sponsor shall notify by November first the governing board of the charter school identified as experiencing financial stress. Upon receiving the notification, the governing board shall develop, or cause to have developed, and shall approve a budget and education plan on forms provided by the sponsor. The budget and education plan shall be submitted to the sponsor, signed by the officers of the charter school, within forty-five calendar days of notification that the charter school has been identified as experiencing financial stress. Minimally, the budget and education plan shall:

(1) Give assurances that adequate educational services to students of the charter school shall continue uninterrupted for the remainder of the current school year and that the charter school can provide the minimum **[**number of school days and hours**]** **amount of school time** required by section **[**160.041**]** **171.031**;

(2) Outline a procedure to be followed by the charter school to report to charter school patrons about the financial condition of the charter school; and

(3) Detail the expenditure reduction measures, revenue increases, or other actions to be taken by the charter school to address its condition of financial stress.

4. Upon receipt and following review of any budget and education plan, the sponsor may make suggestions to improve the plan. Nothing in sections 160.400 to 160.425 or section 167.349 shall exempt a charter school from submitting a budget and education plan to the sponsor according to the provisions of this section following each such notification that a charter school has been identified as experiencing financial stress, except that the sponsor may permit a charter school's governing board to make amendments to or update a budget and education plan previously submitted to the sponsor.

5. The department may withhold any payment of financial aid otherwise due to the charter school until such time as the sponsor and the charter school have fully complied with this section.

163.018. 1. Notwithstanding the definition of "average daily attendance" in subdivision (2) of section 163.011 to the contrary, pupils between the ages of three and five who are eligible for free and reduced **price** lunch and attend an early childhood education program**:**

178.785. The provisions of sections 178.785 to 178.789 shall be known and may be cited as the "Higher Education Core Curriculum Transfer Act". For purposes of sections 178.785 to 178.789, the following terms mean:

(1) "Coordinating board", the coordinating board for higher education established in section 173.005;

Each community college and four-year institution of higher education shall include in its course listings the applicable course numbers from the common course numbering equivalency matrix approved by the coordinating board under this subsection.

3. The coordinating board shall complete the requirements of subsections 1 and 2 of this section prior to January 1, 2018, for implementation of the core curriculum transfer recommendations for the 2018-19 academic year for all public institutions of higher education.

(5) "Coordinating board", the coordinating board for higher education;

[(5)**] (6)** "Expected family contribution", the amount of money a student and family should pay toward the cost of postsecondary education as calculated by the United States Department of Education and reported on the student aid report or the institutional student information record;

[(6)**] (7)** "Financial assistance", an amount of money paid by the state of Missouri to a qualified applicant under sections 173.1101 to 173.1107;

[(7)**] (8)** "Full-time student", an individual who is enrolled in and is carrying a sufficient number of credit hours or their equivalent at an approved private**, [**or**]** public**, or virtual** institution to secure the degree or certificate toward which he or she is working in no more than the number of semesters or their equivalent normally required by that institution in the program in which the individual is enrolled. This definition shall be construed as the successor to subdivision (7) of section 173.205 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.205.

2. The failure of an approved virtual institution to continuously maintain all of the requirements in subdivision (4) of subsection 1 of this section shall preclude such institution's students or applicants from being eligible for assistance under sections 173.1104 and 173.1105.

173.1104. 1. An applicant shall be eligible for initial or renewed financial assistance only if, at the time of application and throughout the period during which the applicant is receiving such assistance, the applicant:

(1) Is a citizen or a permanent resident of the United States;

(2) Is a resident of the state of Missouri, as determined by reference to standards promulgated by the coordinating board;

(3) Is enrolled, or has been accepted for enrollment, as a full-time undergraduate student in an approved private**, [**or**]** public**, or virtual** institution; and

(4) Is not enrolled or does not intend to use the award to enroll in a course of study leading to a degree in theology or divinity.

2. If an applicant is found guilty of or pleads guilty to any criminal offense during the period of time in which the applicant is receiving financial assistance, such applicant shall not be eligible for renewal of such assistance, provided such offense would disqualify the applicant from receiving federal student aid under Title IV of the Higher Education Act of 1965, as amended.

3. Financial assistance shall be allotted for one academic year, but a recipient shall be eligible for renewed assistance until he or she has obtained a baccalaureate degree, provided such financial assistance shall not exceed a total of ten semesters or fifteen quarters or their equivalent. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance, except that for renewal, an applicant shall demonstrate a grade-point average of two and five-tenths on a four-point scale, or the equivalent on another scale. This subsection

shall be construed as the successor to section 173.215 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.215.

173.1105. 1. An applicant who is an undergraduate postsecondary student at an approved private**, [**or**]** public**, or virtual** institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

(1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:

(a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;

(b) Two thousand one hundred fifty dollars maximum and one thousand dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical College of Missouri; and

(c) Four thousand six hundred dollars maximum and two thousand dollars minimum for students attending approved private institutions;

(2) For the 2014-15 academic year and subsequent years:

(a) One thousand three hundred dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector; and

(b) Two thousand eight hundred fifty dollars maximum and one thousand five hundred dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical College of Missouri**[**, or**];** approved private institutions**; or approved virtual institutions**.

2. All students with an expected family contribution of twelve thousand dollars or less shall receive at least the minimum award amount for his or her institution. Maximum award amounts for an eligible student with an expected family contribution above seven thousand dollars shall be reduced by ten percent of the maximum expected family contribution for his or her increment group. Any award amount shall be reduced by the amount of a student's payment from the A+ schools program or any successor program to it. For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1107. A recipient of financial assistance may transfer from one approved public **[**or**],** private**, or virtual** institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107."; and

Further amend said bill, Page 410, Section C, Line 6, by deleting all of said lines and inserting in lieu thereof the following:

"Section D. Because of the importance of providing financial aid for Missouri high school graduates, section 160.545 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section 160.545 of section A of this act shall be in full force and effect upon its passage and approval."; and

2. As used in this section, the following terms shall mean:
(1) "Business unit":
(a) Any trade or business; and

(b) Any line of business or function unit which is part of any trade or business;

(2) "Deduction":

(a) For individuals, an amount subtracted from the taxpayer's Missouri adjusted gross income to determine Missouri taxable income for the tax year in which such deduction is claimed; and

(b) For corporations, an amount subtracted from the taxpayer's Federal taxable income to determine Missouri taxable income for the tax year in which such deduction is claimed;

(3) "Department", the department of economic development;

(4) "Eligible expenses":

(a) Any amount for which a deduction is allowed to the taxpayer under Section 162 of the Internal Revenue Code of 1986, as amended; and

(b) Eligible expenses paid or incurred by the taxpayer in connection with the establishment of any business unit of the taxpayer or of any member of any expanded affiliated group in which the taxpayer is also a member located within the state of Missouri if such establishment constitutes the relocation of the business unit so eliminated.

For purposes of this subdivision, expenses shall be eligible if such elimination of the business unit in another state or country occurs in a different taxable year from the establishment of the business unit in Missouri;

(6) "Expanded affiliated group", an affiliated group as defined under Section 1504(a) of the Internal Revenue Code of 1986, as amended, except to be determined without regard to Section 1504(b)(3) of the Internal Revenue Code of 1986, as amended, and determined by substituting "at least eighty percent" with "more than fifty percent" each place the phrase appears under Section 1504(a) of the Internal Revenue Code of 1986, as amended. A partnership or any other entity other than a corporation shall be treated as a member of an expanded affiliated group if such entity is controlled by members of such group including any entity treated as a member of such group by reason of this subdivision;

However, any amount of the deduction that cannot be claimed in the taxable year may be carried over to the next five succeeding taxable years until the full deduction has been claimed.

4. No deduction shall be allowed under this section until the department determines that the number of full-time equivalent employees of the taxpayer in the taxable year the deduction is claimed exceeds the number of full-time equivalent employees of the taxpayer in the taxable year prior to the taxpayer incurring any eligible insourcing expenses.

5. Only eligible insourcing expenses that occur in the taxable year such expenses are paid or incurred and:

(1) The taxpayer's insourcing plan is completed; or

7. The total amount of deductions authorized under this section shall not exceed five million dollars in any taxable year. In the event that more than five million dollars in deductions are claimed in a taxable year, deductions shall be issued on a first-come, first-served filing basis.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

11. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after the effective date, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(b) Automobile insurance maintained by the transportation network company; or

(c) Any combination of paragraphs (a) and (b) of this subdivision.

3. The following automobile insurance requirements shall apply while a transportation network company driver is engaged in a prearranged ride:

(1) Primary automobile liability insurance in the amount of at least one million dollars for death, bodily injury, and property damage;

(2) Uninsured motorist coverage in an amount not less than the limits set forth under section 379.203;

(3) The coverage requirements of this subsection may be satisfied by any of the following:

(a) Automobile insurance maintained by the transportation network company driver;

(b) Automobile insurance maintained by the transportation network company; or

(c) Any combination of paragraphs (a) and (b) of this subdivision.

4. If insurance maintained by a driver in subsection 2 or 3 of this section has lapsed or does not provide the required coverage, insurance maintained by a transportation network company shall provide the coverage required by this section beginning with the first dollar of a claim and shall have the duty to defend such claim. If the insurance maintained by the driver does not otherwise exclude coverage for loss or injury while the driver is logged on to a transportation network's digital network or while the driver provides a prearranged ride, but does not provide insurance coverage at the minimum limits required by subsection 2 or 3 of this section, the transportation network company shall maintain insurance coverage that provides excess coverage beyond the driver's policy limits up to the limits required by subsection 2 or 3 of this section, as applicable.

5. Coverage under an automobile insurance policy maintained by the transportation network company shall not be dependent on a personal automobile insurer first denying a claim nor shall a personal automobile insurance policy be required to first deny a claim.

6. Insurance required by this section may be placed with an insurer authorized to issue policies of automobile insurance in the state of Missouri or with an eligible surplus lines insurer under chapter 384.

7. Insurance satisfying the requirements of this section shall be deemed to satisfy the motor vehicle financial responsibility requirements for a motor vehicle under chapter 303.

8. A transportation network company driver shall carry proof of coverage satisfying subsections 2 and 3 of this section with him or her at all times during his or her use of a vehicle in connection with a transportation network company's digital network. In the event of an accident, a transportation network company driver shall provide this insurance coverage information to the directly interested parties, automobile insurers, and investigating police officers, upon request under section 303.024. Upon such request, a transportation network company driver shall also disclose to directly interested parties, automobile insurers, and investigating police officers whether the driver was logged on to the transportation network company's digital network or on a prearranged ride at the time of an accident.

379.1704. The transportation network company shall disclose in writing to transportation network company drivers the following before they are allowed to accept a request for a prearranged ride on the transportation network company's digital network:

(1) The insurance coverage, including the types of coverage and the limits for each coverage, that the transportation network company provides while the transportation network company driver uses a personal vehicle in connection with a transportation network company's digital network; and

(2) That the transportation network company driver's own automobile insurance policy might not provide any coverage while the driver is logged on to the transportation network company's digital network and is available to receive transportation requests or is engaged in a prearranged ride depending on the policy's terms.

379.1706. A transportation network company shall make the following disclosure to a prospective driver in the prospective driver's terms of service:

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE TRANSPORTATION NETWORK COMPANY SERVICES HAS A LIEN AGAINST IT, USING THE VEHICLE FOR TRANSPORTATION NETWORK COMPANY SERVICES MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

IF A TRANSPORTATION NETWORK COMPANY'S INSURER MAKES A PAYMENT FOR A CLAIM COVERED UNDER COMPREHENSIVE COVERAGE OR COLLISION COVERAGE, THE TRANSPORTATION NETWORK COMPANY SHALL CAUSE ITS INSURER TO ISSUE THE PAYMENT DIRECTLY TO THE BUSINESS REPAIRING THE VEHICLE OR JOINTLY TO THE OWNER OF THE VEHICLE AND THE PRIMARY LIENHOLDER ON THE COVERED VEHICLE.

The disclosure set forth in this subsection shall be placed prominently in the prospective driver's written terms of service, and the prospective driver shall acknowledge the terms of service electronically or by signature.

379.1708. 1. Insurers that write automobile insurance in Missouri may exclude or limit any and all coverage afforded under an automobile insurance policy, including a motor vehicle liability policy, issued to an owner or operator of a personal vehicle, as defined by this chapter, for any loss or injury that occurs while:

(1) A driver is logged on to a transportation network company's digital network;

(2) A driver provides a prearranged ride; or

(3) A motor vehicle is being used to transport or carry persons or property for any compensation or suggested donation;

2. The right to exclude all coverage under subsection 1 of this section may apply to any coverage included in an automobile insurance policy including, but not limited to:

(1) Liability coverage for bodily injury and property damage;

(2) Uninsured and underinsured motorist coverage;

(3) Medical payments coverage;

(4) Comprehensive physical damage coverage; and

(5) Collision physical damage coverage.

Such exclusions shall apply notwithstanding any financial responsibility requirement or uninsured motorist coverage requirement under the motor vehicle financial responsibility law, chapter 303, or section 379.203, respectively. Nothing in this section implies or requires that a personal automobile insurance policy provide coverage while the driver is logged on to the transportation network company's digital network, while the driver is engaged in a prearranged ride, or while the driver otherwise uses a vehicle to transport passengers or property for compensation.

3. Nothing shall be deemed to preclude an insurer from providing coverage for the transportation network company driver's vehicle, if it chooses to do so by contract or endorsement.

4. Automobile insurers that exclude the coverage described under section 379.1702 shall have no duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this section shall be deemed to invalidate or limit an exclusion contained in a policy, including any policy in use or approved for use in Missouri prior to the enactment of this section that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

5. An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of section 379.1702 at the time of loss.

6. In a claims coverage investigation, transportation network companies and any insurer providing coverage under section 379.1702 shall cooperate to facilitate the exchange of relevant information with each other and any insurer of the transportation network company driver if applicable, including the precise times that a transportation network company driver logged on and off of the transportation network company's digital network in the twelve-hour period immediately preceding and in the twelve-hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions, and limits provided under any automobile insurance maintained under section 379.1702.

387.600. As used in sections 387.600 to 387.630, the following terms shall mean:

(1) "Digital network", any online-enabled application, website, or system offered or utilized by a transportation network company that enables the prearrangement of rides with transportation network company drivers;

(2) "Personal vehicle", a vehicle that is used by a transportation network company driver and is:

(a) Owned, leased, or otherwise authorized for use by the transportation network company driver; and

(b) Not a taxicab, limousine, or for-hire vehicle under chapter 390;

(3) "Prearranged ride", the provision of transportation by a driver to a rider, beginning when a driver accepts a ride requested by a rider through a digital network controlled by a transportation network company, continuing while the driver transports a requesting rider, and ending when the last requesting rider departs from the personal vehicle. A prearranged ride shall not include shared expense carpool or vanpool arrangements or transportation provided using a taxi, limousine, or other for-hire vehicle under chapter 390;

(4) "Transportation network company", a corporation, partnership, sole proprietorship, or other entity that is licensed and operating in Missouri that uses a digital network to connect transportation network company riders to transportation network company drivers who provide prearranged rides. A transportation network company shall not be deemed to control, direct, or manage the personal vehicles or transportation network company drivers that connect to its digital network, except if agreed to by written contract;

(5) "Transportation network company driver" or "driver", an individual who:

(a) Receives connections to potential riders and related services from a transportation network company in exchange for payment of a fee to the transportation network company; and

(b) Uses a personal vehicle to offer or provide a prearranged ride to riders upon connection through a digital network controlled by a transportation network company in return for compensation or payment of a fee;

(6) "Transportation network company rider" or "rider", an individual or persons who use a transportation network company's digital network to connect with a transportation network driver who provides prearranged rides to the rider in the driver's personal vehicle between points chosen by the rider.

387.602. Notwithstanding any other provision of law, transportation network companies shall not be considered common carriers, contract carriers, or motor carriers, as defined under section 390.020, or for-hire vehicle service. A transportation network company driver shall not be required to register any vehicle the driver uses to provide prearranged rides as a commercial vehicle or as a for-hire vehicle.

387.604. Beginning August 28, 2016, any person operating a transportation network company in the state shall be required to obtain a permit from the department of revenue. The department shall issue permits to applicants who meet the requirements for a transportation network company as provided under sections 387.600 to 387.630 and who pay an annual, nonrefundable permit fee of five thousand dollars to the department. While operating as a transportation network company, such company shall maintain an agent for service of process within the state of Missouri.

387.608. On behalf of a transportation network company driver, a transportation network company may charge a fare for the services provided to riders; provided that, if a fare is collected from a rider, the transportation network company shall disclose to the rider the fare calculation method in the vehicle on its website or within the software application service. The transportation network company shall also provide riders with the applicable rates being charged and the option to receive an estimated fare before the rider enters the transportation network company driver's vehicle.

387.610. The transportation network company shall meet the requirements of either subsection of this section at its option:

(1) Display in its software application or website a picture of the transportation network driver and the license plate number of the motor vehicle utilized for providing the prearranged ride before the passenger enters the transportation network company driver's vehicle; or

(2) Have clearly visible external markings on the front and back or both sides of the transportation network motor vehicles to easily identify the vehicle as a transportation network vehicle. Vehicle markings shall be no less than six inches tall and six inches wide. The transportation network driver shall display photo identification within the vehicle at all times.

387.612. After the completion of a prearranged ride secured on a digital network, within a reasonable period of time following the completion of a trip, a transportation network company shall transmit an electronic receipt to the transportation network company rider on behalf of the transportation network company driver that lists:

(1) The origin and destination of the trip;

(2) The total time and distance of the trip; and

(3) An itemization of the total fare paid, if any.

387.620. Drivers shall be independent contractors and not employees of the transportation network company if all of the following conditions are met:

(1) The transportation network company does not prescribe specific hours during which a transportation network company driver must be logged into the transportation network company's digital network;

(2) The transportation network company imposes no restrictions on the transportation network company driver's ability to utilize digital networks from other transportation network companies;

(3) The transportation network company does not assign a transportation network company driver a particular territory in which prearranged rides can be provided;

(4) The transportation network company does not restrict a transportation network company driver from engaging in any other occupation or business; and

(5) The transportation network company and transportation network company driver agree in writing that the driver is an independent contractor of the transportation network company.

387.622. 1. The transportation network company shall implement a zero tolerance policy regarding a transportation network company driver's activities while accessing the transportation network company's digital network. The zero tolerance policy shall address the use of drugs or alcohol while a transportation network company driver is providing prearranged rides or is logged into the transportation network company's digital network but is not providing prearranged rides, and the transportation network company

shall provide notice of this policy on its website, as well as procedures to report a complaint about a driver with whom a rider was matched and whom the rider reasonably suspects was under the influence of drugs or alcohol during the course of the trip.

2. Upon receipt of a rider complaint alleging a violation of the zero tolerance policy, the transportation network company shall immediately suspend such transportation network company driver's access to the transportation network company's digital network, and shall conduct an investigation into the reported incident. The suspension shall last the duration of the investigation.

3. The transportation network company shall maintain records relevant to the enforcement of this requirement for a period of at least two years from the date that a rider complaint is received by the transportation network company.

387.624. 1. Before allowing an individual to accept trip requests through a transportation network company's digital network:

(1) The individual shall submit an application to the transportation network company, which includes information regarding his or her address, age, driver's license, driving history, motor vehicle registration, automobile liability insurance, and other information required by the transportation network company;

(2) The transportation network company shall conduct, or have a third party conduct, a local and national criminal background check for each applicant that shall include:

(a) Multi-State/Multi-Jurisdiction Criminal Records Locator or other similar commercial nationwide database with validation; and

(b) National Sex Offender Registry database;

On or after August 28, 2019, the department of revenue may require a transportation network company to conduct or have a third party conduct a fingerprint background check for any applicant.

(3) The transportation network company shall obtain and review a driving history research report for such individual.

2. The transportation network company shall not permit an individual to act as a transportation network company driver on its digital network who:

(1) Has had more than three moving violations in the prior three-year period, or one major violation in the prior three-year period including, but not limited to, attempting to evade the police, reckless driving, or driving on a suspended or revoked license;

3. A transportation network company driver who is qualified to accept trip requests through a transportation network company's digital network under this section shall not be required to obtain any other state or local license or permit to provide prearranged rides.

387.626. The transportation network company shall not allow a transportation network company driver to accept trip requests through the transportation network company's digital network unless any motor vehicle or vehicles that a transportation network company driver will use to provide prearranged rides meets the inspection requirements of section 307.350.

387.627. 1. The transportation network company shall adopt a policy of nondiscrimination with respect to riders and potential riders and notify transportation network company drivers of such policy.

2. Transportation network company drivers shall comply with all applicable laws regarding nondiscrimination against riders or potential riders.

3. Transportation network company drivers shall comply with all applicable laws relating to accommodation of service animals.

387.628. A transportation network company shall maintain the following customer records:

(1) For prearranged rides secured through a digital network, individual trip records of rider customers for at least one year from the date each trip was provided; and

(2) Individual records of transportation network company driver customers at least until the one year anniversary of the date on which a transportation network company driver's customer relationship with the transportation network company has ended.

387.630. 1. Notwithstanding any other provision of law, transportation network companies and transportation network company drivers are governed exclusively by sections 387.600 to 387.630 and any rules promulgated by the State of Missouri consistent with such sections. No municipality or other local or state entity may impose a tax on or require a license for a transportation network company, a transportation network company driver, or a vehicle used by a transportation network company driver where such tax or licenses relates to providing prearranged rides, or subject a transportation network company to the municipality or other local or state entity's rate, entry, operational requirements, or other requirements. Nothing in this section shall apply to an earnings tax.

2. The department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

387.632. 1. Beginning August 28, 2016, and annually thereafter, a taxicab, a taxicab driver, a taxicab company as those terms are defined in section 67.1800, shall make an election filed with the department of revenue to comply with either:

2. A taxicab company or taxicab driver, solely for purposes of satisfying 387.624 herein, may maintain primary commercial automobile liability coverage with a combined single limit of no less than four hundred thousand dollars for death, bodily injury or property damage provided such policy be issued by an insurer with a credit rating of no less than A- by A.M. Further amend said bill, Page 11, Section 227.600, Line 57, by inserting immediately after all of said line the following:

"306.030. 1. The owner of each vessel requiring numbering by this state shall file an application for number with the department of revenue on forms provided by it. The application shall contain a full description of the vessel, factory number or serial number, together with a statement of the applicant's source of title and of any liens or encumbrances on the vessel. For good cause shown the director of revenue may extend the period of time for making such application. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true, and, if satisfied that the applicant is the lawful owner of such vessel, or otherwise entitled to have the same registered in his or her name, shall thereupon issue an appropriate certificate of title over the director's signature and sealed with the seal of the director's office, procured and used for such purpose, and a certificate of number stating the number awarded to the vessel. The application shall include a provision stating that the applicant will consent to any inspection necessary to determine compliance with the provisions of this chapter and shall be signed by the owner of the vessel and shall be accompanied by the fee specified in subsection 10 of this section. "447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each

employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension

or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 **[**to 6**] and 5** of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

(1) The shareholders of the corporation described in section 143.471;

(2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

12. Notwithstanding any provision of law to the contrary, in any county of the first classification that has a charter form of government and that has a population of over nine hundred thousand inhabitants, all demolition costs incurred during the redevelopment of any former automobile manufacturing plant shall be allowable costs eligible for tax credits under sections 447.700 to 447.718 so long as the redevelopment of such former automobile manufacturing plant shall be projected to create at least two hundred fifty new jobs or at least three hundred retained jobs, or a combination thereof, as determined by the department of economic development. The amount of allowable costs eligible for tax credits shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development, provided that no tax credit shall be issued under this subsection until July 1, 2017. For purposes of this subsection, "former automobile manufacturing plant" means a redevelopment area that qualifies as an eligible project under section 447.700, that consists of at least one hundred acres, and that was used primarily for the manufacture of automobiles but, after 2007, ceased such manufacturing."; and

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) **"Central business district", the area at or near the historic core of a city, village, or town that is locally known as the "downtown", with eighty percent or more of the land use being dedicated to a combination of business, commercial, financial, transportation, and government purposes, with the majority of the buildings built more than fifty years prior to the redevelopment;**

[(3)**] (4)** "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

[(4)**] (5)** "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year

prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments**, or sales taxes dedicated by a vote of the people to specific purposes or projects**. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

[(5)**] (6)** "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and **[**(3)**] (4)** of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will**[**:

(a)**]** discourage commerce, industry or manufacturing from moving their operations to another state**[**; or

(b) Result in increased employment in the municipality; or

(c) Result in preservation or enhancement of the tax base of the municipality**]**;

[(6)**] (7)** "Gambling establishment", an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

[(7)**] (8)** "Greenfield area", any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

(9) "High unemployment", unemployment in the proposed redevelopment area of at least one and one-half times that of the metropolitan statistical area in which the area is located or one and one-half times the unemployment rate of nonmetropolitan counties if the area is not located in a metropolitan statistical area;

(10) "Low fiscal capacity", per capita assessed valuation of property in the municipality of less than sixty percent of the entire county in which it is located or, in unincorporated areas, if the per capita assessed valuation of property in the school district is less than sixty percent of the entire county in which it is located;

(11) "Moderate income", either a Missouri municipality that has a population of at least one thousand five hundred within a metropolitan statistical area and has a median household income of under eighty percent of the median household income for the metropolitan statistical area according to the last decennial census, or a United States census block group or contiguous group of block groups within a metropolitan statistical area that has a population of at least one thousand five hundred and has, for each block group, a median household income for the metropolitan area in Missouri according to the last decennial census;

[(8)**] (12)** "Municipality", a city, village, or incorporated town or any county of this state. [(10)**] (15)** "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(11)**] (16)** "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(12)**] (17)** "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(13)**] (18)** "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(14)**] (19)** "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

(a) Costs of studies, surveys, plans, and specifications;

(b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

[(17)**] (23)** "Taxing districts", any political subdivision of this state having the power to levy taxes;

[(18)**] (24)** "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and

[(19)**] (25)** "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an

estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings **documented by substantial and competent evidence on the record that a reasonable person would believe** that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision **[**and**];** an affidavit**[**,**]** signed by the developer or developers**, [**and**]** submitted with the redevelopment plan, **and** attesting that the provisions of this subdivision have been met**; and a study stating that records were reviewed, inspections were made, comparisons were made, or tasks were undertaken demonstrating that the property was not developed through private enterprise over a period of time. Such a study shall be signed by a responsible party or some party shall otherwise be designated as being responsible for the study's representations. The study shall be of sufficient specificity to allow representatives of the tax increment financing commission, the municipality, or both to conduct investigations deemed necessary in order to confirm its findings**;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997**; and**

(7) For redevelopment projects involving more than two hundred fifty thousand dollars in tax increment financing, an economic feasibility analysis including a pro forma financial statement indicating the return on investment expected without any public assistance. The financial statement shall detail any assumptions made. The pro forma statement analysis shall state the amount of assistance required to bring the return into a range deemed attractive to private investors. The amount of assistance shall be equal to the estimated reimbursable project costs.

2. **All documentation and findings established under subsection 1 of this section shall be published and made available at no more than the cost of publication as a public document no later than thirty days prior to adoption of the plan by the municipality. Any resident of the municipality, or the county if in an unincorporated area, may file a petition in circuit court to enjoin the adoption of any redevelopment plan for which any requirement of subsection 1 or 3 of this section has not been complied with, and such injunction may extend until all such requirements have been complied with.**

3. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation

financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels

and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established **[**pursuant to section 99.805**] under sections 99.800 to 99.865**.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of

economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(1) Blighted areas located in **distressed communities under section 135.530, blighted areas located in** enterprise zones, pursuant to sections 135.200 to 135.256 blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(b) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand;

(2) Blighted areas consisting solely of the site of a former automobile manufacturing plant located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants. For the purposes of this section, "former automobile manufacturing plant" means a redevelopment area containing a minimum of one hundred acres, and such redevelopment area was previously used primarily for the manufacture of automobiles but ceased such manufacturing after the 2007 calendar year; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(w) The number of new jobs to be created by any business benefitting from public expenditures in the development area, broken down by full-time, part-time, and temporary positions;

(x) The average hourly wage to be paid to all current and new employees at the project site, broken down by full-time, part-time, and temporary positions;

(y) For project sites located in a metropolitan statistical area, as defined by the federal Office of Management and Budget, the average hourly wage paid to nonmanagerial employees in this state for the industries involved at the project, as established by the United States Bureau of Labor Statistics;

(ff) A list of competing businesses in the county containing the development area and in each contiguous county;

(gg) A market study for the development area;

(hh) A certification by the chief officer of the applicant as to the accuracy of the development plan;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase

shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

99.867. 1. Except as provided under subsections 2 and 3 of this section and under section 99.868, sections 99.867 to 99.873 shall apply to any municipality located within the state. Sections 99.867 to 99.873 shall apply to all redevelopment projects which are approved by a municipality after June 30, 2017.

2. Any redevelopment project consisting solely of public infrastructure improvements on public land requiring two hundred fifty thousand dollars or less in tax increment financing, wherein the bonds for such project will be paid off in seven years or less, shall be exempt from the provisions of sections 99.867 to 99.873, provided, no stringing of projects shall be allowed. No exempt project under this section shall be combined with another exempt project pursuant to this section for a period of five years.

3. Any redevelopment project for which eligible project redevelopment costs are to be paid from only the portion of the total economic activity taxes and payments in lieu of taxes imposed by the municipality and for which no real or potential revenues from other taxing jurisdictions are involved is exempt from the provisions of sections 99.867 to 99.873.

99.868. 1. For redevelopment projects located entirely or partially within metropolitan statistical areas of the state, as defined by the federal Office of Management and Budget, the municipality and any proposed redevelopment area shall meet the requirements of section 99.810 and this section. An area may qualify if:

(1) The host municipality or, for unincorporated areas, the host school district has low fiscal capacity;

(2) The census block group or groups, as defined in the most recent decennial census, containing the proposed redevelopment area have high unemployment; or

(3) The municipality, census block group or groups, as defined in the most recent decennial census, containing the proposed redevelopment area are characterized by moderate income.

2. For retail projects not located entirely or partially within a metropolitan statistical area in the state, tax increment financing may be used if the municipality has made a finding that conditions exist which cause the area to be classified as a blighted area or a conservation area. Such area shall have the following additional characteristics:

(1) It is located in the central business district of a city, town, or village;

(2) It includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment plan;

(3) It can be renovated through one or more redevelopment projects;

(4) The establishments in the area have generally suffered from stagnant or declining taxable sales or corporate receipts during the preceding three years;

(5) It is contiguous or includes up to three noncontiguous areas selected for redevelopment projects, provided that each noncontiguous area meets the requirements of subdivisions (1) to (4) of this subsection; and

(6) The redevelopment area shall not exceed ten percent of the entire area of the municipality.

Tax increment financing shall not be used to develop retail projects in areas outside the metropolitan statistical areas of the state unless the area meets the criteria above.

3. Tax increment financing shall not be used for more than five percent of the total estimated redevelopment costs or thirty percent of the infrastructure costs, whichever is greater, of a project that is primarily retail unless the redevelopment is in a municipality, census block group, or group of block groups with a median household income less than seventy percent of that of the metropolitan area, a distressed community as defined in section 135.530, a federal enterprise zone, or a federal empowerment zone. Tax increment financing shall not be used to develop sites in which twenty-five percent or more of the area is vacant and was not previously developed, presently qualifies as "open space" under section 67.900, or is presently used for agricultural or horticultural purposes, except if the redevelopment project is contained in the municipality's comprehensive plan or consumes less than ten acres of land contiguous to a central business district located outside a metropolitan statistical area of the state.

99.870. Commencing with the first fiscal year in which any municipality receives any payments in lieu of taxes from a redevelopment project and continuing through the last fiscal year in which the municipality receives such payments, the municipality shall pay to any other taxing entities entitled to receive revenue from levies on real property in such municipality, an amount equal to twenty-five percent of the payments in lieu of taxes received by the municipality. This amount shall be divided among the other affected taxing entities on a basis that is proportional to the collections of revenue from real property in the development area to which each such taxing district is entitled during that tax year. If a tax increment financing project includes residential uses, absent a recommendation to the contrary from commission members representing the affected school board or boards, real property tax levies attributable to the residential portion of the development shall pass through to the school district or districts.

99.872. The municipality and the developer shall annually submit information to the department regarding the approved plan. The department shall establish reporting requirements by rule promulgated under chapter 536. The report shall, at a minimum, identify the number and location of redevelopment areas, quantify public investment in each, assess the public benefit as quantified in terms of tax revenue and net new job creation, and show the economic impact of the project on each taxing district which is at least partially within the boundaries of the redevelopment area. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void. The department shall submit a report to the governor and the general assembly by the last day of April of each year.

99.873. Any district providing emergency services under chapter 190 or 321 shall be entitled to reimbursement from the special allocation fund for direct costs. However, such reimbursement shall not be less than twenty-five percent nor more than one hundred percent of the district's tax increment."; and"; and

The competitive bidding process shall give priority to organizations and entities that are exempt from taxation under Section 501(c)(3), 501(c)(6), or 501(c)(4), except those civic organizations that would be considered action organizations under 26 C.F.R. Section 1.501(c)(3)-1(c)(3), of the Internal Revenue Code of 1986, as amended, with special consideration given to those organizations and entities that reinvest a minimum of seventy-five percent of the net proceeds to charitable organizations in Missouri, and political subdivisions, including but not limited to, municipalities, counties, and fire protection districts. The director of the department of revenue may promulgate rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. All fees collected by a tax-exempt organization may be retained and used by the organization.

7. Notwithstanding any other provision of law to the contrary, the state auditor may audit all records maintained and established by the fee office in the same manner as the auditor may audit any agency of the state, and the department shall ensure that this audit requirement is a necessary condition for the award of all fee office contracts. Further amend said bill, Page 10, Section 227.600, Line 57, by inserting immediately after all of said section and line the following:

"301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. **Except as provided under subsection 10 of this section,** license

plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new,

replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

10. No later than January 1, 2017, the director of revenue shall establish a permit program to allow applicants for motor vehicle license plates issued under this section, and applicants for motor vehicle license plate renewals under this section, to apply for a permit exempting any motor vehicle licensed at twelve thousand pounds or less from the requirement that a license plate be displayed on the front and rear of such vehicle. Applicants approved for a one-license plate permit issued under this subsection shall be issued a special license plate bearing the emblem of the Missouri Association of State Troopers Emergency Relief Society upon payment of a one-time emblem-use contribution to the Missouri Association of State Troopers Emergency Relief Society. The license plate issued shall be displayed on the rear of such vehicle not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plate issued shall contain the Missouri Association of State Troopers Emergency Relief Society emblem and a symbol designed by the department of revenue indicating that the license plate is for rear display only. Such license shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. An applicant's status as a permit holder under this subsection shall be noted on the motor vehicle's registration. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

SIXTY-EIGHTH DAY, TUESDAY, MAY 10, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

So, my brothers and sisters, do stand firmly in the Lord. (Philippians 4:1)

O Loving God, who reveals Yourself in all that is good, true, and beautiful, help us to make our hearts receptive to You, and our minds responsive to the leadings of Your Spirit, as we face the tasks of these last days of session. Now and always may we keep alive our faith in values that live forever and in virtues that never die. No matter what may be our future in life – joy or sorrow, victory or defeat – may we be strengthened by Your presence and sustained by Your power as we promote the growth of our districts and as we work for a better Missouri in which we can all live together with justice and peace.

This final week may we put first things first, last things last, and then serve You and our citizens with all our hearts.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Peyton Wood.

The Journal of the sixty-seventh day was approved as corrected by the following vote:

(c) Completion of the application for a one-year visiting scholars certificate; and

(d) Completion of a background check as prescribed under section 168.133.

2. All valid teaching certificates issued pursuant to law or state board policies and regulations prior to September 1, 1988, shall be exempt from the professional development requirements of this section and shall continue in effect until they expire, are revoked or suspended, as provided by law. When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(1) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

(a) Participate in a mentoring program approved and provided by the district for a minimum of two years;

(b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program.

(2) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

a. Has ten years of teaching experience as defined by the state board of education;

b. Possesses a master's degree; or

c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to

teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate **of** license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

(1) Is the spouse of a member of the Armed Forces stationed in Missouri;

(2) Relocated from another state within one year of the date of application;

(3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and

(4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

173.750. 1. By July 1, 1995, the coordinating board for higher education, within existing resources provided to the department of higher education and by rule and regulation, shall have established and implemented a procedure for annually reporting the performance of graduates of public high schools in the state during the student's initial year in the public colleges and universities of the state. The purpose of such reports shall be to assist in determining how high schools are preparing students for successful college and university performance. The report produced pursuant to this subsection shall annually be furnished to the state board of education for reporting pursuant to subsection 4 of section 161.610 and shall not be used for any other purpose **until such time that a standard process and consistent, specific criteria for determining a student's need for remedial coursework is agreed upon by the coordinating board for higher education, higher education institutions, and the state board of education**.

2. The procedures shall be designed so that the reporting is made by the name of each high school in the state, with individual student data to be grouped according to the high school from which the students graduated. The data in the reports shall be disaggregated by race and sex. The procedures shall not be designed so that the reporting contains the name of any student. No grade point average shall be disclosed under subsection 3 of this section in any case where three or fewer students from a particular high school attend a particular college or university.

3. The data reported shall include grade point averages after the initial college year, calculated on, or adjusted to, a four point grade scale; the percentage of students returning to college after the first and second half of the initial college year, or after each trimester of the initial college year; the percentage of students taking noncollege level classes in basic academic courses during the first college year, or remedial courses in basic academic subjects of English, mathematics, or reading; and other such data as determined by rule and regulation of the coordinating board for higher education.

4. The department of elementary and secondary education shall conduct a review of its policies and procedures relating to remedial education in light of the best practices in remediation identified as required by subdivision (6) of subsection 2 of section 173.005 to ensure that school districts are informed about best practices to reduce the need for remediation. The department shall present its results to the joint committee on education by October 31, 2017."; and

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall ..... (name of county/city) impose a (countywide/citywide) sales tax at a rate of (insert rate) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city that imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Early Childhood Education Sales Tax Trust Fund" and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund that are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized under section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions under sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required under sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided under section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount

required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided under sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the county or city) repeal the sales tax imposed at a rate of ..... (insert rate) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check redeemed from receipts due the county or city.

9. The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

SIXTY-NINTH DAY, WEDNESDAY, MAY 11, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Lead me in Thy truth and teach me: for Thou art the God of my salvation: on Thee do I wait all the day. (Psalm 25:5)

O God Almighty, who does not change in a world of changes, who is forever loving, forever forgiving, and forever patient, amid the tensions of this final week we would enter the peace of Your presence, receive the strength of Your spirit, and go forth to labor with You in making this State a better place where we all can live together in humility.

Help us to build in Missouri a rule of peace and justice, a reign of human rights where there shall be no hunger, no discrimination, no lack of education, and a State where we can grow not only in body, but even more in mind and, best of all, in faith.

Grant us wisdom and courage that we may not fail the citizens of this State nor You.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ella Cardwell, Ava Cardwell, Charleston Marie Kinne, Caleb Jones, and Hayden Backes.

The Journal of the sixty-eighth day was approved as printed.

AMEND House Committee Substitute for Senate Bill No. 676, Page 8, Section 84.514, Line 8, by inserting immediately after all of said line the following:

"94.900. 1. (1) The governing body of the following cities may impose a tax as provided in this section:

(a) Any city of the third classification with more than ten thousand eight hundred but less than ten thousand nine hundred inhabitants located at least partly within a county of the first classification with more than one hundred eighty-four thousand but less than one hundred eighty-eight thousand inhabitants;

(b) **Any city of the third classification with more than four thousand five hundred but fewer than five thousand inhabitants and located in any county of the first classification with more than ninety-two thousand but fewer than one hundred one thousand inhabitants;**

(c) Any city of the fourth classification with more than eight thousand nine hundred but fewer than nine thousand inhabitants;

[(c)**]** **(d)** Any city of the fourth classification with more than two thousand six hundred but fewer than two thousand seven hundred inhabitants and located in any county of the first classification with more than eighty-two thousand but fewer than eighty-two thousand one hundred inhabitants;

[(d)**]** **(e)** Any home rule city with more than forty-eight thousand but fewer than forty-nine thousand inhabitants;

[(e)**]** **(f)** Any home rule city with more than seventy-three thousand but fewer than seventy-five thousand inhabitants.

(2) The governing body of any city listed in subdivision (1) of this subsection is hereby authorized to impose, by ordinance or order, a sales tax in the amount of up to one-half of one percent on all retail sales made in such city which are subject to taxation under the provisions of sections 144.010 to 144.525 for the purpose of improving the public safety for such city, including but not limited to expenditures on equipment, city employee salaries and benefits, and facilities for police, fire and emergency medical providers. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax pursuant to the provisions of this section shall be effective unless the governing body of the city submits to the voters of the city, at a county or state general, primary or special election, a proposal to authorize the governing body of the city to impose a tax.

2. If the proposal submitted involves only authorization to impose the tax authorized by this section, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the city of ..... (city's name) impose a citywide sales tax of ..... (insert amount) for the purpose of improving the public safety of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal submitted pursuant to this subsection, then the ordinance or order and any amendments thereto shall be in effect on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a proposal receives less than the required majority, **in any city of the third classification with more than four thousand five hundred but fewer than five thousand inhabitants and located in any county of the first**

classification with more than ninety-two thousand but fewer than one hundred one thousand inhabitants, then the governing body of the city shall have no power to impose the sales tax herein authorized**. If a proposal receives less than the required majority, then the governing body of any other city shall have no power to impose the sales tax herein authorized** unless and until the governing body of the city shall again have submitted another proposal to authorize the governing body of the city to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section.

3. All revenue received by a city from the tax authorized under the provisions of this section shall be deposited in a special trust fund and shall be used solely for improving the public safety for such city for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or is terminated by any means, all funds remaining in the special trust fund shall be used solely for improving the public safety for the city. Any funds in such special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other city funds.

5. All sales taxes collected by the director of the department of revenue under this section on behalf of any city, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "City Public Safety Sales Tax Trust Fund". The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of the general revenue fund. The director of the department of revenue shall keep accurate records of the amount of money in the trust and which was collected in each city imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director of the department of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax; such funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters.

6. The director of the department of revenue may make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the department of revenue of the action at least ninety days prior to the effective date of the repeal and the director of the department of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director of the department of revenue shall remit the balance in the account to the city and close the account of that city. The director of the department of revenue shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

7. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section."; and

2. 2. (1) A medical cannabis cultivation and production facility's cultivation process shall be deemed valid if every harvest batch that it produced during a twelve-week period passed all contaminant tests required by subsection 3 of this section, including at least twelve test batches that were submitted at least six days apart and contained samples from entirely different harvest batches.

(2) A facility's production process shall be deemed valid if every production batch that it produced during a four-week period passed all contaminant tests required by subsection 3 of this section, including at least four test batches that were submitted at least six days apart which contained samples from entirely different production batches.

3. (1) Each harvest batch of medical cannabis and production batch of medical cannabis concentrate and medical cannabis product shall be tested for microbial contamination by a medical cannabis testing facility. 4. (1) The division may require additional tests to be conducted on a harvest batch or production batch prior to a facility wholesaling, transferring, or processing into a medical cannabis concentrate or medical cannabis product any medical cannabis, medical cannabis concentrate, or medical cannabis product from such harvest batch or production batch. Additional tests may include, but not be limited to, screening for pesticides, harmful chemicals, adulterants, or other types of microbials, molds, filth, or residual solvents.

(2) (a) A production batch of medical cannabis concentrate shall be considered exempt from subdivision (1) of this subsection if the facility that produced it does not wholesale or transfer any portion of the production batch and it uses the entire production batch to manufacture medical cannabis product; except that, a solvent-based medical cannabis concentrate produced using butane, propane, ethanol, isopropanol, acetone, or heptane shall still be submitted for a residual solvent contaminant test.

(b) A facility shall not be required to have residual solvent testing conducted on the product batch of a solvent-based medical cannabis concentrate if only CO2 was used during the production of the medical cannabis concentrate.

5. (1) (a) If a facility makes a material change to its cultivation or production process, such facility shall have the first five harvest batches or production batches produced using the new standard operating procedures tested for all of the contaminants required by subsection 3 of this section regardless of whether its process has been previously validated. (b) It shall be considered a material change if a facility begins using a new or different pesticide during its cultivation process, and the first five harvest batches produced using the new or different pesticide shall also be tested for pesticide.

(c) It shall be considered a material change if a facility begins using a new or different solvent or combination of solvents.

(d) A facility that makes a material change shall notify the medical cannabis testing facility that conducts contaminant testing on the first five harvest batches or production batches produced using the new standard operating procedures.

The division or local licensing authority shall provide notice of suspension, revocation, fine, or other sanction, as well as the required notice of the hearing under subsection 1 of this section by mailing the same in writing to the licensee at the address contained in the license. Except in the case of a summary suspension under section 195.984, a suspension shall not be for a longer period than six months. If a license is suspended or revoked, a part of the fees paid therefore shall not be returned to the licensee. Any license or permit may be summarily suspended by the issuing licensing authority without notice, pending any prosecution, investigation, or public hearing under the terms of section 195.984. Nothing in this section shall prevent the summary suspension of a license under section 195.984. Each patient registered with a medical cannabis center that has had its license summarily suspended may immediately transfer his or her primary center to another licensed medical cannabis center.

3. (1) Whenever a decision of the division or a local licensing authority suspending a license for fourteen days or less becomes final, the licensee may, before the operative date of the suspension, petition for permission to pay a fine in lieu of having the license suspended for all or part of the suspension period. Upon the receipt of the petition, the division or local licensing authority may, in its sole discretion, stay the proposed suspension and cause any investigation to be made which it deems desirable and may, in its sole discretion, grant the petition if the division or local licensing authority is satisfied that:

(a) The public welfare and morals shall not be impaired by permitting the licensee to operate during the period set for suspension and that the payment of the fine shall achieve the desired disciplinary purposes;

(b) The books and records of the licensee are kept in such a manner that the loss of sales that the licensee would have suffered had the suspension gone into effect may be determined with reasonable accuracy; and

(c) The licensee has not had his or her license suspended or revoked, nor had any suspension stayed by payment of a fine, during the two years immediately preceding the date of the motion or complaint that resulted in a final decision to suspend the license or permit.

(2) The fine accepted shall be not less than five hundred dollars nor more than one hundred thousand dollars.

(3) Payment of a fine under the provisions of this subsection shall be in the form of cash or in the form of a certified check or cashier's check made payable to the division or local licensing authority, whichever is appropriate.

4. Upon payment of the fine under subsection 3 of this section, the division or local licensing authority shall enter its further order permanently staying the imposition of the suspension. If the fine is paid to a local licensing authority, the governing body of the authority shall cause the moneys to be paid into the general fund of the local licensing authority. Fines paid to the division under subsection 3 of this section shall be transmitted to the state treasurer who shall credit the same to the medical cannabis license cash fund created in section 195.963.

5. In connection with a petition under subsection 3 of this section, the authority of the division or local licensing authority is limited to the granting of such stays as are necessary for the authority to complete its investigation and make its findings and, if the authority makes such findings, to the granting of an order permanently staying the imposition of the entire suspension or that portion of the suspension not otherwise conditionally stayed.

6. If the division or local licensing authority does not make the findings required in subdivision (1) of subsection 3 of this section and does not order the suspension permanently stayed, the suspension shall go into effect on the operative date finally set by the division or local licensing authority.

7. Each local licensing authority shall report all actions taken to impose fines, suspensions, and revocations to the division in a manner required by the division. No later than January fifteenth of each year, the division shall compile a report of the preceding year's actions in which fines, suspensions, or revocations were imposed by local licensing authorities and by the division. The division shall file one copy of the report with the chief clerk of the house of representatives, one copy with the secretary of the senate, and six copies in the legislative library.

195.975. 1. Each licensee shall keep a complete set of all records necessary to show fully the business transactions of the licensee, all of which shall be open at all times during business hours for the inspection and examination of the division or its duly authorized representatives. The division may require any licensee to furnish such information as it considers necessary for the proper administration of this section and may require an audit to be made of the books of account and records on such occasions as it may consider necessary by an auditor to be selected by the division who shall likewise have access to all books and records of the licensee, and the expense thereof shall be paid by the licensee.

2. The licensed premises, including any places of storage where medical cannabis is grown, stored, cultivated, sold, or dispensed, shall be subject to inspection by the division or local licensing authorities and their investigators, during all business hours and other times of apparent activity, for the purpose of inspection or investigation. For examination of any inventory or books and records required to be kept by the licensees, access shall be required during business hours. Where any part of the licensed premises consists of a locked area, upon demand to the licensee, such area shall be made available for inspection without delay, and, upon request by authorized representatives of the division or local licensing authority, the licensee shall open the area for inspection.

3. Each licensee shall retain all books and records necessary to show fully the business transactions of the licensee for a period of the current tax year and the three immediately prior tax years.

(b) If a licensee or a licensee's employee has reasonable cause to believe that a person is exhibiting a fraudulent patient registry identification card in an attempt to obtain medical cannabis, the licensee or employee shall be authorized to confiscate the fraudulent patient registry identification card, if possible, and shall, within seventy-two hours after the confiscation, turn it over to the department of health and senior services or local law enforcement agency. The failure to confiscate the fraudulent patient registry identification card or to turn it over to the department or a state or local law enforcement agency within seventy-two hours after the confiscation shall not constitute a criminal offense;

10. Only licensed medical cannabis cultivation and production facilities may cultivate medical cannabis.

11. If a patient raises an affirmative defense to prosecution under sections 195.900 to 195.985, the patient's physician shall certify the specific amounts in excess of an adequate supply that are necessary to address the patient's debilitating medical condition and why such amounts are necessary. A patient who asserts this affirmative defense shall waive confidentiality privileges related to the condition or conditions that were the basis for the recommendation. If a patient, primary caregiver, or physician raises an exception to the state criminal laws, the patient, primary caregiver, or physician waives the confidentiality of his or her records related to the condition or conditions that were the basis for the recommendation maintained by the department for the medical cannabis program. Upon request of a law enforcement agency for such records, the department shall only provide records pertaining to the individual raising the exception, and shall redact all other patient, primary caregiver, or physician identifying information.

12. (1) Except as provided in subdivision (2) of this subsection, the department shall establish a basic fee that shall be paid at the time of service of any subpoena upon the department, plus a fee for meals and a fee for mileage at the rate prescribed for state officers and employees, for each mile actually and necessarily traveled in going to and returning from the place named in the subpoena. If the person named in the subpoena is required to attend the place named in the subpoena for more than one day, there shall be paid, in advance, a sum to be established by the department for each day of attendance to cover the expenses of the person named in the subpoena.

(2) The subpoena fee established under subdivision (1) of the subsection shall not be applicable to any federal, state, or local governmental agency.

13. The department may collect fees from patients who apply to the medical cannabis program for a cannabis registry identification card for the purpose of offsetting the department's direct and indirect costs of administering the program. The amount of such fees shall be set by rule of the department. The amount of the fees set under this section shall reflect the actual direct and indirect costs of the department in the administration and enforcement of this section. All fees collected by the department through the medical cannabis program shall be transferred to the state treasurer who shall credit the same to the medical cannabis program account within the medical cannabis license cash fund created in section 195.963.

195.982. No individual or health care entity organized under the laws of this state shall be subject to any adverse action by the state or any agency, board, or subdivision thereof, including civil or criminal prosecution, denial of any right or privilege, the imposition of a civil or administrative penalty or sanction, or disciplinary action by any accreditation or licensing board or commission if such individual or employee or agent of the health care entity, in its normal course of business and within its applicable licenses and regulations, recommends the use of medical cannabis to an eligible patient and certifies a debilitating medical condition for an applicant to the medical cannabis program under sections 195.900 to 195.985.

195.984. 1. (1) The division of alcohol and tobacco control may summarily suspend a license issued under sections 195.900 to 195.985 prior to a hearing in order immediately to stop or restrict operations by a licensee to protect the public health, safety, or welfare. The division may rescind or amend a summary suspension.

(2) If, based upon inspection, affidavits, or other evidence, the division determines that a licensee or the products prepared by a licensee pose an immediate or serious threat to the public health, safety, or welfare, the division may summarily suspend a license:

(a) Requiring cessation or restriction of any or all licensee operations and prohibiting the use of medical cannabis produced by such licensee; or

(b) Placing restrictions on a licensee to the extent necessary to avert a continued threat, pending final investigation results.

(3) The requirements of the summary suspension shall remain in effect until the division rescinds or amends such requirements or until such time as the division takes final action on any related pending complaint and issues a final decision.

2. The department of health and senior services may summarily suspend any registration issued under section 195.981, pending further proceedings for denial of renewal or revocation of a registration, whenever the department finds that the continued registration poses an imminent danger to the public health, safety, or welfare.

195.985. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 195.900 to 195.985 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Sections 195.900 to 195.985 and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

263.250. 1. The plant "marijuana", botanically known as cannabis sativa, is hereby declared to be a noxious weed and all owners and occupiers of land shall destroy all such plants growing upon their land. Any person who knowingly allows such plants to grow on his land or refuses to destroy such plants after being notified to do so shall allow any sheriff or such other persons as designated by the county commission to enter upon any land in this state and destroy such plants.

2. Entry to such lands shall not be made, by any sheriff or other designated person to destroy such plants, until fifteen days' notice by certified mail shall be given the owner or occupant to destroy such plants or a search warrant shall be issued on probable cause shown. In all such instances, the county commission shall bear the cost of destruction and notification.

3. The provisions of this section shall not apply to the authorized production of cannabis plants for purposes of providing medical cannabis under sections 195.900 to 195.985."; and

(2) "Adverse action", any administrative, civil, equitable, or criminal action permitted by a state's laws that may be imposed against licensed EMS personnel by a state EMS authority or state court including, but not limited to, actions against an individual's license, such as revocation, suspension, probation, consent agreement, monitoring or other limitation, or encumbrance on the individual's practice, letters of reprimand or admonition, fines, criminal convictions, and state court judgments enforcing adverse actions by the state EMS authority;

(3) "Certification", the successful verification of entry-level cognitive and psychomotor competency using a reliable, validated, and legally defensible examination;

(4) "Commission", the national administrative body of which all states that have enacted the compact are members;

(18) "State", any state, commonwealth, district, or territory of the United States;

334.1503. 1. Any member state in which an individual holds a current license shall be deemed a home state for purposes of this compact.

2. Any member state may require an individual to obtain and retain a license to be authorized to practice in the member state under circumstances not authorized by the privilege to practice under the terms of this compact.

3. A home state's license authorizes an individual to practice in a remote state under the privilege to practice only if the home state:

(1) Currently requires the use of the National Registry of Emergency Medical Technicians (NREMT) examination as a condition of issuing initial licenses at the EMT and paramedic levels;

(2) Has a mechanism in place for receiving and investigating complaints about individuals;

(3) Notifies the commission in compliance with the terms herein of any adverse action or significant investigatory information regarding an individual;

(4) No later than five years after activation of the compact, requires a criminal background check of all applicants for initial licensure, including the use of the results of fingerprint or other biometric data checks compliant with the requirements of the Federal Bureau of Investigation, with the exception of federal employees who have suitability determination in accordance with 731 CFR 202, and submit documentation of such as promulgated in the rules of the commission; and

2. To exercise the privilege to practice under the terms and provisions of this compact, an individual shall:

(1) Be at least eighteen years of age;

(2) Possess a current unrestricted license in a member state as an EMT, AEMT, paramedic, or state recognized and licensed level with a scope of practice and authority between EMT and paramedic; and

(3) Practice under the supervision of a medical director.

3. An individual providing patient care in a remote state under the privilege to practice shall function within the scope of practice authorized by the home state unless and until modified by an appropriate authority in the remote state, as may be defined in the rules of the commission.

4. Except as provided in subsection 3 of this section, an individual practicing in a remote state shall be subject to the remote state's authority and laws. A remote state may, in accordance with due process and that state's laws, restrict, suspend, or revoke an individual's privilege to practice in the remote state and may take any other necessary actions to protect the health and safety of its citizens. If a remote state takes action, it shall promptly notify the home state and the commission.

5. If an individual's license in any home state is restricted, suspended, or revoked, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

6. If an individual's privilege to practice in any remote state is restricted, suspended, or revoked, the individual shall not be eligible to practice in any remote state until the individual's privilege to practice is restored.

334.1509. An individual may practice in a remote state under a privilege to practice only in the performance of the individual's EMS duties as assigned by an appropriate authority, as defined in the rules of the commission, and under the following circumstances:

(2) The individual originates in the home state and enters a remote state to pick up a patient and provides care and transport of the patient to the home state;

(3) The individual enters a remote state to provide patient care or transport within that remote state;

(4) The individual enters a remote state to pick up a patient and provides care and transport to a third member state; or

(5) Other conditions as determined by rules promulgated by the commission.

334.1512. Upon a member state's governor's declaration of a state of emergency or disaster that activates the Emergency Management Assistance Compact (EMAC), all relevant terms and provisions of EMAC shall apply, and to the extent any terms or provisions of this compact conflict with EMAC, the terms of EMAC shall prevail with respect to any individual practicing in the remote state in response to such declaration.

334.1515. 1. Member states shall consider a veteran, active military service member, or member of the National Guard and Reserves separating from an active duty tour, or a spouse thereof, who holds a current, valid, and unrestricted NREMT certification at or above the level of the state license being sought as satisfying the minimum training and examination requirements for such licensure.

2. Member states shall expedite the process of licensure applications submitted by veterans, active military service members, or members of the National Guard and Reserves separating from an active duty tour or their spouses.

3. All individuals functioning with a privilege to practice under this section remain subject to the adverse actions provisions of section 334.1518.

334.1518. 1. A home state shall have exclusive power to impose adverse action against an individual's license issued by the home state.

2. If an individual's license in any home state is restricted, suspended, or revoked, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

(1) All home state adverse action orders shall include a statement that the individual's compact privileges are inactive. The order may allow the individual to practice in remote states with prior written authorization from both the home state and the remote state's EMS authority.

(2) An individual currently subject to adverse action in the home state shall not practice in any remote state without prior written authorization from both the home state and remote state's EMS authority.

3. A member state shall report adverse actions and any occurrences that the individual's compact privileges are restricted, suspended, or revoked to the commission in accordance with the rules of the commission.

4. A remote state may take adverse action on an individual's privilege to practice within that state.

5. Any member state may take adverse action against an individual's privilege to practice in that state based on the factual findings of another member state, so long as each state follows its own procedures for imposing such adverse action.

6. A home state's EMS authority shall investigate and take appropriate action with respect to reported conduct in a remote state as it would if such conduct had occurred within the home state. In such cases, the home state's law shall control in determining the appropriate adverse action.

7. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states shall require individuals who enter any alternative programs to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

334.1521. A member state's EMS authority, in addition to any other powers granted under state law, is authorized under this compact to:

(1) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a member state's EMS authority for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the remote state by any court of competent jurisdiction according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state EMS authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located; and

(2) Issue cease and desist orders to restrict, suspend, or revoke an individual's privilege to practice in the state.

334.1524. 1. The compact states hereby create and establish a joint public agency known as the interstate commission for EMS personnel practice.

(1) The commission is a body politic and an instrumentality of the compact states.

(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his or her designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the member state in which the vacancy exists. In the event that more than one board, office, or other agency with the legislative mandate to license EMS personnel at and above the level of EMT exists, the governor of the state will determine which entity will be responsible for assigning the delegate.

(1) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws, and shall otherwise have an opportunity to participate in the business and affairs of the commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

(2) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(3) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 334.1530.

(4) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(a) Noncompliance of a member state with its obligations under the compact;

(b) The employment, compensation, discipline or other personnel matters, practices, or procedures related to specific employees, or other matters related to the commission's internal personnel practices and procedures;

(c) Current, threatened, or reasonably anticipated litigation;

(d) Negotiation of contracts for the purchase or sale of goods, services, or real estate;

(e) Accusing any person of a crime or formally censuring any person;

(f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(g) Disclosure of information of a personal nature if disclosure would constitute a clearly unwarranted invasion of personal privacy;

(h) Disclosure of investigatory records compiled for law enforcement purposes;

(i) Disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or

(j) Matters specifically exempted from disclosure by federal or member state statute.

(5) If a meeting or portion of a meeting is closed under this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the delegates, prescribe bylaws and rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact including, but not limited to:

(1) Establishing the fiscal year of the commission;

(2) Providing reasonable standards and procedures:

(3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the membership votes to close a meeting in whole or in part. As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;

(4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;

(5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission;

(6) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;

(7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations;

(8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;

(9) The commission shall maintain its financial records in accordance with the bylaws; and

(10) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

4. The commission shall have the following powers:

(1) The authority to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding on all member states;

(2) To bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state EMS authority or other regulatory body responsible for EMS personnel licensure to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept, or contract for services of personnel, including, but not limited to, employees of a member state;

(5) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(6) To accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that at all times the commission shall strive to avoid any appearance of impropriety and conflict of interest;

(7) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, real, personal, or mixed; provided that at all times the commission shall strive to avoid any appearance of impropriety;

(8) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(9) To establish a budget and make expenditures;

(10) To borrow money;

(11) To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

(12) To provide and receive information from, and to cooperate with, law enforcement agencies;

(13) To adopt and use an official seal; and

(14) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of EMS personnel licensure and practice.

5. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity for any claim, damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of the person.

334.1527. 1. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

2. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

(1) Identifying information;

(2) Licensure data;

(3) Significant investigatory information;

(4) Adverse actions against an individual's license;

(5) An indicator that an individual's privilege to practice is restricted, suspended, or revoked;

(6) Nonconfidential information related to alternative program participation;

(7) Any denial of application for licensure and the reasons for such denial; and

(8) Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

3. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

4. Member states contributing information to the coordinated database may designate information that shall not be shared with the public without the express permission of the contributing state.

5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

334.1530. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each member state EMS authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting at which the rule will be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested parties may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments which shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons;

(2) A governmental subdivision or agency; or

(3) An association having at least twenty-five members.

8. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or member state funds;

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1533. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default or any other action to be taken by the commission; and

(2) Providing remedial training and specific technical assistance regarding the default.

5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

14. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1536. 1. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

5. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1539. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies."; and

Standards for accreditation of community colleges shall be formulated with due consideration given to curriculum offerings and entrance requirements of the University of Missouri**; and**

(10) Establish a standard core curriculum and a common course numbering equivalency matrix for lower-division courses to be used at community colleges and other public institutions of higher education to facilitate student transfers as provided under sections 178.785 to 178.789.

178.785. The provisions of sections 178.785 to 178.789 shall be known and may be cited as the "Higher Education Core Curriculum Transfer Act". For purposes of sections 178.785 to 178.789, the following terms mean:

(1) "Coordinating board", the coordinating board for higher education established in section 173.005;

(2) "Core curriculum", the basic competencies to be met, which shall include communicating, higher-order thinking, managing information, valuing, and includes the knowledge areas of social and behavioral sciences, humanities and fine arts, mathematics, and life and physical sciences;

The coordinating board for higher education, with the assistance of an advisory committee composed of representatives from each public community college in this state and each public four-year institution of higher education, shall develop a recommended lower division core curriculum of forty-two semester credit hours, including a statement of the content, component areas, and objectives of the core curriculum. A majority of the members of the advisory committee shall be faculty members from Missouri public institutions of higher education.

2. The coordinating board shall approve a common course numbering equivalency matrix for the forty-two credit hour block at all institutions of higher education in the state to facilitate the transfer of those courses among institutions of higher education by promoting consistency in course designation and course identification. Each community college and four-year institution of higher education shall include in its course listings the applicable course numbers from the common course numbering equivalency matrix approved by the coordinating board under this subsection.

3. The coordinating board shall complete the requirements of subsections 1 and 2 of this section prior to January 1, 2018, for implementation of the core curriculum transfer recommendations for the 2018-19 academic year for all public institutions of higher education.

178.787. 1. Each community college, as defined in section 163.191, and public four-year institution of higher education shall adopt the forty-two credit hour block, including specific courses comprising the curriculum, based on the core curriculum recommendations made by the coordinating board for higher education under subsections 1 and 2 of section 178.786, for implementation beginning in the 2018-19 academic year.

2. 3. A student who transfers from one public institution of higher education to another public institution of higher education in the state without completing the core curriculum of the sending institution shall receive academic credit from the receiving institution for each of the courses that the student has successfully completed in the core curriculum of the sending institution. Following receipt of credit for these courses, the student may be required to satisfy further course requirements in the core curriculum of the receiving institution.

178.788. 1. The coordinating board for higher education, in consultation with the advisory board established in section 178.786, shall develop criteria to evaluate the transfer practices of each public institution of higher education in this state and shall evaluate the transfer practices of each institution based on this criteria.

The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with rules promulgated by the coordinating board. "160.545. 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and

(3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that**

applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they meet the other requirements of such subsection. For purposes of subdivision (5) of subsection 2 of this section, the nonpublic school shall be included in the partnership plan developed by the public school district in which the nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the nonpublic school shall establish measurable performance standards for the goals of the program for every school and grade level over which the nonpublic school maintains control.

4. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

[4.**] 5.** By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

[5.**] 6.** For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

[6.**] 7.** For any school year, grants authorized by subsections 1, 2, and **[**4**] 5** of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection **[**7**] 8** of this section.

[7.**] 8.** The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection **[**9**] 10** of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a **[**public**]** high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section; except that, students who are active duty military dependents, and students who are dependents of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the department of higher education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of the department; and

SB 897, relating to payments due by collectors, was taken up by Representative Crawford.

Representative Burlison offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Bill No. 897, Page 1, In the Title, Line 3, by deleting all of said line and inserting in lieu thereof the words "to property tax."; and

Further amend said bill, page, Section A, Line 2, by inserting after all of said section and line the following:

"137.016. 1. As used in Section 4(b) of Article X of the Missouri Constitution, the following terms mean:

(1) "Residential property", all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include **hotel, motel, or tourist courts as defined in section 66.500 or** other similar facilities used primarily for transient housing. **Residential property that is not primarily used for transient housing shall be assessed at the commercial rate for those days actually rented to transient guests.** For the purposes of this section, "transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution. Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in Subclasses (1) and (2) of Section 4(b) of Article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to Article X of the State Constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to Article X, Subsection 2 of Section 6 of the Constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

(1) Immediate prior use, if any, of such property;

(2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution."; and

4. No expenditure reported pursuant to this section shall include any amount expended by a lobbyist or lobbyist principal on himself or herself. All expenditures disclosed

pursuant to this section shall be valued on the report at the actual amount of the payment made, or the charge, expense, cost, or obligation, debt or bill incurred by the lobbyist or the person the lobbyist represents. Whenever a lobbyist principal employs more than one lobbyist, expenditures of the lobbyist principal shall not be reported by each lobbyist, but shall be reported by one of such lobbyists. No expenditure shall be made on behalf of a state senator or state representative, or such public official's staff, employees, spouse, or dependent children for travel or lodging outside the state of Missouri unless such travel or lodging was approved prior to the date of the expenditure by the administration and accounts committee of the house or the administration committee of the senate.

7. No person shall knowingly employ any person who is required to register as a registered lobbyist but is not registered pursuant to this section. Any person who knowingly violates this subsection shall be subject to a civil penalty in an amount of not more than ten thousand dollars for each violation. Such civil penalties shall be collected by action filed by the commission.

8. Any lobbyist found to knowingly omit, conceal, or falsify in any manner information required pursuant to this section shall be guilty of a class A misdemeanor.

9. The prosecuting attorney of Cole County shall be reimbursed only out of funds specifically appropriated by the general assembly for investigations and prosecutions for violations of this section.

10. Any public official or other person whose name appears in any lobbyist report filed pursuant to this section who contests the accuracy of the portion of the report applicable to such person may petition the commission for an audit of such report and shall state in writing in such petition the specific disagreement with the contents of such report. The commission shall investigate such allegations in the manner described in section 105.959. If the commission determines that the contents of such report are incorrect, incomplete or erroneous, it shall enter an order requiring filing of an amended or corrected report.

11. The commission shall provide a report listing the total spent by a lobbyist for the month and year to any member or member-elect of the general assembly, judge or judicial officer, or any other person holding an elective office of state government or any elected local government official on or before the twentieth day of each month. For the purpose of providing accurate information to the public, the commission shall not publish information in either written or electronic form for ten working days after providing the report pursuant to this subsection. 4. No expenditure reported pursuant to this section shall include any amount expended by a lobbyist or lobbyist principal on himself or herself. All expenditures disclosed pursuant to this section shall be valued on the report at the actual amount of the payment made, or the charge, expense, cost, or obligation, debt or bill incurred by the lobbyist or the person the lobbyist represents. Whenever a lobbyist principal employs more than one lobbyist, expenditures of the lobbyist principal shall not be reported by each lobbyist, but shall be reported by one of such lobbyists. No expenditure shall be made on behalf of a state senator or state representative, or such public official's staff, employees, spouse, or dependent children for travel or lodging outside the state of Missouri unless such travel or lodging was approved prior to the date of the expenditure by the administration and accounts committee of the house or the administration committee of the senate.

8. No lobbyist shall knowingly omit, conceal, or falsify in any manner information required pursuant to this section.

9. The prosecuting attorney of Cole County shall be reimbursed only out of funds specifically appropriated by the general assembly for investigations and prosecutions for violations of this section.

10. Any public official or other person whose name appears in any lobbyist report filed pursuant to this section who contests the accuracy of the portion of the report applicable to such person may petition the commission for an audit of such report and shall state in writing in such petition the specific disagreement with the contents of such report. The commission shall investigate such allegations in the manner described in section 105.959. If the commission determines that the contents of such report are incorrect, incomplete or erroneous, it shall enter an order requiring filing of an amended or corrected report.

11. The commission shall provide a report listing the total spent by a lobbyist for the month and year to any member or member-elect of the general assembly, judge or judicial officer, or any other person holding an elective office of state government or any elected local government official on or before the twentieth day of each month. For the purpose of providing accurate information to the public, the commission shall not publish information in either written or electronic form for ten working days after providing the report pursuant to this subsection. The commission shall not release any portion of the lobbyist report if the accuracy of the report has been questioned pursuant to subsection 10 of this section unless it is conspicuously marked "Under Review".

"94.900. 1. (1) The governing body of the following cities may impose a tax as provided in this section:

(a) Any city of the third classification with more than ten thousand eight hundred but less than ten thousand nine hundred inhabitants located at least partly within a county of the first classification with more than one hundred eighty-four thousand but less than one hundred eighty-eight thousand inhabitants;

(c) Any city of the fourth classification with more than eight thousand nine hundred but fewer than nine thousand inhabitants;

[(c)**] (d)** Any city of the fourth classification with more than two thousand six hundred but fewer than two thousand seven hundred inhabitants and located in any county of the first classification with more than eighty-two thousand but fewer than eighty-two thousand one hundred inhabitants;

[(d)**] (e)** Any home rule city with more than forty-eight thousand but fewer than forty-nine thousand inhabitants;

[(e)**] (f)** Any home rule city with more than seventy-three thousand but fewer than seventy-five thousand inhabitants.

(2) The governing body of any city listed in subdivision (1) of this subsection is hereby authorized to impose, by ordinance or order, a sales tax in the amount of up to one-half of one percent on all retail sales made in such city which are subject to taxation under the provisions of sections 144.010 to 144.525 for the purpose of improving the public safety for such city, including but not limited to expenditures on equipment, city employee salaries and benefits, and facilities for police, fire and emergency medical providers. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax pursuant to the provisions of this section shall be effective unless the governing body of the city submits to the voters of the city, at a county or state general, primary or special election, a proposal to authorize the governing body of the city to impose a tax.

2. If the proposal submitted involves only authorization to impose the tax authorized by this section, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the city of ..... (city's name) impose a citywide sales tax of ..... (insert amount) for the purpose of improving the public safety of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal submitted pursuant to this subsection, then the ordinance or order and any amendments thereto shall be in effect on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a proposal receives less than the required majority, **in any city of the third classification with more than four thousand five hundred but fewer than five thousand inhabitants and located in any county of the first classification with more than ninety-two thousand but fewer than one hundred one thousand inhabitants,** then the governing body of the city shall have no power to impose the sales tax herein authorized**. If a proposal receives less than the required majority, then the governing body of any other city shall have no power to impose the sales tax herein authorized** unless and until the governing body of the city shall again have submitted another proposal to authorize the governing body of the city to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section.

3. All revenue received by a city from the tax authorized under the provisions of this section shall be deposited in a special trust fund and shall be used solely for improving the public safety for such city for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or is terminated by any means, all funds remaining in the special trust fund shall be used solely for improving the public safety for the city. Any funds in such special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other city funds.

5. All sales taxes collected by the director of the department of revenue under this section on behalf of any city, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "City Public Safety Sales Tax Trust Fund". The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of the general revenue fund. The director of the department of revenue shall keep accurate records of the amount of money in the trust and which was collected in each city imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director of the department of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax; such funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters.

6. The director of the department of revenue may make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the department of revenue of the action at least ninety days prior to the effective date of the repeal and the director of the department of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director of the department of revenue shall remit the balance in the account to the city and close the account of that city. The director of the department of revenue shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

7. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

SEVENTIETH DAY, THURSDAY, MAY 12, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Eye hath not seen, nor ear heard, the things which God hath prepared for them that love Him. (I Corinthians 2:9)

Our God in Heaven and on Earth, from whom all thoughts of truth and love proceed; kindle in our hearts and in the hearts of all citizens a real love for the truth and a deep concern for justice.

Guide with Your wisdom those who lead our State, our Speaker, the Members of this House of Representatives, and all who work with them under the dome of this Capitol, that in all good will Your kingdom may go forward and Your will be done on earth.

Make real in our hearts the spirit of Your love; strengthen us by Your power; draw us closer to You and, in doing so, bind us together in a firm and a faithful bond of unity entire, whole and perfect!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Quinn Thomas, Isabelle Marie LaFaver and Caroline Hope LaFaver.

The Journal of the sixty-ninth day was approved as printed by the following vote:

(3) The defendant's age, maturity, intellectual capacity, and mental and emotional health and development at the time of the offense;

(4) The defendant's background, including his or her family, home, and community environment;

(5) The likelihood for rehabilitation of the defendant;

(6) The extent of the defendant's participation in the offense;

(7) The effect of familial pressure or peer pressure on the defendant's actions;

(8) The nature and extent of the defendant's prior criminal history, including whether the offense was committed by a person with a prior record of conviction for murder in the first degree, or one or more serious assaultive criminal convictions;

(9) The effect of characteristics attributable to the defendant's youth on the defendant's judgment; and

(10) A statement by the victim or the victim's family member as provided by section 557.041 until December 31, 2016, and beginning January 1, 2017, section 595.229.

565.034. 1. If the state intends to seek a sentence of life without eligibility for probation or parole for a person charged with murder in the first degree who was under the age of eighteen at the time of the commission of the offense, the state must file with the court and serve upon the person a written notice of intent to seek life without eligibility for probation or parole. This notice shall be provided within one hundred twenty days of the person's arraignment upon an indictment or information charging the person with murder in the first degree. For good cause shown, the court may extend the period for service and filing of the notice. Any notice of intent to seek life without eligibility for probation or parole shall include a listing of the statutory aggravating circumstances, as provided by subsection 6 of this section, upon which the state will rely in seeking that sentence.

2. Notwithstanding any other provisions of law, where the state files a notice of intent to seek life without eligibility for probation or parole pursuant to this section, the defendant shall be entitled to an additional sixty days for the purpose of filing new motions or supplementing pending motions.

3. A notice of intent to seek life without eligibility for probation or parole pursuant to this section may be withdrawn at any time by a written notice of withdrawal filed with the court and served upon the defendant. Once withdrawn, the notice of intent to seek life without eligibility for probation or parole shall not be refiled.

4. After the state has filed a proper notice of intent to seek life without eligibility for probation or parole pursuant to this section, the trial shall proceed in two stages before the same trier. At the first stage the trier shall decide only whether the person is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the trier at the first stage.

5. If the trier at the first stage of the trial finds the person guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared.

6. A person found guilty of murder in the first degree who was under the age of eighteen at the time of the commission of the offense is eligible for a sentence of life without eligibility for probation or parole only if a unanimous jury, or a judge in a jury-waived sentencing, finds beyond a reasonable doubt that:

(1) The victim received physical injuries personally inflicted by the defendant and the physical injuries inflicted by the defendant caused the death of the victim; and

(2) The defendant was found guilty of first degree murder and one of the following aggravating factors was present:

(a) The defendant has a previous conviction for first degree murder, assault in the first degree, rape in the first degree, or sodomy in the first degree;

(c) The murder was committed as part of an agreement with a third party that the defendant was to receive money or any other thing of monetary value in exchange for the commission of the offense;

(d) The defendant inflicted severe pain on the victim for the pleasure of the defendant or for the purpose of inflicting torture;

(e) The defendant killed the victim after he or she was bound or otherwise rendered helpless by the defendant or another person;

(f) The defendant, while killing the victim or immediately thereafter, purposely mutilated or grossly disfigured the body of the victim by an act or acts beyond that necessary to cause his or her death;

(g) The defendant, while killing the victim or immediately thereafter, had sexual intercourse with the victim or sexually violated him or her;

(h) The defendant killed the victim for the purposes of causing suffering to a third person; or

(i) The first degree murder was committed against a current or former: judicial officer, prosecuting attorney or assistant prosecuting attorney, law enforcement officer, firefighter, state or local corrections officer; or against a witness or potential witness to a past or pending investigation or prosecution, during or because of the exercise of their official duty or status as a witness.";

House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 663, Page 46, Section 400.9-501, Line 30, by inserting after all of said section and line the following:

"400.9-516. (a) Except as otherwise provided in subsection (b), communication of a record to a filing office and tender of the filing fee or acceptance of the record by the filing office constitutes filing.

(b) Filing does not occur with respect to a record that a filing office refuses to accept because:

(1) The record is not communicated by a method or medium of communication authorized by the filing office;

(2) An amount equal to or greater than the applicable filing fee is not tendered;

(3) The filing office is unable to index the record because:

(A) In the case of an initial financing statement, the record does not provide a name for the debtor;

(B) In the case of an amendment or information statement, the record:

(i) Does not identify the initial financing statement as required by section 400.9-512 or 400.9-518, as applicable; or

(ii) Identifies an initial financing statement whose effectiveness has lapsed under section 400.9-515;

(C) In the case of an initial financing statement that provides the name of a debtor identified as an individual or an amendment that provides a name of a debtor identified as an individual which was not previously provided in the financing statement to which the record relates, the record does not identify the debtor's surname; or

(D) In the case of a record filed or recorded in the filing office described in section 400.9-501(a)(1), the record does not provide a sufficient description of the real property to which it relates;

(4) In the case of an initial financing statement or an amendment that adds a secured party of record, the record does not provide a name and mailing address for the secured party of record;

(5) In the case of an initial financing statement or an amendment that provides a name of a debtor which was not previously provided in the financing statement to which the amendment relates, the record does not:

(A) Provide a mailing address for the debtor; or

(B) Indicate whether the name provided as the name of the debtor is the name of an individual or an organization;

(6) In the case of an assignment reflected in an initial financing statement under section 400.9-514(a) or an amendment filed under section 400.9-514(b), the record does not provide a name and mailing address for the assignee; **or**

(7) In the case of a continuation statement, the record is not filed within the six-month period prescribed by section 400.9-515(d);

(8) The secretary of state has reasonable cause to believe the record is materially false or fraudulent; or

(9) The record on its face reveals, based on factors such as whether the debtor and the secured party are substantially the same person, the individual debtor is a transmitting utility, or whether the collateral described is within the scope of this chapter, that the record is being filed for a purpose other than a transaction that is within the scope of this chapter. This includes a record that asserts a claim against a current or former employee or officer of a federal, state, county, or other local governmental unit that relates to the performance of the officer's or employee's public duties, and for which the filer does not hold a properly executed security agreement or judgment from a court of competent jurisdiction.

(c) For purposes of subsection (b):

(1) A record does not provide information if the filing office is unable to read or decipher the information; **and**

(2) A record that does not indicate that it is an amendment or identify an initial financing statement to which it relates, as required by section 400.9-512, 400.9-514 or 400.9-518, is an initial financing statement; and

(3) A document, instrument, or record shall be presumed to be materially false or fraudulent if the document, instrument, or record is filed by an offender or on behalf of an offender. This presumption may be rebutted by providing the secretary of state the original or a copy of a sworn and notarized document signed by the obligor, debtor, or owner of the property designated as collateral stating that the person entered into a security agreement with the offender and authorized the filing of the instrument as provided in section 400.9-509. For the purposes of this subdivision the term "offender" shall have the same definition as provided in section 217.010, except, it shall only include inmates in the custody of the department of corrections.

(d) A record that is communicated to the filing office with tender of the filing fee, but which the filing office refuses to accept for a reason other than one set forth in subsection (b), is effective as a filed record except as against a purchaser of the collateral which gives value in reasonable reliance upon the absence of the record from the files.

(e) In the alternative to the provisions of sections 428.105 through 428.135, if an information statement filed with the secretary of state under section 400.9-518 alleges that a previously filed record was wrongfully filed, the secretary of state shall, without undue delay, determine whether the contested record was wrongfully filed. To determine whether the record was wrongfully filed, the secretary of state may require the person who filed the information statement or the secured party to provide any additional relevant information, including an original or copy of wrongfully filed, the secretary of state shall terminate the record and the record shall be void and ineffective. The secretary of state shall notify the secured party named in the contested record of the termination."; and

Further amend said bill, Page 56, Section 479.020, Line 40, by inserting after all of said line the following:

"486.245. **1.** The county clerk shall keep a register, listing the name and address of each person to whom he awards a notary commission and the date upon which he awards the commission. Within thirty days after receiving a bond, signature and oath, the county clerk shall forward the bond, signature and oath to the secretary of state by certified mail. All such bonds, signatures and oaths shall be preserved permanently by the secretary of state.

2. The secretary of state shall maintain a database that includes but is not limited to information that is contained on each notary's seal or any lost seal of a notary public.

486.275. **1.** At the time of notarization a notary public shall sign his **or her** official signature on each notary certificate.

2. If a signature or record is required to be notarized, acknowledged, verified, or made under oath, notwithstanding the provisions of section 486.285 to the contrary, the requirement is satisfied if the electronic signature of the person authorized to perform such acts, together with all other information required to be included, is attached to, or logically associated with the signature or record.

3. The secretary of state shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

486.285. 1. **(1) A manufacturer of a notary public's seal shall register with the secretary of state and communicate to the secretary of state when it has issued a seal to a person in this state. After such communication, the secretary of state shall approve any seal issued by the manufacturer within ten days.**

(2) A copy of the notary's commission shall be maintained by such manufacturer.

(3) If a manufacturer violates the provisions of this subsection, the manufacturer shall be subject to a one thousand dollar fine for each violation.

2. Each notary public shall provide, keep, and use a seal which is either an engraved embosser seal or a black inked rubber stamp seal to be used on the document being notarized. The seal shall contain the notary's name exactly as indicated on the commission and the words "Notary Seal", "Notary Public", and "State of Missouri" and, after August 28, 2004, the commission number assigned by the secretary of state, provided that the notary public has been issued a commission number by the secretary of state, all of which shall be in print not smaller than eight-point type.

[2.**] 3.** The indentations made by the seal embosser or printed by the black inked rubber stamp seal shall not be applied on the notarial certificate or document to be notarized in a manner that will render illegible or incapable of photographic reproduction any of the printed marks or writing on the certificate or document.

[3.**] 4.** Every notary shall keep an official notarial seal that is the exclusive property of the notary and the seal may not be used by any other person or surrendered to an employer upon termination of employment.

486.305. **1.** Any notary public who loses or misplaces his **or her** journal of notarial acts or official seal shall **[**forthwith mail or deliver**] immediately provide written** notice of the fact to the secretary of state. **For a lost or misplaced official seal, upon receipt of the written notice, the secretary of state shall issue the notary a new commission number for the notary to order a new seal. The secretary of state may post notice on the secretary of state's website notifying the general public that the lost or misplaced notary seal and commission number of such notary is invalid and is not an acceptable notary commission number.**

2. If a notary public's official seal is destroyed, broken, damaged, or otherwise rendered inoperable, the notary shall immediately provide written notice of that fact to the secretary of state.

(2) The receiving entity shall, upon receipt of a filing or record that has been noted as a suspicious filing or record, notify the chief law enforcement officer or his or her designee of the county and the prosecutor or his or her designee of the county of the filing's or record's existence within two business days of the filing or record having been received. This notification may be accomplished via electronic mail or via paper memorandum.

This probable cause statement shall be filed in the associate or circuit court of the county in which the original filing or record was transferred, received, or recorded.

8. There shall be no requirement imposed by this section that the agency receiving the filing or record shall notify the person conducting the filing that the filing or record has been entered as a noted filing

or record. If a filing or record is deemed invalid, court costs and fees are the responsibility of the party who initiated the filing or record. If the filing or record is deemed valid, no court costs or fees, in addition to standard filing fees, shall be assessed.

9. A filed petition under this section shall have an initial hearing date within twenty business days of the petition being filed with the court. A court ruling of "invalid" shall be evidence that the original filing or record was not accurate, true, or correct. A court ruling of "invalid" shall be retained or recorded at the original receiving entity. The receiving entity shall waive all filing or recording fees associated with the filing or recording of the court ruling document in this subsection. This ruling may be forwarded to credit bureaus or other institutions at the request of the petitioner via motion to the applicable court at no additional cost to the petitioner."; and

*****"577.037. 1. Upon the trial of any person for any criminal offense or violations of county or municipal ordinances, or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302, arising out of acts alleged to have been committed by any person while operating a vehicle, vessel, or aircraft, or acting as a flight crew member of any aircraft, while in an intoxicated condition or with an excessive blood alcohol content, the amount of alcohol in the person's blood at the time of the act, as shown by any chemical analysis of the person's blood, breath, saliva, or urine, is admissible in evidence and the provisions of subdivision (5) of section 491.060 shall not prevent the admissibility or introduction of such evidence if otherwise admissible.

2. If a chemical analysis of the defendant's breath, blood, saliva, or urine demonstrates there was eight-hundredths of one percent or more by weight of alcohol in the person's blood, this shall be prima facie evidence that the person was intoxicated at the time the specimen was taken. If a chemical analysis of the defendant's breath, blood, saliva, or urine demonstrates that there was less than eight-hundredths of one percent of alcohol in the defendant's blood, any charge alleging a criminal offense related to the operation of a vehicle, vessel, or aircraft while in an intoxicated condition or with an excessive blood alcohol content shall be dismissed with prejudice unless one or more of the following considerations cause the court to find a dismissal unwarranted:

(1) There is evidence that the chemical analysis is unreliable as evidence of the defendant's intoxication at the time of the alleged violation due to the lapse of time between the alleged violation and the obtaining of the specimen;

(2) There is evidence that the defendant was under the influence of a controlled substance, or drug, or a combination of either or both with or without alcohol; or

(3) There is substantial evidence of intoxication from physical observations of witnesses or admissions of the defendant.

3. Percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood or grams of alcohol per two hundred ten liters of breath.

4. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether the person was intoxicated.

5. A chemical analysis of a person's breath, blood, saliva or urine, in order to give rise to the presumption or to have the effect provided for in subsection 2 of this section, shall have been performed as provided in sections 577.020 to 577.041 and in accordance with methods and standards approved by the state department of health and senior services.

6. For any criminal offense or violations of county or municipal ordinances, or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302, arising out of acts alleged to have been committed by any person while operating a vehicle, vessel, or aircraft, or acting as a flight crew member of any aircraft, while in an intoxicated condition or with an excessive blood alcohol content occurring on or between the dates of December 30, 2012, and April 4, 2014, notwithstanding any other provision of law or regulation, a relevant chemical analysis of a person's breath shall be admissible in all proceedings after the effective date of this act, if the standard simulator solutions used to verify and calibrate evidential breath analyzers, had a vapor concentration within five percent of the following values:

(1) 0.10%;

(2) 0.08%; or

(3) 0.04%;

and otherwise was in accordance with methods and standards approved by the state department of health and senior services. This provision is a procedural rule and applies to all actions in progress whether commenced before or after the effective date of this act. Such chemical breath analysis shall be admissible in all proceedings after the effective date of this act even if the offense occurred before the effective date of this act.

7. It is the intent of the legislature to reverse, overturn and abrogate earlier case law interpretations related to the admissibility of chemical breath analyses to include, but not be limited to, holdings in Stiers v. Dir. of Revenue, No. SC4840 (Mo. Jan. 12, 2016); and Stiers v. Dir. of Revenue, ED 101407, 2015 WL 343310 (Mo.App. E.D. Jan. 27, 2015).

577.037. 1. Upon the trial of any person for violation of any of the provisions of section 565.024, or section 565.060, or section 577.010 or 577.012, or upon the trial of any criminal action or violations of county or municipal ordinances or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302 arising out of acts alleged to have been committed by any person while driving a motor vehicle while in an intoxicated condition, the amount of alcohol in the person's blood at the time of the act alleged as shown by any chemical analysis of the person's blood, breath, saliva or urine is admissible in evidence and the provisions of subdivision (5) of section 491.060 shall not prevent the admissibility or introduction of such evidence if otherwise admissible. If there was eight-hundredths of one percent or more by weight of alcohol in the person's blood, this shall be prima facie evidence that the person was intoxicated at the time the specimen was taken.

5. Any charge alleging a violation of section 577.010 or 577.012 or any county or municipal ordinance prohibiting driving while intoxicated or driving under the influence of alcohol shall be dismissed with prejudice if a chemical analysis of the defendant's breath, blood, saliva, or urine performed in accordance with sections 577.020 to 577.041 and rules promulgated thereunder by the state department of health and senior services demonstrate that there was less than eight-hundredths of one percent of alcohol in the defendant's blood unless one or more of the following considerations cause the court to find a dismissal unwarranted:

(1) There is evidence that the chemical analysis is unreliable as evidence of the defendant's intoxication at the time of the alleged violation due to the lapse of time between the alleged violation and the obtaining of the specimen;

(2) There is evidence that the defendant was under the influence of a controlled substance, or drug, or a combination of either or both with or without alcohol; or

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 663, Pages 60-61, Section 563.031, Lines 1-42, by deleting all of said lines and inserting in lieu thereof the following:

"563.031. 1. A person may, subject to the provisions of subsection 2 of this section, use physical force upon another person when and to the extent he or she reasonably believes such force to be necessary to defend himself or herself or a third person from what he or she reasonably believes to be the use or imminent use of unlawful force by such other person, unless:

(1) The actor was the initial aggressor; except that in such case his or her use of force is nevertheless justifiable provided:

(a) He or she has withdrawn from the encounter and effectively communicated such withdrawal to such other person but the latter persists in continuing the incident by the use or threatened use of unlawful force; or

(b) He or she is a law enforcement officer and as such is an aggressor pursuant to section 563.046; or

(c) The aggressor is justified under some other provision of this chapter or other provision of law;

(2) Under the circumstances as the actor reasonably believes them to be, the person whom he or she seeks to protect would not be justified in using such protective force;

(3) The actor was attempting to commit, committing, or escaping after the commission of a forcible felony.

2. A person may not use deadly force upon another person under the circumstances specified in subsection 1 of this section unless:

(1) He or she reasonably believes that such deadly force is necessary to protect himself, or herself or her unborn child, or another against death, serious physical injury, or any forcible felony;

(2) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter a dwelling, residence, or vehicle lawfully occupied by such person; or

(3) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter private property that is owned or leased by an individual**, or is occupied by an individual who has been given specific authority by the property owner to occupy the property,** claiming a justification of using protective force under this section.

3. A person **who is not engaged in an unlawful activity** does not have a duty to retreat from **[**a dwelling, residence, or vehicle where the person is not unlawfully entering or unlawfully remaining. A person does not have a duty to retreat from private property that is owned or leased by such individual**] any place he or she has a right to be**.

4. The justification afforded by this section extends to the use of physical restraint as protective force provided that the actor takes all reasonable measures to terminate the restraint as soon as it is reasonable to do so.

5. The defendant shall have the burden of injecting the issue of justification under this section. If a defendant asserts that his or her use of force is described under subdivision (2) of subsection 2 of this section, the burden shall then be on the state to prove beyond a reasonable doubt that the defendant did not reasonably believe that the use of such force was necessary to defend against what he or she reasonably believed was the use or imminent use of unlawful force."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, FRIDAY, MAY 13, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

As I was with Moses, so I will be with you: I will not fail you or forsake you. (Joshua 1:5)

O Glorious God, by whose mercy we have come to the start of another day, grant that we may enter it with humble and grateful hearts. Confirm us in our resolution to walk more closely with You in Your way and to labor more faithfully for the good of our citizens and the peace of our State. Thus, may this year be a better year and our State a better State because we lived, worked, and prayed during these past months.

Bless our Speaker and each member of this House of Representatives, their staffs and families. Looking forward, may they feel the support of Your grace, be sustained by our affection, and find security in their faith in You and in our State. Bless those who leave this House as their terms come to a conclusion, either by choice or by term limits. Guided by Your Spirit, may we walk along the path that shines more and more unto the perfect day of Your heavenly kingdom.

May Your blessing abide with every person that is present in this chamber today, and when they depart this evening, dismiss them with Your blessings.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Charlotte Virginia McDonald.

The Journal of the seventieth day was approved as printed.

VACANCIES: 001

Speaker Richardson declared the bill passed.

SB 1025, relating to the taxation of instructional classes, was taken up by Representative Koenig.

Representative Hough offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Bill No. 1025, Page 1, In the Title, Line 3, by deleting the words "the taxation of instructional classes" and inserting in lieu thereof the words "sales tax"; and

Further amend said bill, page, Section A, Line 3, by inserting after all of said section and line the following:

"**67.1790. 1. The governing body of any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or any city within such county may impose by order or ordinance a sales tax on all retail sales made within the county or city that are subject to sales tax under chapter 144 for the purpose of funding early childhood education programs in the county or city. The tax shall not exceed one quarter of one percent and shall be imposed solely for the purpose of funding early childhood education programs in the county or city. The tax authorized in this section shall be in addition to all other sales taxes imposed by law and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the county or city submits to the voters residing within the county or city, at a general election, a proposal to authorize the governing body of the county or city to impose a tax under this section.**

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall ..... (name of county/city) impose a (countywide/citywide) sales tax at a rate of (insert rate) percent for the purpose of funding early childhood education in the county or city?

□ YES □ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city that imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Early Childhood Education Sales Tax Trust Fund" and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds and shall not be

commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund that are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized under section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions under sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required under sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided under section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided under sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the county or city) repeal the sales tax imposed at a rate of ..... (insert rate) percent for the purpose of funding early childhood education in the county or city?

□ YES □ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast

on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check redeemed from receipts due the county or city.

9. The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The Benediction was given by Msgr. Robert A. Kurwicki, Chaplain.

Let the people praise Thee, O God; let all the people praise Thee. (Psalm 67:3)

Blessed Lord Our God, who turns the light of day into the shadows of night and gives to us the glory of another evening; we lift our hearts unto You in praise and thanksgiving at the conclusion of this last day of session.

Thanks be to You for the revelation of Yourself in the power of Your Word, in the beauty of nature, in the orderliness of the universe, and in the splendor of triumphant love. Thanks be to You also for the revelation of Yourself in our own hearts, for moments when Your presence has been real and we have known You are with us, our friends and we are with You.

Grateful for this day and session, send us home to do our work as best we can, touching the lives of all people for good. Help us to look at others with the eyes of compassion and endeavor to meet the needs of our people with sympathetic hearts and understanding minds. MESSAGES FROM THE GOVERNOR

May 17, 2016

TO THE CHIEF CLERK OF THE
HOUSE OF REPRESENTATIVES
98TH GENERAL ASSEMBLY
SECOND REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **House Bill No. 1763**, entitled:

"AN ACT"

To amend chapter 375, RSMo, by adding thereto one new section relating to workers' compensation large deductible policies, with an emergency clause.

I disapprove **House Bill No. 1763**. My reasons for disapproval are as follows:

House Bill No. 1763 contains drafting errors that would make an exemption in the bill ineffectual and create ambiguity regarding the rules applicable to the orderly distribution of assets in insurance delinquency proceedings. For those reasons, it cannot receive my approval.

The bill relates to large deductible workers' compensation policies, which are insurance products that obligate an insurer to pay an injured worker's claim in full and then seek reimbursement from the insured for the deductible amount. The drafting error occurs in a provision that exempts certain policies: "Large deductible policies do not include policies, endorsements, or agreements which provide that the initial portion of any covered claim shall be self-insured and further that the insur***ed*** shall have no payment obligation within the self-insured retention." **[**Emphasis added.**]**

Because House Bill No. 1763 uses the term "insured" instead of the term "insurer" when describing the self-insurance policies it seeks to exempt, it incorrectly describes a self-insurance policy as one in which the insured has no obligation to pay the self-insured portion of a policy. Such a description is nonsensical and would fail to exempt the self-insurance policies the legislation seeks to exclude from the bill's reach - namely, policies in which the insured is responsible for the initial portion of any covered claim and the insurer has no payment obligation within the self-insured retention.

Guaranty Associations are statutorily obligated to pay policyholder claims on behalf of insolvent insurance companies. Under House Bill No.1763, Guaranty Associations would be given priority status to collect the reimbursement and the collateral that secures it under those policies, for the amount the Guaranty Associations paid on the deductible portion of a claim. To that extent, the bill would change the current priority in which creditors of insolvent insurance companies are paid, but only for a specific category of assets related to a specific type of policy.

While House Bill No. 1763 is intended to apply to large deductible workers' compensation policies, the typographical error in the bill would frustrate that purpose by inaccurately describing a specific type of policy that is exempt. No only would this technical error fail to exempt self-insurance policies as intended, it would create the potential for much broader and unintended consequences. Insurance insolvencies involve lengthy proceedings where courts must ultimately determine the legal rights of creditors, including injured workers with covered claims, and distribute the assets accordingly. Rules of statutory construction in Missouri require that courts presume that the legislature intended each word, clause, sentence and provision of a statute have effect and be given meaning. Courts also presume that the legislature did not insert superfluous language or idle verbiage in a statute.

By incorrectly describing the elements of a self-insurance policy when attempting to exempt those policies, House Bill No. 1763 would substantively change the intended exemption and create the potential for inconsistent interpretations and unintended outcomes. And, because House Bill No. 1763 contains an emergency clause, the uncertainty that the typographical error would interject into insurance delinquency proceedings would take effect immediately, applying to all pending delinquency proceedings for which there is no final order of liquidation.

Finally, House Bill No. 1763 appears to also contain an omission. The legislation specifically uses the term "large deductible policy" to describe the policies within its purview, which connotes that its provisions are not intended to apply to all deductible policies and that only deductible policies that exceed a certain dollar threshold would be considered "large" for purposes of the bill. Indeed, similar legislation filed during the 2015 legislative session, House Bill No. 609 and Senate Bill No. 402, defined "large deductible policy" as "any policy with a deductible of fifty thousand dollars or more." A monetary trigger would also be consistent with the model language on this subject. However, House Bill No. 1763 fails to include any monetary threshold and thus all deductible policies – regardless of the size of the deductible – would be considered "large" and subject to the provisions of the bill.

House Bill No. 1763 contains errors that would create ambiguity within an already complex area of law dealing with insurance delinquency proceedings. As a result, **House Bill No. 1763** does not receive my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1414** entitled:

"AN ACT"

To amend chapters 261 and 267, RSMo, by adding thereto two new sections relating to agricultural data disclosure.

I disapprove of Senate Committee Substitute for House Bill No. 1414. The reasons for disapproval are as follows:

Senate Committee Substitute for House Bill No. 1414 (House Bill No. 1414) would bar from public disclosure an expansive list of information provided to government agencies by agricultural producers and owners of agricultural land. This veil of secrecy would apply to broad categories of information and data relating to an agricultural operation, farming or conservation practices, environmental or production data, and details on land and farm assets that is received by a government agency in its administration of a myriad of programs, the full extent of which is not defined in the legislation. The implementation and decision-making involved in government programs should be accomplished in an open and transparent manner with limitations on disclosure being narrowly tailored. House Bill No. 1414 would starkly swing the pendulum against the public's right to access information needed to evaluate the expenditures of tax dollars by government agencies and does not receive my approval.

House Bill No. 1414 would shield information and data submitted to a government agency "in connection with such [agricultural] producer or owner's voluntary participation in a program…." The term "program" is not defined in

House Bill No. 1414 and the only limitation in its breadth can be found in the use of the term "voluntary participation." As a result, sweeping amounts of information submitted to government agencies by agricultural interests relating to government programs that are "not compulsory" would be blocked from the public. To illustrate the extreme reach of this bar to disclosure, the government agency receiving the information would be prohibited from sharing the information with employees within the same agency except under limited circumstances laid out in the legislation.

While it is deeply troubling that the General Assembly would erect such a comprehensive barrier to the public having access to information used by its government in the administration of programs funded by the taxpayers, it is particularly offensive that this blanket of secrecy would apply to information submitted to programs that involve the awarding of public funds. For instance, the state's Soil and Water Program awards millions of dollars each year to agricultural interests for a variety of projects. Participation in this program is clearly "voluntary" and, under House Bill No. 1414, information and data submitted by an applicant for an award under the Soil and Water Program would "not be considered a public record and [would] not be subject to disclosure under chapter 610." This is just a single example of the abusive reach of this ill-conceived legislation.

Government must be open and transparent to its citizens. House Bill No. 1414 is an odious effort to shield from our residents otherwise public records relating to various taxpayer funded programs and, in some instances, used by government agencies to award taxpayer funds and will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1414** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432** entitled:

"AN ACT"

To amend chapter 105, RSMo, by adding thereto one new section relating to administrative leave.

I disapprove of Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432 (House Bill No. 1432). My reasons for disapproval are as follows:

House Bill No. 1432 would make significant changes to the process applicable when an employee of the state or a school district is placed on paid administrative leave. The legislation would mandate new notice requirements and pre-determination hearings that, in many instances, are not currently required, and would result in confusing, inconsistent or redundant procedures and encourage additional costly litigation. House Bill No. 1432 will make it more difficult for employers to take disciplinary action against employees that have engaged in malfeasance and will not receive my approval.

House Bill No. 1432 would apply a one-size-fits-all approach to employees on paid administrative leave despite important legal distinctions based on employee's status as a merit employee, at-will employee, "at the pleasure" employee, or employee subject to a particular process or procedure by contract or otherwise. Currently, many employees are not entitled to such a hearing, and are instead limited to appeal rights post-determination. Moreover, some employees, such as those that serve "at the pleasure," are generally not even entitled to appeal rights. Yet, all of those employees would be entitled to new procedural rights if House Bill No. 1432 became effective, even if their negotiated labor or employment contract does not include those rights.

Public entities have no incentive to maintain an employee on paid administrative leave longer than is necessary to gather the facts and make a determination on the employee's future status.

The problems created by imposing arbitrary deadlines would be compounded by the mandate of a pre-determination hearing that, if held prematurely, could result in the retention of an undeserving employee simply because the necessary evidence could not be developed within the time constraints contained in House Bill No. 1432. This mandatory rush to a pre-determination hearing would make efforts to fairly evaluate an employee's conduct and, where appropriate, hold that employee accountable more difficult and would likely lead to costly litigation.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432** without my approval.

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1474** entitled:

"AN ACT"

To repeal section 130.026 as enacted by senate bill no. 844, ninety-fifth general assembly, second regular session, section 130.026 as enacted by senate bill no. 262, eighty-eighth general assembly, first regular session, section

130.057 as enacted by senate bill no. 844, ninety-fifth general assembly, second regular session, and section 130.057 as enacted by house bill no. 676 merged with senate bills nos. 31 & 285, ninety-second general assembly, first regular session, and to enact in lieu thereof two new sections relating to the requirement of filing certain disclosure reports in an electronic format with the Missouri ethics commission.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1474. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1474 would streamline and modernize campaign finance filing requirements to ensure transparency for the public and convenience for candidates. With my action today to enact Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 786 this worthwhile provision will become law, with a delayed effective date of January 1, 2017.

Senate Committee Substitute for House Committee Substitute for House Bill No. 1474 does not receive my approval because its August 28, 2016 effective date would occur during the current election cycle. The January 1, 2017 effective date in Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 786 will provide sufficient time for the Missouri Ethics Commission to implement these changes and prevent confusion among candidates who have already filed under existing law for the current election cycle.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1474** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1631** entitled:

"AN ACT"

To repeal section 115.427, RSMo, and to enact in lieu thereof one new section relating to elections, with a contingent effective date.

I disapprove of House Bill No. 1631. My reasons for disapproval are as follows:

House Bill No. 1631 would require an individual to present a non-expired, state or federal government-issued photo identification in order to vote. Like a similar bill I vetoed in 2011, House Bill No. 1631 would disproportionately impact senior citizens, persons with disabilities, and other individuals who have been lawfully voting since becoming eligible, but do not have the kind of government-issued photo ID that would qualify under House Bill No. 1631. This legislation is such an affront to Missourians' fundamental right to vote that it requires that our Constitution be amended for its voter suppression provisions to become effective. Making voting more difficult for qualified voters and disenfranchising certain classes of people is wrong. I will oppose the constitutional amendment in November and I oppose House Bill No. 1631.

Missouri law already requires that voters provide election authorities with a form of identification in order to vote at the polls. House Bill No. 1631 would erect needless obstacles to voting by requiring that individuals provide election authorities with a non-expired, state or federal government-issued photo ID. A voter with a form of ID allowed under current law would only be permitted to cast a ballot under House Bill No. 1631 if they sign a statement under penalty of perjury that, among other things, requires them to explain why they lack a qualifying government-issued photo ID. The bill would also authorize election authorities to take a picture of voters who appear at the polls without the qualifying ID.

As a result, an elderly person with an expired driver's license would only be allowed to cast a regular ballot if they sign a statement under penalty of perjury, and wait in a separate line to have their picture taken. The same would be true for a person with a disability that prevented them from easily acquiring the specific ID required under the bill. To that extent, House Bill No. 1631 would needlessly cast suspicion on the elderly, disabled, and other individuals who, for a myriad of reasons, do not have the type of government-issued photo ID required under the bill. And, while House Bill No. 1631 ostensibly requires that qualifying IDs and certain supporting documents be provided by state agencies free-of-charge, the bill does nothing to alleviate the time and expense required of Missourians to acquire a qualifying ID. Individuals who do not have a copy of their birth certificate or other necessary documents would still be required to expend their time and resources to obtain those records in order to obtain the qualifying government-issued photo ID.

Importantly, House Bill No. 1631 purports to solve a problem which does not exist. Missouri already has strong protections in place to prevent voter fraud, and voter impersonation fraud is an extremely rare occurrence. Due to the clear and overwhelming evidence that photo ID requirements are not necessary, the proliferation of these laws is widely understood to be motivated by an attempt to suppress turnout among certain classes of voters. Indeed,

research has shown that, when controlling for other factors, photo ID requirements have a negative impact on turnout among racial and ethnic minorities.

Voting is the foundation of our democracy. By casting a ballot, citizens make their voices heard and hold their elected officials accountable. And the more citizens participate in our democracy by going to the polls, the stronger our democracy is. Putting additional and unwarranted barriers between citizens and their ability to vote is wrong and detrimental to our system of government as a whole.

House Bill No. 1631 has the same photo ID requirement that failed to gain my approval in 2011 because it would discourage registered voters who have been voting lawfully their entire adult lives from going to the polls. Disenfranchising voters is unacceptable and will not receive my approval.

In accordance with the above stated reasons for disapproving, I am returning **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1631** without my approval.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1713. The reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1713 (House Bill No. 1713) would shift the balance of power on the Missouri Clean Water Commission away from the public interest and in favor of regulated interests. Specifically, a provision inserted late in the legislative process, and without public hearing, would change the commission membership requirements by eliminating the minimum number of public representatives that are currently mandated, and would allow the commission to operate with no public members. Decreasing the public's voice on this commission that has been involved in overseeing our state's water quality for over 40 years is wrong and cannot receive my support.

Current law requires that four of the seven commission members represent the interests of the public and one member represent publicly owned wastewater treatment works. The remaining two members represent the needs of agriculture, industry or mining. House Bill No. 1713, however, would eliminate the requirement that public representatives comprise four members of the commission. With these changes, the seven member Clean Water Commission could consist of six members from agriculture, industry or mining, and one member representing publicly owned wastewater treatment works. As a result, no members representing the interests of the public would be required. This change would effectively pave the way for regulated interests to seize control of the commission and would eliminate the public's voice in the water quality control efforts under the purview of the commission.

Robust public engagement is a critical component of protecting Missouri's water quality. While there are several worthwhile provisions in House Bill No. 1713 that will become law with my signature of Senate Substitute for House Committee Substitute for House Bill No. 1717, the change to the Missouri Clean Water Commission membership is a blatant attempt to limit public oversight in favor of regulated interests and, for that reason, House Bill No. 1713 cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1713** without my approval.

I disapprove of Senate Substitute for House Bill No. 1733 (House Bill No. 1733). My reasons for disapproval are as follows:

House Bill No. 1733 contains a variety of provisions relating to motor vehicles some of which will become law by my action on other legislation. However, two provisions in House Bill No. 1733 would make our roadways less safe and will not receive my approval. The first provision would authorize contractors and subcontractors of the

Department of Transportation to display emergency lights and is similar, but not identical to, a provision in Senate Bill No. 732. Because the language in House Bill No. 1733 would allow these transportation vehicles to display red and blue lights, colors normally associated with public safety vehicles, the legislation could create danger and confusion to the motoring public and will not receive my approval.

Under current law, motorists are directed to take caution when approaching a vehicle owned by the Department of Transportation displaying amber and white lights. The obvious purpose behind this law is to protect highway workers. The intent of both House Bill No. 1733 and Senate Bill No. 732 is to extend these protections by allowing contractors and subcontractors of the Department of Transportation to similarly display lights on their vehicles while performing work for the department. While Senate Bill No. 732 would allow the use of amber and white lights on these additional vehicles, House Bill No. 1733 would also authorize vehicles of the Department of Transportation as well as their contractors and subcontractors the option of displaying red and blue lights.

Red and blue lights are used by emergency vehicles such as police cars and fire apparatus. Permitting transportation vehicles to also display red and blue lights will cause motorists needless confusion. Adequate protection is afforded by the displaying of amber and white lights and Senate Bill No. 732 will extend that protection to contractors and subcontractors of the Department of Transportation. As a result, the broader lighting options contained in House Bill No. 1733 is not necessary and the legislation does not receive my approval.

A second provision would establish a pilot program for testing automated long-haul trucks – referred to as "platooning" or connected vehicle technology – on Missouri highways. Connected vehicle technology allows multiple long-haul trucks to travel in tandem, with less than fifty feet separation, using wireless and radar-based technology to synchronize the braking and acceleration of the two "platooned" trucks. Automated driving technology has advanced significantly within the last several years; however, the long-term safety and reliability of this technology remains unproven. That fact was tragically highlighted with the recent fatality involving a self-driving passenger vehicle. The risks associated with automated vehicles are even greater considering the size of long-haul trucks and the catastrophic damage that could occur if the technology failed. Using Missouri highways as a testing ground for long-haul trucks to deploy this unproven technology is simply a risk not worth taking at this time.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for House Bill No. 1733** without my approval.

I disapprove of House Bill No. 1870. My reasons for disapproval are as follows:

At a time when many believe that not enough is being done to address illegal immigration, House Bill No. 1870 would take Missouri backwards by undoing an important safeguard currently in place and widely used to verify the legal status of employees and applicants for employment.

In 2008, Missouri passed commonsense legislation to crack down on the use of illegal workers by Missouri businesses. House Bill No. 1549 (2008) made it unlawful for a business entity to "knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri." The legislation further required the use of the E-Verify system, which allows an employer to quickly determine the legal status of an employee or applicant for employment, prior to a business being awarded certain contracts or grants from the state or a political subdivision or receiving any state-administered tax credit, tax abatement or subsidized loan. It is a system that has been used by thousands of employers across Missouri to verify the legal status of their employees and prospective employees. Now, just a few years later, the General Assembly would abandon these principles by allowing an employer to avoid this important safeguard against the employment of undocumented workers if the use of E-Verify, which is offered free of charge, "would result in a substantial difficulty or expense on such business entity." The current law is sound public policy, protects taxpayer dollars, and should remain the law of Missouri.

E-Verify is an internet-based system operated by the United States Citizenship and Immigration Services in partnership with the Social Security Administration and is offered to employers at no charge. The system is easy to use and quickly informs the employer of an individual's employment eligibility. There is nothing challenging or costly about E-Verify that would cause "substantial difficulty or expense" to an employer and any argument to the contrary is frivolous. The E-Verify system protects taxpayers against their tax dollars flowing to businesses that employ unauthorized aliens and efforts, such as House Bill 1870, that would relieve a business seeking public funds from this obligation is profoundly poor public policy.

Government contracts, tax credits and other taxpayer subsidies must not be awarded to businesses that employ illegal workers and the General Assembly's effort to weaken existing safeguards through passage of House Bill No. 1870 will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 1870** without my approval.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1976 (House Bill No. 1976). My reasons for disapproval are as follows:

House Bill No. 1976 would make several changes to existing law relating to motor vehicle extended service contracts including expanding coverage for tire replacement, minor repairs related to dents, chips, or cracks, replacement of motor vehicle keys, and other services approved by the Director of Insurance. While these changes are intended to benefit consumers who purchase extended service contracts by offering more protection, another provision in House Bill No. 1976 harms consumers who cancel their contract.

Under current law, Missouri consumers are required to receive a full refund if they cancel the contract during the initial "free look" period, which is 20 days from the time the contract is issued or mailed, provided that no claims have been made under the contract. House Bill No. 1976 would eliminate that requirement by allowing contract providers the option of crediting the account of a contract holder instead of paying the refund directly to the consumer. For consumers who have no other business with that contract provider, the credit would be unusable and therefore meaningless. Replacing the mandate to directly refund the money with the option of crediting an account is unnecessary, unfair to consumers, and contrary to the intent of the law it seeks to expand, which is to protect consumers from abusive practices by the motor vehicle extended service contract industry. Extended service contracts offer consumers peace of mind. However, House Bill No. 1976 undermines an important right under existing law by allowing contract providers to avoid paying refunds directly to consumers who decide to cancel the contract. I cannot approve of legislation that seeks to eviscerate this critical consumer protection.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1976** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 2030** entitled:

"AN ACT"

To amend chapter 135, RSMo, by adding thereto one new section relating to tax deductions for employee stock ownership plans.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 2030. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 2030 would create new income tax deductions for capital gains realized from the sale or exchange of employer securities in an employee stock ownership plan (ESOP) that are estimated to reduce general revenue collections by as much as $10.3 million annually. Senate Committee Substitute for House Committee Substitute for House Bill No. 2030 is a costly solution in search of a problem.

More and more businesses are choosing to become ESOP companies for a variety of different business reasons. Proponents indicate that businesses with ESOPs are more profitable, grow faster, and are better in recessions. In Missouri, there are over 8,000 employee owners currently. Between 2002 and 2012, the number of participants in S-Corp ESOPs increased by 165%, reaching a historic high of over 600,000 nationwide.

A myriad of tax benefits are already afforded to ESOP companies and their participants. Under current federal law, contributions of cash and stock to the ESOP are tax deductible; contributions used to repay loans taken out by the ESOP to buy company stock are tax deductible; dividends are tax deductible; employees pay no tax on the contributions to the ESOP; for an S-Corporation, the percentage of ownership held by the ESOP in not subject to income tax; and sellers in a C-Corporation can receive a tax deferral.

Which begs the question, why create yet another preferential tax treatment for an activity that is already growing in its frequency? In a fiscal environment in which necessary state services such as education, mental health,

transportation and public safety continue to compete for limited resources, it is irresponsible to forgo millions of dollars in revenue to provide special tax treatment for something that Missouri businesses are already opting to do.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 2030** without my approval.

Herewith I return to you **House Bill No. 2237** entitled:

"AN ACT"

To repeal sections 49.098 and 262.590, RSMo, and to enact in lieu thereof two new sections relating to University of Missouri extension councils.

I disapprove of House Bill No. 2237. My reasons for disapproval are as follows:

House Bill No. 2237 would create significantly more problems than the narrow issue it seeks to solve. The bill is intended to clarify that county commissioners, who serve on various boards as the commission representative, are allowed to vote on funding requests made by those boards to the county commission. While that makes sense, the language in House Bill No. 2237 does not. Instead of simply clarifying that a commissioner's role on a board is not an automatic disqualification for voting on that particular board's funding request, this poorly drafted legislation would render meaningless the entire body of law dealing with financial conflict of interests applicable to county commissioners. This sledgehammer approach to legislative drafting to address a very specific issue will create significant unintended consequences and cannot receive my support.

Missouri statutes contain numerous prohibitions that prevent elected and appointed officials, including county commissioners, from receiving any personal financial gain from their official duties. For example, a county commissioner cannot take part in a decision when the vote would provide them, their spouse, or dependent children a special monetary benefit which is not provided to everyone in the same class, nor can they use their decision-making authority to coerce another person to provide something of monetary value that would enrich the commissioner, their spouse or dependent children. See RSMo Sections 105.452; 105.454.

Yet, House Bill No. 2237 would apply notwithstanding all those laws and require a county commissioner who serves on any board as the commission representative to vote on "*any* funding request submitted to the county commission." That mandate is not limited to only those funding requests submitted by the particular board that the commissioner is duty-bound to serve on but, based on the bill's overly broad language, would require the commissioner to vote on "any funding request," regardless of its origin. This obligation would apply even if the funding request would result in a personal financial gain to the commissioner or his or her immediate family. Indeed, the language in House Bill No. 2237 is mandatory and specifically applies "notwithstanding any provision of the law to the contrary" and would provide the county commissioner no ability to properly recuse from participation in a problematic vote.

The very specific issue that House Bill No. 2237 sought to address pales in comparison to the unintended consequences of invalidating all the conflict of interest laws prohibiting county commissioners from voting on funding requests that involve personal financial gain.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 2237** without my approval.

JOURNAL OF THE HOUSE

VETO SESSION

Second Regular Session, 98th GENERAL ASSEMBLY

WEDNESDAY, SEPTEMBER 14, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Hear my prayer, O Lord, and give ear to my supplications. (Psalm 143)

We thank You, O Lord, for this moment of prayer when we once again turn our attention to You and in all sincerity of mind and heart receive the guidance of Your powerful inspiration during this Veto Session.

Let not the glory of this day, nor the glow of good health, nor the glamour of our position blind us to the seriousness of our tasks and deceive us into thinking that we can depend upon ourselves alone. All we are and all we have is a trust, O Lord, from You. Help us to be wise stewards of Your gifts and to use them for Your glory and to make more secure the freedoms and responsibilities of our state.

This is also a time to say goodbye. We have members who will be leaving the People's House, some by term limits or by personal choice, others by political promotion or by election results. We are grateful for the time spent together in this venerable chamber, where history was made, the people were served, and friendships were formed. We will never forget the great deeds accomplished here nor the sacrifices made personally or politically for the good of our citizens and the glory of this House.

Finally, bless these Representatives today with Your gracious favor, our people with the fruits of Your loving spirit, and all of us together with the faith in democracy that never falters and never fails despite human weaknesses.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

It has been a great privilege to serve as state representative. It has been an honor to serve the great people of the 141st District and work with some really great people I served with on both sides of the aisle in the Missouri House. The many friends I have made while serving in the General Assembly has made this all worthwhile.

MESSAGES FROM THE GOVERNOR

July 8, 2016

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1414** entitled:

"AN ACT"

To amend chapters 261 and 267, RSMo, by adding thereto two new sections relating to agricultural data disclosure.

I disapprove of Senate Committee Substitute for House Bill No. 1414. The reasons for disapproval are as follows:

Senate Committee Substitute for House Bill No. 1414 (House Bill No. 1414) would bar from public disclosure an expansive list of information provided to government agencies by agricultural producers and owners of agricultural land. This veil of secrecy would apply to broad categories of information and data relating to an agricultural operation, farming or conservation practices, environmental or production data, and details on land and farm assets that is received by a government agency in its administration of a myriad of programs, the full extent of which is not defined in the legislation. The implementation and decision-making involved in government programs should be accomplished in an open and transparent manner with limitations on disclosure being narrowly tailored. House Bill No. 1414 would starkly swing the pendulum against the public's right to access information needed to evaluate the expenditures of tax dollars by government agencies and does not receive my approval.

House Bill No. 1414 would shield information and data submitted to a government agency "in connection with such [agricultural] producer or owner's voluntary participation in a program…." The term "program" is not defined in House Bill No. 1414 and the only limitation in its breadth can be found in the use of the term "voluntary participation." As a result, sweeping amounts of information submitted to government agencies by agricultural interests relating to government programs that are "not compulsory" would be blocked from the public. To illustrate the extreme reach of this bar to disclosure, the government agency receiving the information would be prohibited from sharing the information with employees within the same agency except under limited circumstances laid out in the legislation.

While it is deeply troubling that the General Assembly would erect such a comprehensive barrier to the public having access to information used by its government in the administration of programs funded by the taxpayers, it is particularly offensive that this blanket of secrecy would apply to information submitted to programs that involve the awarding of public funds. For instance, the state's Soil and Water Program awards millions of dollars each year to agricultural interests for a variety of projects. Participation in this program is clearly "voluntary" and, under House Bill No. 1414, information and data submitted by an applicant for an award under the Soil and Water Program would "not be considered a public record and [would] not be subject to disclosure under chapter 610." This is just a single example of the abusive reach of this ill-conceived legislation.

Government must be open and transparent to its citizens. House Bill No. 1414 is an odious effort to shield from our residents otherwise public records relating to various taxpayer funded programs and, in some instances, used by government agencies to award taxpayer funds and will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1414** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

June 28, 2016

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432** entitled:

"AN ACT"

To amend chapter 105, RSMo, by adding thereto one new section relating to administrative leave.

I disapprove of Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432 (House Bill No. 1432). My reasons for disapproval are as follows:

House Bill No. 1432 would make significant changes to the process applicable when an employee of the state or a school district is placed on paid administrative leave. The legislation would mandate new notice requirements and pre-determination hearings that, in many instances, are not currently required, and would result in confusing, inconsistent or redundant procedures and encourage additional costly litigation. House Bill No. 1432 will make it more difficult for employers to take disciplinary action against employees that have engaged in malfeasance and will not receive my approval.

House Bill No. 1432 would apply a one-size-fits-all approach to employees on paid administrative leave despite important legal distinctions based on employee's status as a merit employee, at-will employee, "at the pleasure" employee, or employee subject to a particular process or procedure by contract or otherwise. Currently, many employees are not entitled to such a hearing, and are instead limited to appeal rights post-determination. Moreover, some employees, such as those that serve "at the pleasure," are generally not even entitled to appeal rights. Yet, all of those employees would be entitled to new procedural rights if House Bill No. 1432 became effective, even if their negotiated labor or employment contract does not include those rights.

Public entities have no incentive to maintain an employee on paid administrative leave longer than is necessary to gather the facts and make a determination on the employee's future status.

The problems created by imposing arbitrary deadlines would be compounded by the mandate of a pre-determination hearing that, if held prematurely, could result in the retention of an undeserving employee simply because the necessary evidence could not be developed within the time constraints contained in House Bill No. 1432. This mandatory rush to a pre-determination hearing would make efforts to fairly evaluate an employee's conduct and, where appropriate, hold that employee accountable more difficult and would likely lead to costly litigation.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432** without my approval.

Respectfully submitted,

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1474** entitled:

"AN ACT"

To repeal section 130.026 as enacted by senate bill no. 844, ninety-fifth general assembly, second regular session, section 130.026 as enacted by senate bill no. 262, eighty-eighth general assembly, first regular session, section 130.057 as enacted by senate bill no. 844, ninety-fifth general assembly, second regular session, and section 130.057 as enacted by house bill no. 676 merged with senate bills nos. 31 & 285, ninety-second general assembly, first regular session, and to enact in lieu thereof two new sections relating to the requirement of filing certain disclosure reports in an electronic format with the Missouri ethics commission.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1474. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1474 would streamline and modernize campaign finance filing requirements to ensure transparency for the public and convenience for candidates. With my action today to enact Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 786 this worthwhile provision will become law, with a delayed effective date of January 1, 2017.

Senate Committee Substitute for House Committee Substitute for House Bill No. 1474 does not receive my approval because its August 28, 2016 effective date would occur during the current election cycle. The January 1, 2017 effective date in Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 786 will provide sufficient time for the Missouri Ethics Commission to implement these changes and prevent confusion among candidates who have already filed under existing law for the current election cycle.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1474** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1631** (House Bill No. 1631) entitled:

"AN ACT"

To repeal section 115.427, RSMo, and to enact in lieu thereof one new section relating to elections, with a contingent effective date.

I disapprove of House Bill No. 1631. My reasons for disapproval are as follows:

House Bill No. 1631 would require an individual to present a non-expired, state or federal government-issued photo identification in order to vote. Like a similar bill I vetoed in 2011, House Bill No. 1631 would disproportionately impact senior citizens, persons with disabilities, and other individuals who have been lawfully voting since becoming eligible, but do not have the kind of government-issued photo ID that would qualify under House Bill No. 1631. This legislation is such an affront to Missourians' fundamental right to vote that it requires that our Constitution be amended for its voter suppression provisions to become effective. Making voting more difficult for qualified voters and disenfranchising certain classes of people is wrong. I will oppose the constitutional amendment in November and I oppose House Bill No. 1631.

Missouri law already requires that voters provide election authorities with a form of identification in order to vote at the polls. House Bill No. 1631 would erect needless obstacles to voting by requiring that individuals provide election authorities with a non-expired, state or federal government-issued photo ID. A voter with a form of ID allowed under current law would only be permitted to cast a ballot under House Bill No. 1631 if they sign a statement under penalty of perjury that, among other things, requires them to explain why they lack a qualifying government-issued photo ID. The bill would also authorize election authorities to take a picture of voters who appear at the polls without the qualifying ID.

As a result, an elderly person with an expired driver's license would only be allowed to cast a regular ballot if they sign a statement under penalty of perjury, and wait in a separate line to have their picture taken. The same would be true for a person with a disability that prevented them from easily acquiring the specific ID required under the bill. To that extent, House Bill No. 1631 would needlessly cast suspicion on the elderly, disabled, and other individuals who, for a myriad of reasons, do not have the type of government-issued photo ID required under the bill. And, while House Bill No. 1631 ostensibly requires that qualifying IDs and certain supporting documents be provided by state agencies free-of-charge, the bill does nothing to alleviate the time and expense required of Missourians to acquire a qualifying ID. Individuals who do not have a copy of their birth certificate or other necessary documents would still be required to expend their time and resources to obtain those records in order to obtain the qualifying government-issued photo ID.

Importantly, House Bill No. 1631 purports to solve a problem which does not exist. Missouri already has strong protections in place to prevent voter fraud, and voter impersonation fraud is an extremely rare occurrence. Due to the clear and overwhelming evidence that photo ID requirements are not necessary, the proliferation of these laws is widely understood to be motivated by an attempt to suppress turnout among certain classes of voters. Indeed, research has shown that, when controlling for other factors, photo ID requirements have a negative impact on turnout among racial and ethnic minorities.

Voting is the foundation of our democracy. By casting a ballot, citizens make their voices heard and hold their elected officials accountable. And the more citizens participate in our democracy by going to the polls, the stronger our democracy is. Putting additional and unwarranted barriers between citizens and their ability to vote is wrong and detrimental to our system of government as a whole.

House Bill No. 1631 has the same photo ID requirement that failed to gain my approval in 2011 because it would discourage registered voters who have been voting lawfully their entire adult lives from going to the polls. Disenfranchising voters is unacceptable and will not receive my approval.

In accordance with the above stated reasons for disapproving, I am returning **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1631** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill 1713** entitled:

"AN ACT"

To repeal sections 256.437, 256.438, 256.439, 256.440, 256.443, and 644.021, RSMo, and to enact in lieu thereof nine new sections relating to the regulation of water systems, with an emergency clause for a certain section.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1713. The reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1713 (House Bill No. 1713) would shift the balance of power on the Missouri Clean Water Commission away from the public interest and in favor of regulated interests. Specifically, a provision inserted late in the legislative process, and without public hearing, would change the commission membership requirements by eliminating the minimum number of public representatives that are currently mandated, and would allow the commission to operate with no public members. Decreasing the public's voice on this commission that has been involved in overseeing our state's water quality for over 40 years is wrong and cannot receive my support.

Current law requires that four of the seven commission members represent the interests of the public and one member represent publicly owned wastewater treatment works. The remaining two members represent the needs of agriculture, industry or mining. House Bill No. 1713, however, would eliminate the requirement that public representatives comprise four members of the commission. With these changes, the seven member Clean Water Commission could consist of six members from agriculture, industry or mining, and one member representing publicly owned wastewater treatment works. As a result, no members representing the interests of the public would be required. This change would effectively pave the way for regulated interests to seize control of the commission and would eliminate the public's voice in the water quality control efforts under the purview of the commission.

Robust public engagement is a critical component of protecting Missouri's water quality. While there are several worthwhile provisions in House Bill No. 1713 that will become law with my signature of Senate Substitute for House Committee Substitute for House Bill No. 1717, the change to the Missouri Clean Water Commission membership is a blatant attempt to limit public oversight in favor of regulated interests and, for that reason, House Bill No. 1713 cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1713** without my approval.

Herewith I return to you **Senate Substitute for House Bill No. 1733** entitled:

"AN ACT"

To repeal sections 301.067, 302.276, 304.022, 304.044, 304.170, and 307.175, RSMo, section 577.060 as enacted by senate bill no. 491, ninety-seventh general assembly, second regular session, and section 577.060 as enacted by house bill no. 3, eighty-fifth general assembly, first extraordinary session, and to enact in lieu thereof eight new sections relating to the regulation of vehicles, with penalty provisions.

I disapprove of Senate Substitute for House Bill No. 1733 (House Bill No. 1733). My reasons for disapproval are as follows:

House Bill No. 1733 contains a variety of provisions relating to motor vehicles some of which will become law by my action on other legislation. However, two provisions in House Bill No. 1733 would make our roadways less safe and will not receive my approval. The first provision would authorize contractors and subcontractors of the Department of Transportation to display emergency lights and is similar, but not identical to, a provision in Senate Bill No. 732. Because the language in House Bill No. 1733 would allow these transportation vehicles to display red and blue lights, colors normally associated with public safety vehicles, the legislation could create danger and confusion to the motoring public and will not receive my approval.

Under current law, motorists are directed to take caution when approaching a vehicle owned by the Department of Transportation displaying amber and white lights. The obvious purpose behind this law is to protect highway workers. The intent of both House Bill No. 1733 and Senate Bill No. 732 is to extend these protections by allowing contractors and subcontractors of the Department of Transportation to similarly display lights on their vehicles while performing work for the department. While Senate Bill No. 732 would allow the use of amber and white lights on these additional vehicles, House Bill No. 1733 would also authorize vehicles of the Department of Transportation as well as their contractors and subcontractors the option of displaying red and blue lights.

Red and blue lights are used by emergency vehicles such as police cars and fire apparatus. Permitting transportation vehicles to also display red and blue lights will cause motorists needless confusion. Adequate protection is afforded by the displaying of amber and white lights and Senate Bill No. 732 will extend that protection to contractors and subcontractors of the Department of Transportation. As a result, the broader lighting options contained in House Bill No. 1733 are not necessary and the legislation does not receive my approval.

A second provision would establish a pilot program for testing automated long-haul trucks – referred to as "platooning" or connected vehicle technology – on Missouri highways. Connected vehicle technology allows multiple long-haul trucks to travel in tandem, with less than fifty feet separation, using wireless and radar-based technology to synchronize the braking and acceleration of the two "platooned" trucks. Automated driving technology has advanced significantly within the last several years; however, the long-term safety and reliability of this technology remains unproven. That fact was tragically highlighted with the recent fatality involving a self-driving passenger vehicle. The risks associated with automated vehicles are even greater considering the size of long-haul trucks and the catastrophic damage that could occur if the technology failed. Using Missouri highways as a testing ground for long-haul trucks to deploy this unproven technology is simply a risk not worth taking at this time.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for House Bill No. 1733** without my approval.

Herewith I return to you **House Bill No. 1870** entitled:

"AN ACT"

To repeal sections 1.310, 94.360, 143.121, 143.173, and 285.530, RSMo, and to enact in lieu thereof five new sections relating to the collecting of money by public entities.

I disapprove of House Bill No. 1870. My reasons for disapproval are as follows:

At a time when many believe that not enough is being done to address illegal immigration, House Bill No. 1870 would take Missouri backwards by undoing an important safeguard currently in place and widely used to verify the legal status of employees and applicants for employment.

In 2008, Missouri passed commonsense legislation to crack down on the use of illegal workers by Missouri businesses. House Bill No. 1549 (2008) made it unlawful for a business entity to "knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri." The legislation further required the use of the E-Verify system, which allows an employer to quickly determine the legal status of an employee or applicant for employment, prior to a business being awarded certain contracts or grants from the state or a political subdivision or receiving any state-administered tax credit, tax abatement or subsidized loan. It is a system that has been used by thousands of employers across Missouri to verify the legal status of their employees and prospective employees. Now, just a few years later, the General Assembly would abandon these principles by allowing an employer to avoid this important safeguard against the employment of undocumented workers if the use of E-Verify, which is offered free of charge, "would result in a substantial difficulty or expense on such business entity." The current law is sound public policy, protects taxpayer dollars, and should remain the law of Missouri.

E-Verify is an internet-based system operated by the United States Citizenship and Immigration Services in partnership with the Social Security Administration and is offered to employers at no charge. The system is easy to use and quickly informs the employer of an individual's employment eligibility. There is nothing challenging or costly about E-Verify that would cause "substantial difficulty or expense" to an employer and any argument to the contrary is frivolous. The E-Verify system protects taxpayers against their tax dollars flowing to businesses that employ unauthorized aliens and efforts, such as House Bill 1870, that would relieve a business seeking public funds from this obligation is profoundly poor public policy.

Government contracts, tax credits and other taxpayer subsidies must not be awarded to businesses that employ illegal workers and the General Assembly's effort to weaken existing safeguards through passage of House Bill No. 1870 will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 1870** without my approval.

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1976** entitled:

"AN ACT"

To repeal sections 304.154, 385.200, 385.206, 385.300, and 385.306, RSMo, and to enact in lieu thereof seven new sections relating to motor vehicle services, with penalty provisions.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1976 (House Bill No. 1976). My reasons for disapproval are as follows:

House Bill No. 1976 would make several changes to existing law relating to motor vehicle extended service contracts including expanding coverage for tire replacement, minor repairs related to dents, chips, or cracks, replacement of motor vehicle keys, and other services approved by the Director of Insurance. While these changes are intended to benefit consumers who purchase extended service contracts by offering more protection, another provision in House Bill No. 1976 harms consumers who cancel their contract.

Under current law, Missouri consumers are required to receive a full refund if they cancel the contract during the initial "free look" period, which is 20 days from the time the contract is issued or mailed, provided that no claims have been made under the contract. House Bill No. 1976 would eliminate that requirement by allowing contract providers the option of crediting the account of a contract holder instead of paying the refund directly to the consumer. For consumers who have no other business with that contract provider, the credit would be unusable and therefore meaningless. Replacing the mandate to directly refund the money with the option of crediting an account is unnecessary, unfair to consumers, and contrary to the intent of the law it seeks to expand, which is to protect consumers from abusive practices by the motor vehicle extended service contract industry. Extended service contracts offer consumers peace of mind. However, House Bill No. 1976 undermines an important right under existing law by allowing contract providers to avoid paying refunds directly to consumers who decide to cancel the contract. I cannot approve of legislation that seeks to eviscerate this critical consumer protection.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1976** without my approval.

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 2030** entitled:

"AN ACT"

To amend chapter 135, RSMo, by adding thereto one new section relating to tax deductions for employee stock ownership plans.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 2030. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 2030 would create new income tax deductions for capital gains realized from the sale or exchange of employer securities in an employee stock ownership plan (ESOP) that are estimated to reduce general revenue collections by as much as $10.3 million annually. Senate Committee Substitute for House Committee Substitute for House Bill No. 2030 is a costly solution in search of a problem.

More and more businesses are choosing to become ESOP companies for a variety of different business reasons. Proponents indicate that businesses with ESOPs are more profitable, grow faster, and are better in recessions. In Missouri, there are over 8,000 employee owners currently. Between 2002 and 2012, the number of participants in S-Corp ESOPs increased by 165%, reaching a historic high of over 600,000 nationwide.

A myriad of tax benefits are already afforded to ESOP companies and their participants. Under current federal law, contributions of cash and stock to the ESOP are tax deductible; contributions used to repay loans taken out by the ESOP to buy company stock are tax deductible; dividends are tax deductible; employees pay no tax on the contributions to the ESOP; for an S-Corporation, the percentage of ownership held by the ESOP in not subject to income tax; and sellers in a C-Corporation can receive a tax deferral.

Which begs the question, why create yet another preferential tax treatment for an activity that is already growing in its frequency? In a fiscal environment in which necessary state services such as education, mental health, transportation and public safety continue to compete for limited resources, it is irresponsible to forgo millions of dollars in revenue to provide special tax treatment for something that Missouri businesses are already opting to do.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 2030** without my approval.

Herewith I return to you **House Bill No. 2237** entitled:

"AN ACT"

To repeal sections 49.098 and 262.590, RSMo, and to enact in lieu thereof two new sections relating to University of Missouri extension councils.

I disapprove of House Bill No. 2237. My reasons for disapproval are as follows:

House Bill No. 2237 would create significantly more problems than the narrow issue it seeks to solve. The bill is intended to clarify that county commissioners, who serve on various boards as the commission representative, are allowed to vote on funding requests made by those boards to the county commission. While that makes sense, the language in House Bill No. 2237 does not. Instead of simply clarifying that a commissioner's role on a board is not an automatic disqualification for voting on that particular board's funding request, this poorly drafted legislation would render meaningless the entire body of law dealing with financial conflict of interests applicable to county commissioners. This sledgehammer approach to legislative drafting to address a very specific issue will create significant unintended consequences and cannot receive my support.

Missouri statutes contain numerous prohibitions that prevent elected and appointed officials, including county commissioners, from receiving any personal financial gain from their official duties. For example, a county commissioner cannot take part in a decision when the vote would provide them, their spouse, or dependent children a special monetary benefit which is not provided to everyone in the same class, nor can they use their decision-making authority to coerce another person to provide something of monetary value that would enrich the commissioner, their spouse or dependent children. See RSMo Sections 105.452; 105.454.

Yet, House Bill No. 2237 would apply notwithstanding all those laws and require a county commissioner who serves on any board as the commission representative to vote on "*any* funding request submitted to the county commission." That mandate is not limited to only those funding requests submitted by the particular board that the commissioner is duty-bound to serve on but, based on the bill's overly broad language, would require the commissioner to vote on "any funding request," regardless of its origin. This obligation would apply even if the funding request would result in a personal financial gain to the commissioner or his or her immediate family. Indeed, the language in House Bill No. 2237 is mandatory and specifically applies "notwithstanding any provision of the law to the contrary" and would provide the county commissioner no ability to properly recuse from participation in a problematic vote.

The very specific issue that House Bill No. 2237 sought to address pales in comparison to the unintended consequences of invalidating all the conflict of interest laws prohibiting county commissioners from voting on funding requests that involve personal financial gain.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 2237** without my approval.

MESSAGES FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Jeremiah W. (Jay) Nixon.

PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly "whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in "equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly "when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based."

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the Ninety-Eighth General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that the rate of expenditure for the appropriation lines in the fiscal year 2017 budget contained in Exhibit A attached hereto is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that, at the conclusion of fiscal year 2016, the appropriation lines in the fiscal year 2016 budget contained in Exhibit B attached hereto were permanently reduced as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2016 budget.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 27th day of July, 2016.
